Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1973 **Blacks in Gold Rush California** Rudolph M. Lapp, 1977-01-01 Examines the lives of the thousands of free blacks and slaves who migrated to the California gold fields after 1848 and studies their relationships with other minorities and with whites **General History of Drugs Volume 3 Part 2** Antonio Escobedo, 2023-07-27 Drugs History Nineteenth Century Twentieth Century morphine opium cocaine ether cannabis De Quincey Gautier Malraux *Before L.A.* David Samuel Torres-Rouff, 2013-09-24 David Torres Rouff significantly expands borderlands history by examining the past and original urban infrastructure of one of America's most prominent cities its social spatial and racial divides and boundaries and how it came to be the Los Angeles we know today It is a fascinating study of how an innovative intercultural community developed along racial lines and how immigrants from the United States engineered a profound shift in civic ideals and the physical environment creating a social and spatial rupture that endures to this day **Who's who in America** John William Leonard, Albert Nelson Marquis, 1919 Vols 28 30 accompanied by separately published parts with title Indices and necrology **John Randolph Haynes** Tom Sitton, 1992 For four decades John Randolph Haynes 1853 1937 was in the forefront of social reform crusades and political action in Los Angeles and California with his most important legacies in the fields of direct legislation and public ownership of utilities He was the individual most responsible for the adoption of the initiative referendum and recall in Los Angeles in 1902 and in California in 1911 His vigilant protection of these measures thereafter and his promotion of direct legislation throughout the nation earned him the title father of direct legislation in California From 1910 until his death Haynes's chief priority was to shape the Los Angeles Department of Water and Power into a glowing example of public ownership of utilities Today LADWP operates the world's largest municipal water and electrical power generation and distribution system continuing to serve the needs of an ever growing region whose extent even Haynes could not have envisaged In many ways Haynes is an enigma He was not a typical progressive having amassed a fortune in his medical practice and in real estate mining and other capitalistic ventures However he spent a large portion of his wealth to promote a form of gradual democratic socialism in the United States Haynes advocated the transformation of the nation's economy and government yet he campaigned for morality laws that limited personal freedom Haynes's motivation was not social status or money both of which he had before his conversion to social reform Nor was it political power he never ran for office except as a temporary freeholder or created a personal political machine His primary motive was a perhaps arrogant yet honest desire to aid in the creation of a more just society by improving the living and working conditions of the less fortunate In one way or another Haynes participated in all the major social and political events that shaped California and Los Angeles in a most dynamic era of their development In a broader sense Haynes's life serves as a yardstick with which to measure other progressives of his time and as a key for understanding the motivation of those idealists who helped shape our present political institutions
