Stolen Gods:

Stealing from the Gods Isabel K. Köster, 2026-01-07 *Stealing from the Gods* investigates how authors writing between the first century BCE and second century CE addressed the issue of temple robbery or sacrilegium. As a self-proclaimed empire of pious people, the Romans viewed temple robbery as deeply un-Roman and among the worst of offenses. On the other hand, given the constant financial pressures of warfare and administration, it was inevitable that the Romans would make use of the riches stored in sanctuaries. In order to resolve this dilemma, the Romans distinguished sharply between acceptable and unacceptable removals of sacred property. When those who conducted themselves as proper Romans plundered the property of the gods, their actions were for the good of the state. In contrast, the temple robber was viewed as a stranger to the norms of Roman society and an enemy of the state. Ancient authors including Cicero, Caesar, Livy, Appian, and Pausanias present isolated, grotesque individuals whose actions have no bearing on the conduct of Romans as a whole, rendering temple robbery not a matter of collective responsibility but of individual moral failure. By revealing how narratives of temple robbery are constructed from a literary perspective and how they inform discourses about military conquest and imperial rule, Isabel K. Köster shines a new light on how the Romans coped with the more pernicious aspects of their empire. **God's March to the**

New Jerusalem Shirley Vaughn, 2012-05-23 **Banning Black Gods** Danielle N. Boaz, 2021-02-18 *Banning Black Gods* is a global examination of the legal challenges faced by adherents of the most widely practiced African-derived religions in the twenty-first century, including Santería, Lucumí, Haitian Vodou, Candomblé, Palo Mayombe, Umbanda, Islam, Rastafari, Obeah, and Voodoo. Examining court cases, laws, human rights reports, and related materials, Danielle N. Boaz argues that restrictions on African diaspora religious freedom constitute a unique and pervasive form of anti-Black discrimination. Emphasizing that these twenty-first-century cases and controversies are not a new phenomenon but rather a reemergence of colonial-era ideologies and patterns of racially motivated persecution, Boaz focuses each chapter on a particular challenge to Black religious freedom. She examines issues such as violence against devotees, restrictions on the ritual slaughter of animals, limitations on the custodial rights of parents, and judicial refusals to recognize these faiths as protected religions. Boaz introduces new issues that have never been considered as a question of religious freedom before, such as the right of Palo Mayombe devotees to possess remains of the dead, and she brings together controversies that have not been previously regarded as analogous, such as the right to wear headscarves and the right to wear dreadlocks in schools. Framing these issues in comparative perspective and focusing on transnational and transregional issues, Boaz advances our understanding of the larger human rights disputes that country-specific studies can overlook. Original and compelling, this important new book will be welcomed by students and scholars of African diaspora religions and discerning readers interested in learning more about the history of racial discrimination. *Wilson's Ohio Criminal Code* Ohio, 1918 Amadi Oha Pete J.
