Stone Cross Examination In Criminal Trials:

Cross-Examination in Criminal Trials Marcus Stone, 2005-04 Now in its third edition Stone's Cross Examination in Criminal Trials deals with all aspects of examination in chief constructive and destructive cross examination and re examination and credibility A truly innovative guide to a central aspect of advocacy in the criminal court

Cross-Examination in Criminal Trials Stone, 1995-01-31 a masterful account of what an advocate should do in a criminal trial and how he or she should do it one of the first books in which advocacy in the court is systematically explored should be compulsory reading for all aspiring and experienced advocates Australian Criminal Law Journal *A Practical Guide to Lawyering Skills* Fiona Boyle, Deverall Capps, 2013-10-18 Lawyering skills are increasingly part of undergraduate law degrees as well essential elements in the postgraduate vocational law courses the LPC and the BVC This fully updated third edition continues to bring together the theory and practice of these skills in an accessible and practical context The authors draw on their vast experience of law in practice to develop the core skills taught on both undergraduate and postgraduate courses Skills covered include written communication mediation information technology opinion writing drafting advocacy interviewing negotiation legal research Each chapter uses diagrams boxes lists and flow charts to further explain and develop each skill and ends with a further reading section A Practical Guide to Lawyering Skills is essential reading for all undergraduate and vocational law students seeking to develop the necessary skills to work successfully with law in the twenty first century

Scottish Mental Health Tribunal Derek Auchie, 2014-03-18 No detailed description available for The Scottish Mental Health Tribunal **Practical Guide to Evidence** Christopher Allen, Chris Taylor, Janice Nairns, 2015-08-20 Practical Guide to Evidence provides a clear and readable account of the law of evidence acknowledging the importance of arguments about facts and principles as well as rules This fifth edition has been revised and updated to address recent changes in the law and debates on controversial topics such as surveillance and human rights Coverage of expert evidence has also been expanded to include forensic evidence bringing the text right up to date Including enhanced pedagogical support such as chapter summaries further reading advice and self test exercises this leading textbook can be used on both undergraduate and professional courses

From Truth to Technique at Trial Philip Gaines, 2016-03-23 From Truth to Technique addresses key questions raised by the burgeoning literature in what Philip Gaines calls advocacy advice texts manuals handbooks and other how to guides written by lawyers for lawyers both practicing and aspiring to help them be as effective as possible in trial advocacy In these texts advice authors share principles strategies and techniques for persuading juries and winning cases Some manuals even form the basis for required advocacy courses in law schools Unlike training manuals in other professional domains sales leadership management fundraising coaching etc advocacy advice texts offer guidance for effectiveness in a realm of activity where the stakes may be the very highest for the parties and where society has an abiding interest in the truth being discovered and justice being done Helping advocates learn how to win cases

may be the ultimate purpose of advice texts but to what extent are ideas about the values of truth and justice what Gaines calls metavalues incorporated into discussions about winning tactics and techniques To explore this question Gaines takes the reader through a discursive history of the relation between technique and metavalues as presented in advocacy advice beginning with a thematic analysis of the first texts published in the Anglo American tradition in the early 17th century through treatises written during seasons of radical change in the profession in the 18th and 19th centuries and up to the present day with a look at the more than 200 trial manuals currently in print This diacronic study reveals dramatic changes in the place authors give to the metavalues of truth and justice when lawyers advise other lawyers about how to be effective in the courtroom

Evidence in Context Jonathan Doak, Claire McGourlay, 2012 Evidence in Context explains the key concepts of evidence law in England and Wales clearly and concisely set against the backdrop of the broader social and theoretical contexts It informs students of the major debates within the field providing an explanation as to how and why the law has developed as it has This third edition has been expanded to cover the field of civil evidence alongside its traditional criminal focus It has also been thoroughly revised and updated to take into account recent developments in the law and the considerable amount of case law that has emerged since publication of the previous edition This edition includes a new chapter structure with new chapters on the adversarial trial and suspect evidence Updated features include self test questions and advice on further reading at the end of each chapter key learning points which summarise the chapter as well as highlighting the most important issues New and updated chapters on topics such as adversarial trial witnesses and suspect evidence Addressing the evolving case law on subjects such as hearsay and bad character which were overhauled in the Criminal Justice Act 2003 this book is an essential purchase for anyone studying evidence law

Practical Guide to Evidence, 1998-08-20 The second edition of this widely acclaimed book maintains the author's original objective to provide a clear and readable account of evidence law which acknowledges the importance of arguments about facts and principles as well as rules It is written

Advocacy Andy Boon, 1999 Introduces the practice of advocacy drawing on a wide range of examples from the United Kingdom and other common law jurisdictions Through the use of exercises the reader is encouraged to think about effective advocacy Detailed materials offer civil and criminal advocacy simulations

Handbook of Autism Spectrum Disorder and the Law Fred R. Volkmar, Rachel Loftin, Alexander Westphal, Marc

Woodbury-Smith, 2021-09-22 This book addresses an important and relatively neglected topic in the scientific literature individuals with autism spectrum disorder ASD who have dealings with the legal system It examines issues and implications for autistic people who have a significant risk for engagement with the legal system in some capacity e.g. witness bystander victim or perpetrator Key areas of coverage include Autistic people as victims and perpetrators of criminal activities including violence stalking sexual exploitation and cybercrime Risks for unlawful behavior in individuals with autism and Asperger's Legal assessment issues such as witness protection and postconviction diagnoses Legal outcomes for autistic
