Ulmer,2012-11-30 It is a cold winter day in 1839 as Dark Cloud a wife of the great Cheyenne hunter Antelope Dances in Fire works to flesh a deer hide before certain snowfall It is only a few hours later when Dark Cloud gives birth to Snow her overdue son As her baby grows into a Cheyenne boy and word spreads that white people are coming the Cheyenne and Arapaho prepare to meet the Kiowa and Comanche to make peace But as a spotted sickness lurks in the shadows the tribes must weather the winter with thin hides and little fat Their troubles have just begun In Ohio a few years later George Custer attends school graduates and begins teaching school At the same time as Dark Clouds belly swells again and the Native American warriors grow angrier with every unjust raid Snow has grown into a strong and brave warrior named Bear of the Cheyenne In this captivating historical novel two parallel lives intertwine during an intense conflict between cultures one focused on the future and the other clinging to a remembered yesterday Obviously written from the heart this is a story that had to be written Terry Wilson PhD dean emeritus of Native American Studies UC Berkeley The Oxford History of Historical Writing José Rabasa,Masayuki Sato,Edoardo Tortarolo,Daniel Woolf,2012-03-29 Volume III of The Oxford History of Historical Writing contains essays by leading scholars on the writing of history globally during the early modern era from 1400 to 1800 The volume proceeds in geographic order from east to west beginning in Asia and ending in the Americas It aims at once to provide a selective but authoritative survey of the field and where opportunity allows to provoke cross cultural comparisons This is the third of five volumes in a series that explores representations of the past from the beginning of writing to the present day and from all over the world **Transatlantic Memories of Slavery: Remembering the**

Past, Changing the Future - Student Edition Elisa Bordin,Anna Scacchi,2015-07-26 Note this is an abridged version of the book with references removed The complete edition is also available While the memorialization of slavery has generated an impressive number of publications relatively few studies deal with this subject from a transnational transdisciplinary and transracial standpoint As a historical phenomenon that crossed borders and traversed national communities and ethnic groups producing alliances that did not overlap with received identities slavery as well as its memory call for comparative

investigations that may bring to light aspects obscured by the predominant visibility of US American and British narratives of the past This study addresses the memory of slavery from a transnational perspective It brings into dialogue texts and practices from the transatlantic world offering comparative analyses which interlace the variety of memories emerging in diverse national contexts and fields of study and shed light on the ways local counter memories have interacted with and responded to hegemonic narratives of slavery The inclusion of Brazil and the French English and Spanish Caribbean alongside the United States and Europe and the variety of investigative approaches ranging from cinema popular culture and visual culture studies to anthropology and literary studies expand the current understanding of the slave past and how it is reimagined today This fascinating book brings freshness to the topic by considering objects of investigation which have so far remained marginal in the academic debate such as heroic memorials civic landscape white family sagas Young Adult literature of slavery Latin American telenovelas and filmic narrations within and beyond Hollywood What emerges is a multifarious set of memories which keep changing according to generation race gender nation and political urgency and indicate the advancing of a dynamic mobilized memorialization of slavery willing to move beyond mourning towards a more militant stand for justice This is an important book for those interested in African American American and Latin American studies and working across literature cinema visual arts and public culture It will also be useful to public official and civil servants interested in the question of slavery and its present memory
