Israel, 1994 Your complete guide to the evolution revolution theory and style of the modern store This comprehensive reference for interior designers students and architects authored by one of the true trailblazers of store planning and design provides a complete overview of the growth of the industry decade by decade from the 50s to today full discussions of the theory and fundamental elements of store design and numerous practical anecdotes drawn from the author's vast experience You'll find Fully illustrated analysis of the most important store designs of the past five decades focusing on merchandising visual merchandising fixturation planning design lighting and color and materials Planning and design theory and elements covering all the components of this multidisciplinary professional practice from design strategies and programs through architecture to graphics and more Insights into the design process culled from the author's experience covering the full range of professional challenges Overviews of historic cultural socioeconomic and demographic influences on store design Definitions of store planning terminology and a complete bibliography For all those involved in designing and planning the stores of tomorrow this book is sure to prove a great inspiration and practical help in the search for new innovative and effective environments in which to present and sell merchandise

How to Start and Run Your Own Retail Business Irving Burstiner, Irving Bursteiner, 2001 This is a careful step by step guide to small business ownership

Videoland Daniel Herbert, 2014-01-24 Videoland offers a comprehensive view of the tangible phase of consumer video when Americans largely accessed movies as material commodities at video rental stores Video stores served as a vital locus of movie culture from the early 1980s until the early 2000s changing the way Americans socialized around movies and collectively made movies meaningful When films became tangible as magnetic tapes and plastic discs movie culture flowed out from the theater and the living room entered the public retail space and became conflated with shopping and salesmanship In this process video stores served as a crucial embodiment of movie culture's historical move toward increased flexibility adaptability and customization In addition to charting the historical rise and fall of the rental industry Herbert explores the architectural design of video stores the social dynamics of retail encounters the video distribution industry the proliferation of video recommendation guides and the often surprising persistence of the video store as an adaptable social space of consumer culture Drawing on ethnographic fieldwork cultural geography and archival research Videoland provides a wide ranging exploration of the pivotal role video stores played in the history of motion pictures and is a must read for students and scholars of media history

The Digital Hand James W. Cortada, 2004 This text provides a historical perspective on how some of the most important American industries used computing over the past half century describing their experience their best practices and the role of industries and technologies in changing the nature of American work

Retail Design Ann Petermans, Anthony Kent, 2016-12-01 The late twentieth century saw rapid growth in consumption and the expansion of retailing and services This was reflected in the number and type of stores and

locations from regional shopping malls and out of town superstores to concept and flagship stores Retail design became an essential part of its success by creating distinctive brands and formats However the economic recession in the developed world and competition for consumer goods from the developing world has led to a re assessment of the growth led conventions of the retail industry In addition the rapid advance of e commerce and online shopping has created new challenges for physical stores and the communication and distribution of retail brands The book will provide students researchers and practitioners a detailed assessment of retail design taking a distinctive global approach to place design practice and theory in context Chapters are devoted to key issues in the visual and structural contribution of design to retail brands and format development and to the role of design in communication In the course of the book the authors engage with problems of convergence between retailing and other services and between the physical and virtual worlds and also changing patterns of use re use and ownership of retail spaces and buildings Retail Design concerns designers and organisations but also defines its broader contribution to society culture and economy

Interior Design Sourcebook Susan A. Lewis,1998 This volume combines both scholarly and practical resources for interior architecture and design Back cover
