Stories of Wethersfield Nora Howard,1997 **Silas Deane, Revolutionary War Diplomat and Politician** Milton C. Van Vlack,2013-04-26 Silas Deane was the victim of one of the most vicious character assassination conspiracies ever carried out in the Revolutionary War era Even after almost two and a half centuries he remains in the eyes of many modern historians worse than Arnold his boyhood friend This is very wrong Because Deane was such a capable individual in his endeavors very early in the war he became the political target of envious others with quite different abilities and philosophies Even so his political strength kept growing and in 1776 Congress appointed him America's first secret agent to secure military supplies from France for Washington's army This biography is written on the man himself and on the malicious and largely successful lies and intrigues by his rivals The work does not downplay the contributions of his contemporaries especially those of his close friend throughout Benjamin Franklin but shows exactly where specific credit should be placed A lot of credit for the new nation's success belongs to him **Writings on New England History** ,2003 **The Connecticut Nutmegger** ,2000 Connecticut Off the Beaten Path® Cindi D. Pietrzyk,2019-04-01 Tired of the same old tourist traps Whether you're a visitor or a local looking for something different Connecticut Off the Beaten Path shows you the Nutmeg State with new perspectives on timeless destinations and introduces you to those you never knew existed Tour the historic sites of the Thames River Heritage Park by water taxi in New London and Groton Savor an authentic farm to table meal from Lost Acres Orchards in Granby Experience hands on fun at The Children's Museum Hartford or the Discovery Museum and Planetarium Bridgeport So if you've been there done that one too many times get off the main road and venture Off the Beaten Path Nuevos paradigmas de la democracia en un mundo en transformación , La democracia y la gobernanza como sistema político y social se encuentra en un punto de inflexión Los desafíos globales del siglo XXI que incluyen la revolución tecnológica la creciente desigualdad económica la polarización política las crisis migratorias el cambio climático la nueva gestión pública y las pandemias están poniendo a prueba los cimientos de las democracias liberales en todo el mundo En este contexto de incertidumbre y transformación acelerada es imperativo analizar críticamente los nuevos paradigmas que están emergiendo y que podrán fortalecer o por el contrario debilitar la democracia en el futuro Este libro se propone como un espacio de reflexión y debate sobre estos temas cruciales reuniendo las voces de investigadores de diversas disciplinas y universidades de todo el mundo La democracia y la gestión pública como sistema de gobierno y forma de vida se encuentra en un momento crucial de su historia En este contexto surge la necesidad de analizar y repensar los fundamentos de la democracia explorando nuevos paradigmas que permitan fortalecerla y adaptarla a las realidades del siglo XXI
