Stories Poems And Other Writings:

Henry Wadsworth Longfellow: Poems & Other Writings (LOA #118) Henry Wadsworth Longfellow, 2000-08-28 No American writer of the nineteenth century was more universally enjoyed and admired than Henry Wadsworth Longfellow. His works were extraordinary bestsellers for their era, achieving fame both here and abroad. Now for the first time in over twenty-five years, The Library of America offers a full-scale literary portrait of America's greatest popular poet. Here are the poems that created an American mythology: *Evangeline* in the forest, primeval *Hiawatha* by the shores of Gitche Gumeo, the midnight ride of Paul Revere, the wreck of the *Hesperus*, the village blacksmith under the spreading chestnut tree, the strange courtship of Miles Standish, the maiden Priscilla and the hesitant John Alden, verses like *A Psalm of Life* and *The Children's Hour*, whose phrases and characters have become part of the culture. Here as well, along with the public antislavery poems, are the sparer, darker lyrics *The Fire of Drift Wood*, *Mezzo Cammin*, *Snow Flakes*, and many others that show a more austere aspect of Longfellow's poetic gift. Erudite and fluent in many languages, Longfellow was endlessly fascinated with the byways of history and the curiosities of legend. As a verse storyteller, he had no peer, whether in the great book-length narratives such as *Evangeline* and *The Song of Hiawatha*, both included in full, or the stories collected in *Tales of a Wayside Inn*, reprinted here in a generous selection. His many poems on literary themes, such as his moving homages to Dante and Chaucer, his verse translations from Lope de Vega, Heinrich Heine, and Michelangelo, and his ambitious verse dramas, notably *The New England Tragedies*, also complete, are remarkable in their range and ambition. As a special feature, this volume restores to print Longfellow's novel *Kavanagh*, a study of small-town life and literary ambition that was praised by Emerson as an important contribution to the development of American fiction. A selection of essays rounds out the volume and provides testimony of Longfellow's concern with creating an American national literature. LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing and keeping permanently in print America's best and most significant writing. The Library of America series includes more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.

Student Companion to Willa Cather Linda De Roche, 2006-06-30 Willa Cather's elegiac tales of the pioneer experience on the American frontier continue to captivate new generations of readers. Written especially for students, this critical introduction offers insightful yet accessible criticism of Cather's most widely read novels. A full chapter examines each work with full discussions of character development, thematic concerns, plot, critical reception, and historical contexts. Students will find this book a valuable guide to this great American author. The volume covers such enduring works as *Alexander's Bridge*, *O Pioneers!*, *The Song of the Lark*, *My Ántonia*, *The Professor's House*, *Death Comes for the Archbishop*, and *Shadows on the Rock*. Each chapter is devoted to an individual novel and provides a full discussion of character development, thematic concerns, and plot structure. The introduction to each novel

traces its genesis and its critical reception at the time of publication The historical context sections place Cather's vision of the pioneer spirit and achievement within the context of a rapidly changing America that was in the process of abandoning its traditional values and thus risking its source of greatness Students will find this book a valuable guide to Cather's works

Humphries, 2006 This volume is a collection of all new original essays covering everything from feminist to postcolonial readings of the play as well as source queries and analyses of historical performances of the play The Merchant of Venice is a collection of seventeen new essays that explore the concepts of anti-Semitism the work of Christopher Marlowe the politics of commerce and making the play palatable to a modern audience The characters Portia and Shylock are examined in fascinating detail With in depth analyses of the text the play in performance and individual characters this book promises to be the essential resource on the play for all Shakespeare enthusiasts

our literature some hard to find or previously unpublished are gathered in a single volume for the first time Here is his classic *A Sand County Almanac* hailed with Thoreau's *Walden* and Carson's *Silent Spring* as one of the main literary influences on the modern environmental movement Published in 1949 it is still astonishing today a vivid firsthand philosophical tour de force Along with *Sand County* are more than fifty articles essays and lectures exploring the new complexities of ecological science and what we would now call environmental ethics Leopold's sharp eyed often humorous journals are illustrated here for the first time with his original photographs drawings and maps Also unique to this collection is a selection of over 100 letters most of them never before published tracing his personal and professional evolution and his efforts to foster in others the love and sense of responsibility he felt for the land

Queer Environmentalism Robert Azzarello, 2016-04-15 Offering a model for meaningful dialogue between queer studies and environmental studies Robert Azzarello's book traces a queer environmental lineage in American Romantic and post Romantic literature Azzarello challenges the notion that reading environmental literature is unsatisfying in terms of aesthetics and proposes an understanding of literary environmentalism that is rich in poetic complexity With the term queer environmentalism Azzarello points towards a queer sensibility in the history of environmental literature to balance the dominant narrative that reading environmental literature is tantamount to witnessing a spectacular dramatization of heterosexual teleology Azzarello's study treats four key figures in the American literary tradition Henry David Thoreau Herman Melville Willa Cather and Djuna Barnes Each of these writers problematizes conventional notions of the strange matrix between the human the natural and the sexual They brilliantly demonstrate the ways in which the queer project and the environmental project are always connected or put another way show that questions and politics of human sexuality are always entwined with those associated with the other than human world

Cather and Opera David McKay Powell, 2022-05-18 Throughout her fiction Willa Cather mentioned forty seven operas References to opera appear in all but three of her twelve novels and in roughly half of her short stories Despite a dearth of musical education Cather produced astute writing about the genre beginning in her earliest criticism and continuing throughout her career She counted opera stars among her close friends and according to Edith Lewis her companion throughout adulthood the two women frequently visited the theater even in the early days when purchasing tickets to attend performances proved a financial sacrifice Melding cultural history with thoughtful readings of her works and discussions of opera's complex place in turn of the century America David McKay Powell's *Cather and Opera* offers the first book length study of what drew the writer so powerfully and repeatedly to the art form With close attention to Cather's fiction and criticism Powell posits that at the heart of both her work and the operatic corpus dwells an innate tension between high artistic ideals and popular acceptance often figured as a clash between compositional integrity and raw personal emotion Considering her connection to opera in both historical and intertextual terms *Cather and Opera* investigates what operatic references mean in Cather's writing along with what the opera represented to her throughout her
