Woundedness Paul Houston Blankenship-Lai,2024-11-05 A profound exploration into the spiritual beliefs and practices of Seattle s unhoused youth Soul Woundedness is an intimate piercing book about everyday life for young adults living on the streets of Seattle Based on over five years of research and as a participant observer Paul Houston Blankenship Lai presents the personal experiences of street kids highlighting how their spiritual beliefs and practices offer them comfort a sense of community and a feeling of belonging amidst their struggles They also demonstrate how spirituality on the streets can alienate people from themselves and the world The stories Blankenship Lai tells here are about how social wounds go soul deep and how seemingly antireligious spiritual practices fashioned in an almost unlivable local world help people create a life still worth living By paying deep sustained attention to what spirituality is like on the streets and what difference it makes

Blankenship Lai uncovers an important overlooked dimension in the experience and study of homelessness They invite us to enter these stories and to question how our own spiritual and otherwise practices can help create a more loving love Aimed at a diverse audience Soul Woundedness is a book not merely to educate but to transform It is particularly relevant for those interested in spirituality s role in addressing social inequities and underscores the importance of spiritual practices in overcoming adversity and promoting social change making a compelling case for a world where everyone has a place to call home
