Storm Of The Century:

Storm of the Century Stephen King,1999-02 Publisher Description *Storm of the Century* Stephen King,2024-12-03
For the first time in Stephen King's remarkable publishing history the master storyteller presents an all new original tale written expressly for the television screen They're calling it the Storm of the Century and it's coming hard The residents of Little Tall Island have seen their share of nasty Maine Nor'easters but this one is different Not only is it packing hurricane force winds and up to five feet of snow it's bringing something worse Something even the islanders have never seen before Something no one wants to see Just as the first flakes begin to fall Martha Clarendon one of Little Tall Island's oldest residents suffers an unspeakably violent death While her blood dries Andre Linoge the man responsible sits calmly in Martha's easy chair holding his cane topped with a silver wolf's head waiting Linoge knows the townsfolk will come to arrest him He will let them For he has come to the island for one reason And when he meets Constable Mike Anderson his beautiful wife and child and the rest of Little Tall's tight knit community this stranger will make one simple proposition to them all If you give me what I want I'll go away *Storm of the Century* Willie Drye,2019-08-01

In 1934 hundreds of jobless World War I veterans were sent to the remote Florida Keys to build a highway from Miami to Key West The Roosevelt Administration was making a genuine effort to help these down and out vets many of whom suffered from what is known today as post traumatic stress disorder But the attempt to help them turned into a tragedy The supervisors in charge of the veterans misunderstood the danger posed by hurricanes in the low lying Florida Keys In late August 1935 a small stealthy tropical storm crossed the Bahamas causing little damage When it entered the Straits of Florida however it exploded into one of the most powerful hurricanes on record But US Weather Bureau forecasters could only guess at its exact position and their calculations were well off the mark The hurricane that struck the Upper Florida Keys on the evening of September 2 1935 is still the most powerful hurricane to make landfall in the US Supervisors waited too long to call for an evacuation train from Miami to move the vets out of harm's way The train was slammed by the storm surge soon after it reached Islamorada Only the 160 ton locomotive was left upright on the tracks About 400 veterans were left unprotected in flimsy work camps Around 260 of them were killed This is their story with newly discovered photos and stories of some of the heroes of the Labor Day 1935 calamity
