Storm At The Edge Of Time:

Sailing to the Edge of Time John Kretschmer, 2018-11-13 John Kretschmer is sailing's practical philosopher as much a doer as a thinker. And that is the overarching theme of this chronicle of a sailing life. Often amusing, sometimes poignant, occasionally terrifying, but always inspiring, his deeply personal account is a welcome reminder of the good life waiting at sea. With hundreds of thousands of nautical miles under his keel, John's adventures have taken him several times around the world, with challenging crossings of the Atlantic and the Pacific, a narrow escape from a coup in Yemen, an unlikely deliverance from a coral reef off Belize, as well as more serene introspective passages where trade winds are blowing and stories are flowing. His crew has included CEOs, actors, writers, teachers, kids, in essence everyone. John's narrative is interwoven with practical tips and advice in seamanship, but also, and just as importantly, his hard-won insights about making the most of our lives. He truly believes we find out who we really are and what we are capable of far from the shackles of land, when we find a place where time changes shape, days may merge into one another, but minutes are memorable. To live adventurously is to live more fully, and that is the life John Kretschmer continues to live. In this book, he shares his simple profundities that will inspire those who live to sail and those seeking something more rewarding from life. **The Edge of Time** Mike Middleton, 2013-01-29 Kate and Luke, who run a roadhouse in remote Central Australia, are finding it hard to attract staff when a stranger turns up. Knowing little more than his name and the fact that he is physically strong, they employ Thomas as a casual worker to help with cleaning, gardening, and serving in the store. While Thomas does the work well, Kate finds him enigmatic. He is good with numbers but poor with spelling. His knowledge is limited, but he learns quickly. He seems naive but asks deep questions. On the other side of the world, in Saint Petersburg, Russian ex-cosmonaut and university lecturer Viktor Kamensky is challenged by Toby, one of his overseas students, to break out of the reclusive life he has been living since the death of his wife and unborn child eight years earlier. With Toby's encouragement, he attends a reunion in Prague and agrees to speak at a summer conference in Hobart, Tasmania. Meanwhile, Kate's daughter Ruth comes home on university vacation, meets Thomas, and develops a friendship with him. She encourages him to spread his wings and share his ideas more widely. Thomas scans the Internet for conferences and finds an early photograph of Viktor Kamensky, whose appearance is almost identical to his own. This catches him off guard, and he tells Ruth that he is a clone of Viktor, grown on another planet and on a mission to Earth. Ruth is distressed. Has she fallen in love with a man who is mentally ill? She devises a plan to prove to Thomas that his similarity to Viktor Kamensky is coincidental and that he must learn to overcome his delusional tendencies. Ruth travels with Thomas to Hobart. They meet Viktor Kamensky and a critical set of challenges emerge. Challenges that have the potential to change the way humans live their life on planet Earth. *On the Edge of the Storm* Margaret Roberts, 1869 *Edge of the Storm* Heather Woodhaven, Tanya Stowe, 2023-01-24 In a deadly pursuit, Wilderness Sabotage by Heather Woodhaven.
