

The Marshall

Ying Liu

The Marshall:

Denmark's Social Democratic Government and the Marshall Plan, 1947-1950 Vibeke Sørensen, 2001 Historian and geographer Sorensen 1952 95 wrote her analysis of Danish political policy towards the Marshall Plan during the middle 1980s but Rudiger says it continues to be essential reading for historians interested in the immediate postwar period The new edition drops her chapter on COCOM because more recent studies have made it superfluous The rest of the study remains intact It is not indexed Distributed in the US by ISBS Annotation copyrighted by Book News Inc Portland OR *The Marshall Plan in Austria* Gunter Bischof, Anton Pelinka, Dieter Stiefel, 2018-12-20 Perhaps no country benefitted more from the Marshall Plan for assistance in reconstruction of Europe after World War II than Austria On a per capita basis each American taxpayer invested 80 per person in the Plan each Austrian received 133 from the European recovery program more than any other of the sixteen participating countries Without the Marshall Plan the Austrian economic miracle of the 1950s would have been unthinkable Despite this contemporary Austria seems to have forgotten this essential American contribution to its postwar reconstruction This volume in the Contemporary Austrian Studies series examines how the plan affected Austria and how it is perceived today The political context of the Marshall Plan in Austria is addressed in essays by Jill Lewis and Matthew Berg Dieter Stiefer describes the vast Soviet economic exploitation of their Austrian occupation zone Andrea Komlosy shows how the Marshall Plan helped complete the division of Europe Siegfried Beer suggests the secret involvement of the CIA in the Marshall Plan while Hans J3rgen Schr der analyzes the effectiveness of Marshall Plan propaganda programs in Germany and Austria The macroeconomic impact of Marshall Plan funds on Austrian economic policy is outlined by Hans Seidel Kurt Tweraser Georg Rigele and G3nter Bischof suggest the microeconomic importance of funds for the steel electricity and tourist sectors of the Austrian economy Wilhelm Kohler s sweeping analysis compares the American transfer of funds to postwar Europe with current debates about the cost of European Union enlargement The legacy of the Marshall Plan is addressed by former Austrian Finance Minister Ferdinand Lacina Kurt Loffler and Hans Fubenegger summarize the activities of the Economic Recovery Program Fund Coming on the heels of the fiftieth anniversary of the Marshall Plan this compelling overview of the Plan and its impact will be important for historians those interested in international politics and Austrian scholars G3nter Bischof is professor of history and associate director of Center Austria at the University of New Orleans Anton Pelinka is professor of political science at the University of Innsbruck and director of the Institute of Conflict Research in Vienna Dieter Stiefel is professor of social and economic history at the University of Vienna and executive secretary of the Schumpeter Society in Vienna This volume offers a collection of articles mostly by contemporary Austrian born historians touching on various phases of the Marshall Plan administered through the European Recovery Program ERP and its successors counterfunds assistance to the present A splendid introduction followed by the key thirteen articles on the plan is augmented by several nontopical essays and book reviews along with a survey of Austrian politics in 1998 A number

of articles emanated from a 1998 conference at the University of New Orleans Both novice and specialist will appreciate this book *The Historian The Marshall Plan Today* John Agnew, J. Nicholas Entrikin, 2004-06-24 This volume has as its focus the role of the Marshall Plan as both a force in the transformation of European Economic practices and a stimulus to political integration in Europe This organizing theme is framed in terms of two other issues that are central to contemporary debates in international political economy and geopolitical studies the origins and development of the Cold War and the growing globalisation of the world economy In relating the Marshall Plan to these issues this book goes beyond the typical diplomatic history approach to place the Plan in the context of both the political economy of late twentieth century Europe and the impact of American models of business and government that came with the Plan **Food consumption in the Marshall Islands**

Troubat, N., Sharp, M.K., 2021-11-22 This report presents the main results derived from the analysis of the food data collected in the 2019 20 HIES to inform current patterns on food and nutrient consumption in Marshall Islands The analysis of the food insecurity experience scale data collected in the 2019 20 HIES reveals that more than one household in three is experiencing moderate or severe levels of food insecurity which means they are lacking money or other resources to access foods in enough quantity or of good quality The further analysis of the food data collected in the same survey finds that for around 5 percent of Marshallese their dietary intake is lower than their basic dietary needs to maintain a normal active and healthy life Whenever possible indicators are given at national level and for sub groups of the population *Republic of the Marshall Islands* International Monetary Fund, 2006-03-08 Real output growth of the Republic of the Marshall Islands appears to have slowed sharply in FY2003 and again in FY2004 The 2005 Article IV Consultation highlights that the economic activity has been hampered by delays in implementing an upgraded public works program and the closure of a large privately owned tuna processing plant The fiscal position deteriorated in FY2004 This deterioration reflects on the revenue side a decline in grants aimed at infrastructure projects owing in part to delays in initiating projects lower income tax collection and volatility in nontax revenue **The Marshall Plan in Action**, 1950 The Marshall Plan Summer

Thomas Andrew Bailey, 1977 **3 Years of the Marshall Plan** United States. Economic Cooperation Administration, 1951 The United States nuclear legacy in the Marshall Islands United States. Congress. House. Committee on Resources, 2005 **Traditional Medicine of the Marshall Islands** Irene J. Taafaki, Maria Kabua Fowler, Randolph R. Thaman, 2006 This book is an attempt to ensure that traditional knowledge is not lost and that ecosystems are protected for future generations It describes more than 270 traditional medicinal treatments all of which use the plants of the Marshall Islands and provides a biogeographical historical and anthropological context with a particular focus on the use of traditional medicine for the treatment of women
