

The May Fourth Movement

Benjamin I. Schwartz

The May Fourth Movement:

The May Fourth Movement in Shanghai Joseph T. Chen, 1971 *China's May Fourth Movement* Sabaree Mitra, 2023-02-28 This book looks at China's May Fourth Movement and how it has been contextualised in modern Chinese history. Tracing the roots of the movement and of modern Chinese literary and intellectual traditions, the book analyses how the movement transformed ideas, culture and social practices in the country. The volume presents a critical in-depth study of the May Fourth Movement from interdisciplinary perspectives. With essays written by scholars and experts from India, China and the West, it discusses concepts and themes such as nationalism, the citizen and revolutionary morality in the late Qing dynasty as well as Lu Xun's struggle with the aporetic temporalities of capitalist modernity, the May Fourth spirit and the Communist Party of China, the birth of the New Woman and the literature, cinema and art produced during the movement. It also examines how the waves created by the movement in Chinese culture and society continue to influence and shape events and thoughts in contemporary times. This book will be of interest to scholars and researchers of Chinese Studies, Chinese history, Asian Studies, Asian history, political history and cultural history.

The May Fourth Movement in Shanghai Joseph Tao Chen, 1964 *Reflections on the May Fourth Movement* Benjamin I. Schwartz, 2020-08-25 This symposium commemorates the fiftieth anniversary of the May Fourth Movement of 1919 in China. This volume contains six essays on various aspects of the movement.

The Chinese Enlightenment Vera Schwarcz, 1986 It is widely accepted both inside China and in the West that contemporary Chinese history begins with the May Fourth Movement. Vera Schwarcz's imaginative new study provides China scholars and historians with an analysis of what makes that event a turning point in the intellectual, spiritual, cultural and political life of twentieth-century China.

From the May Fourth Movement to Communist Revolution Xiaoming Chen, 2008-06-05 Using the life and work of influential Chinese writer Guo Moruo (1892-1978), it reflects on China's encounters with modernity, Communism and capitalism.

The May Fourth Movement in Shanghai Chen, 2023-07-31

Beyond the May Fourth Paradigm Kai-wing Chow, 2008-01-01 *Beyond the May Fourth Paradigm* explores various dimensions of modern Chinese culture ranging from literature, thought and music to scientific research, business and everyday life. By heeding how the May Fourth and non-May Fourth groups depended on each other and joined forces in creating Chinese modernity, this anthology points to the significant directions that Chinese historical actors chose as they competed but also collaborated in modernizing themselves, their culture and the nation.

The Appropriation of Cultural Capital Milena Doleželová-Velingerová, 2001 The authors of this volume seek to approach the May Fourth movement of 1919 from novel perspectives and contribute to the ongoing critique of the movement. The essays are centered on the intellectual and cultural historical motivations and practices behind May Fourth discourse.

A Nation-State by Construction Suisheng Zhao, 2004 This is the first historically comprehensive up-to-date analysis of the causes, content and consequences of nationalism in China, an ancient empire that has struggled to construct a nation-state and find its place in the modern world.

It shows how Chinese political elites have competed to promote different types of nationalism linked to their political values and interests and imposed them on the nation while trying to repress other types of nationalism. In particular, the book reveals how leaders of the PRC have adopted a pragmatic strategy to use nationalism while struggling to prevent it from turning into a menace rather than a prop.
