

**The Meaning
of Modern Art**

KARSTEN HARRIES

The Meaning Of Modern Art A Philosophical Interpretation

RS Peters

The Meaning Of Modern Art A Philosophical Interpretation:

Meaning of Modern Art Karsten Harries, 1979-12 That modern art is different from earlier art is so obvious as to be hardly worth mentioning Yet there is little agreement as to the meaning or the importance of this difference Indeed contemporary aestheticians especially seem to feel that modern art does not depart in any essential way from the art of the past One reason for this view is that with the exception of Marxism the leading philosophical schools today are ahistorical in orientation This is as true of phenomenology and existentialism as it is of contemporary analytic philosophy As a result there have been few attempts by philosophers to understand the meaning of the history of art an understanding fundamental to any grasp of the difference between modern art and its predecessors Art expresses an ideal image of man and an essential part of understanding the meaning of a work of art is understanding this image When the ideal image changes art too must change It is thus possible to look at the emergence of modern art as a function of the disintegration of the Platonic Christian conception of man The artist no longer has an obvious generally accepted route to follow One sign of this is that there is no one style today comparable to Romanesque Gothic Renaissance or Baroque This lack of direction has given the artist a new freedom Today there is a great variety of answers to the question What is art Such variety however betrays an uncertainty about the meaning of art An uneasiness about the meaning of art has led modern artists to enter into dialogue with art historians psychologists and philosophers Perhaps this interpretation can contribute to that dialogue Modern Art and the Death of a Culture Hendrik Roelof Rookmaaker, 1994 Uses popular and lesser known paintings to show modern art s reflection of a dying culture and how Christian attitudes can create hope in today s society **The Antinomy of Being** Karsten Harries, 2019-08-05 One thing this book attempts to show is that Kant s antinomies open a way towards an overcoming of that nihilism that is a corollary of the understanding of reality that presides over our science and technology But when Harries is speaking of the antinomy of Being he is not so much thinking of Kant as of Heidegger Not that Heidegger speaks of an antinomy of Being But his thinking of Being leads him and will lead those who follow him on his path of thinking into this antinomy At bottom however the author is neither concerned with Heidegger s nor Kant s thought He shows that our thinking inevitably leads us into some version of this antinomy whenever it attempts to grasp reality in toto without loss All such attempts will fall short of their goal And that they do so Harries claims is not something to be grudgingly accepted but embraced as a necessary condition of living a meaningful life That is why the antinomy of Being matters and should concern us all *The Bloomsbury Encyclopedia of Philosophers in America* John R. Shook, 2016-02-11 For scholars working on almost any aspect of American thought The Bloomsbury Encyclopedia to Philosophers in America presents an indispensable reference work Selecting over 700 figures from the Dictionary of Early American Philosophers and the Dictionary of Modern American Philosophers this condensed edition includes key contributors to philosophical thought From 1600 to the present day entries cover psychology pedagogy sociology anthropology education theology and political

science before these disciplines came to be considered distinct from philosophy Clear and accessible each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading Featuring a new preface by the editor and a comprehensive introduction The Bloomsbury Encyclopedia to Philosophers in America includes 30 new entries on twenty first century thinkers including Martha Nussbaum and Patricia Churchland With in depth overviews of Waldo Emerson Margaret Fuller Noah Porter Frederick Rauch Benjamin Franklin Thomas Paine and Thomas Jefferson this is an invaluable one stop research volume to understanding leading figures in American thought and the development of American intellectual history

Aneignung und Reflexion: Studien zur Rezeption Søren Kierkegaards Heiko Schulz, 2011 Der Band enth lt eine Sammlung von deutsch und englischsprachigen Aufs tzen die sich mit der Rezeption S ren Kierkegaards befassen und zwar am Leitfaden der Begriffe Aneignung und Reflexion Der Doppelsinn im Genitiv des Untertitels ist dabei durchaus beabsichtigt Denn es geht nicht nur um die explizite Aneignung sowie die implizite Reflexion des Kierkegaard schen Denkens in ihrer Wirkungsgeschichte sondern auch um Vorl ufer und exemplarische Quellen seines eigenen Denkens Der Schwerpunkt in der Rekonstruktion der Rezeptionsgeschichte liegt auf den sog pseudonymen Werken und deren Wirkung in der vornehmlich innerdeutschen Philosophie und Theologie des 19 und 20 Jahrhunderts w hrend der R ckgang auf die Quellen prim r Kierkegaards Auseinandersetzung mit einigen Hauptvertretern des post hegelianischen Denkens nachzeichnet Beide Textgruppen f rdern zahlreiche berraschende bislang unbekannte oder aber zu Unrecht marginalisierte Zusammenh nge in der Genese wie in der komplexen Wirkungsgeschichte des Kierkegaard schen Denkens zutage

On the Aesthetics of Roman Ingarden B. Dziemidok, P. McCormick, 1988-12-31 Roman Ingarden s very extensive philosophical work in metaphysics ontology epistemology and aesthetics con tinues to attract increasing attention both in Poland and in North America Further work left uncompleted at his death is appearing Major bibliographies of his work as well as of studies about his work are now in print Ingar den s scattered articles on various questions in philosophy are being collected And conferences devoted to his work are now held regularly These diverse activities might suggest a similar diver sity in Ingarden s philosophical legacy But such a sugges tion would be misleading For interest in Ingarden s work has continued to centre on the one area which is arguably at the core of his achievement namely the complex prob lems of aesthetics In this field Ingarden seemed to pull together his various interests in ontology and epistemology especially Here he brought those interests to focus on a set of issues that would occupy him creatively throughout the vicissitudes of his long and difficult scholarly life More over aesthetics is also the field where Ingarden perhaps most succeeded in orchestrating the many themes he owed to his phenomenological training while finally transposing the central issues into something original something dis tinctively his own that philosophers can no longer identify as merely phenomenological Ingarden s aesthetics not surprisingly has captured the interest today of many scholars in different fields

Architecture as Communication Ross A. Eaman, 2025-04-08 Media

theory has long overlooked the built environment and its communicative capacity how built structures and spaces convey meaning through material embodiment and symbolization Architecture as Communication advances the idea that built environments function as media of communication Using practice theory in conjunction with the concept of style this book is anchored in three historical determinants the quest for perfect proportion in buildings the belief in architectural determinism and the ongoing efforts within other media to influence how those who experience built environments understand them Ross Eaman explores how houses schools places of worship factories office buildings stores malls opera houses plazas and parks have meaning for people as subjective life worlds Architecture as Communication proposes media theory that articulates the social construction of meaning as a unique way of understanding the built environment one in which the users and observers of structures and spaces participate along with architects and designers Architecture according to Eaman encompasses the multiplicity of communication as human interaction preparing people for what they are about to encounter signalling how they should act and selectively enabling them to perform their expected role Using examples across many historical periods and cultures Architecture as Communication argues that we judge our built environments by the values they communicate

I Am You Karl F. Morrison, 2014-07-14 Important trends in contemporary intellectual life celebrate difference divisiveness and distinction Speculative writing increasingly highlights hermeneutic gaps between human beings their histories and their hopes In this book Karl Morrison identifies an alternative to this disruption He explores for the first time the entire legacy of thought revolving around the challenging claim I am you perhaps the most concise possible statement of bonding through empathy Professor Morrison shows that the hope for thoroughgoing understanding and inclusion in another's world view is central to the West's moral intellectual tradition He maintains that the West may yet escape the fatal flaw of casting that hope in paradigms of sexual and aesthetic dominance examples of empathetic participation inspired by hunger for power as well as by love The author uses diverse sources in theology ranging from Augustine to Schleiermacher in art from the religious art of the Christian Empire to post-Abstractionism and in literature from Donne to Joyce Pirandello and Mann In this work he builds on the thought of two earlier books Tradition and Authority in the Western Church 300-1140 Princeton 1969 and The Mimetic Tradition of Reform in the West Princeton 1982 I Am You goes beyond their themes to the inward act that according to tradition consummated the change achieved by mimesis namely empathetic participation Originally published in 1988 The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Emotion and the Arts Mette Hjort, Sue Laver, 1997-09-04 Although there are a number of anthologies dealing with various topics related to the emotions this is the

first to focus on the arts The editors have collected new essays on emotion and its relation to the arts by fifteen leading aestheticians The essays consider such topics as the paradox of fiction emotion in the pure and abstract arts the rationality and ethics of emotional responses to art and the value of emotion Contributors include Robert Solomon Rom Harre Kendall Walton and Jerrold Levinson

The Cambridge Companion to German Idealism Karl Ameriks, 2000-10-30 The Cambridge Companion to German Idealism first published in 2000 offers a comprehensive penetrating and informative guide to what is regarded as the classical period of German philosophy Kant Fichte Hegel and Schelling are all discussed in detail together with a number of their contemporaries such as Herder and Schleiermacher whose influence was considerable but whose work is less well known in the English speaking world The essays in the volume trace and explore the unifying themes of German Idealism and discuss their relationship to Romanticism the Enlightenment and the culture of seventeenth and eighteenth century Europe The result is an illuminating overview of a rich and complex philosophical movement and will appeal to a wide range of readers in philosophy German studies theology literature and the history of ideas

Unveiling the Magic of Words: A Overview of "**The Meaning Of Modern Art A Philosophical Interpretation**"

In some sort of defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance.
