The Memory Palace Of Matteo Ricci:

The Memory Palace of Matteo Ricci Jonathan D. Spence, 1985-09-03 From the renowned historian and author of *The Death of Woman Wang* a vivid and gripping account of the 16th century missionary's remarkable sojourn to Ming China In 1577 the Jesuit Priest Matteo Ricci set out from Italy to bring Christian faith and Western thought to Ming dynasty China To capture the complex emotional and religious drama of Ricci's extraordinary life Jonathan Spence relates his subject's experiences with several images that Ricci himself created four images derived from the events in the Bible and others from a book on the art of memory that Ricci wrote in Chinese and circulated among members of the Ming dynasty elite A rich and compelling narrative about a fascinating life *The Memory Palace of Matteo Ricci* is also a significant work of global history juxtaposing the world of Counter Reformation Europe with that of Ming China

Vocal Music and Contemporary Identities Christian Utz, Frederick Lau, 2013-01-04 Looking at musical globalization and vocal music this collection of essays studies the complex relationship between the human voice and cultural identity in 20th and 21st century music in both East Asian and Western music The authors approach musical meaning in specific case studies against the background of general trends of cultural globalization and the construction/deconstruction of identity produced by human and artificial voices The essays proceed from different angles notably sociocultural and historical contexts philosophical and literary aesthetics vocal technique analysis of vocal microstructures text phonetics music relationships historical vocal sources or models for contemporary art and pop music and areas of conflict between vocalization ethnicity and cultural identity They pinpoint crucial topical features that have shaped identity discourses in art and popular musical situations since the 1950s with a special focus on the past two decades The volume thus offers a unique compilation of texts on the human voice in a period of heightened cultural globalization by utilizing systematic methodological research and firsthand accounts on compositional practice by current Asian and Western authors

The Brush and the Spur Robert Joe Cutter, 1989

True Confucians, bold Christians Antton Egiuren Iraola, 2007-01-01 The three methods of doing mission namely conquista accommodation kenosis need to be seen not so much as historical events that took place in a particular time and space but rather as deeply engraved mind structures and personal attitudes as we confront many of the modern time issues such as mass poverty and its relationship to the churches interreligious and ecumenical dialogue relationship with Islam Catholic education in public institutions moral and ethical problems regarding the treatment of embryos for eugenic purposes issues concerning the end of life social debate on alternative lifestyles and the role of women in ecclesial institutions to mention but a few

The Memory Chalet Tony Judt, 2010-11-11 A New York Times Book Review Notable Book of the Year A tremendously moving memorial to a first class historian and essayist humane fearless unsparingly honest *The Financial Times* A memorable collection from a memorable man BookPage It might be thought the height of poor taste to ascribe good fortune to a healthy man with a young family struck down at the age of sixty by an incurable degenerative disorder from which he must shortly

die But there is more than one sort of luck To fall prey to a motor neuron disease is surely to have offended the Gods at some point and there is nothing more to be said But if you must suffer thus better to have a well stocked head Tony Judt *The Memory Chalet* is a memoir unlike any you have ever read before Each essay charts some experience or remembrance of the past through the sieve of Tony Judt's prodigious mind His youthful love of a particular London bus route evolves into a reflection on public civility and interwar urban planning Memories of the 1968 student riots of Paris meander through the divergent sex politics of Europe before concluding that his generation was a revolutionary generation but missed the revolution A series of road trips across America lead not just to an appreciation of American history but to an eventual acquisition of citizenship Foods and trains and long lost smells all compete for Judt's attention but for us he has forged his reflections into an elegant arc of analysis All as simply and beautifully arranged as a Swiss chalet a reassuring refuge deep in the mountains of memory

Mexico-China Relations Francisco Antonio-Alfonso, 2024-12-02 This book analyses contemporary Mexico China relations as a complex cultural encounter Through an unprecedented analysis of the discursive production of a series of diplomatic media and academic sources this book demonstrates how embedded in the great technological and political transformations of our transition into the 21st century Mexico China relations embodied a complex process of knowledge formation confronting their socially constructed conceptions of time space and otherness a cultural encounter The book advances the idea that the cultural encounter between Mexico and China provides a fundamental case for understanding world politics and human interaction from a truly global perspective and beyond reductionist views of reality Unlike previous works which have predominantly focused on economics or geopolitics strongly influenced by a realist approach the book will present the subject as a dynamic interaction between ideological and material factors Mexico China Relations contributes to the study of otherness construction and critical understanding of the non Western world in international relations IR It will appeal to researchers and students of IR theory political theory cultural studies and studies of the impact of cultural influences on foreign policy as well as professionals working on Sino Latin American relations

The Routledge Handbook on the Reception of Classical Architecture Nicholas Temple, Andrzej Piotrowski, Juan Manuel Heredia, 2019-11-01 This is the first comprehensive study of the reception of classical architecture in different regions of the world Exploring the impact of colonialism trade slavery religious missions political ideology and intellectual artistic exchange

the authors demonstrate how classical principles and ideas were disseminated and received across the globe. By addressing a number of contentious or unresolved issues highlighted in some historical surveys of architecture, the chapters presented in this volume question long held assumptions about the notion of a universally accepted classical tradition and its broadly Eurocentric perspective. Featuring thirty-two chapters written by international scholars from China, Europe, Turkey, North America, Mexico, Australia, and New Zealand, the book is divided into four sections: 1. Transmission and re-conceptualisation of classical architecture; 2. Classical influence through colonialism, political ideology, and religious conversion; 3. Historiographical surveys of geographical regions; and 4. Visual and textual discourses. This fourfold arrangement of chapters provides a coherent structure to accommodate different perspectives of classical reception across the world and their geographical, ethnographic, ideological, symbolic, social, and cultural contexts. Essays cover a wide geography and include studies in Italy, France, England, Scotland, the Nordic countries, Greece, Austria, Portugal, Romania, Germany, Poland, India, Singapore, China, the USA, Mexico, Brazil, New Zealand, and Australia. Other essays in the volume focus on thematic issues or topics pertaining to classical architecture, such as ornament, spolia, humanism, nature, moderation, decorum, heresy, and taste. An essential reference guide, *The Routledge Handbook on the Reception of Classical Architecture* makes a major contribution to the study of architectural history in a new global context.
