Lanier, 2019-06-13 Arden Student Skills Language and Writing volumes offer a new type of study aid that combines lively critical insight with practical guidance on the writing skills you need to develop in order to engage fully with Shakespeare's texts The books core focus is on language both understanding and enjoying Shakespeare's complex dramatic language and expanding your own critical vocabulary as you respond to his plays Each guide in the series will empower you to read and write about Shakespeare with increased confidence and enthusiasm A notoriously disturbing play *The Merchant of Venice* explores how the discourses of racial and religious prejudice and of business intertwine and shape how characters understand themselves and their relationships with one another The intersections between religious racial and economic language in *The Merchant of Venice* can be challenging to grasp but in this guide Douglas Lanier showcases a range of approaches to understanding its language all based on close reading and attention to Shakespeare's style The volume will equip you to analyze Shakespeare's troubling portrayal of anti-Semitism for yourself and to articulate your views on *The Merchant of Venice* with greater insight and confidence

The Complete Works of William Shakespeare: Love's labour's lost; The merchant of Venice William Shakespeare, 1907

[Shakespeare Quarterly](#) , 2000

The Merchant of Venice William Shakespeare, 2015-01-08 The *Merchant of Venice* is best known for its complex and ambiguous portrait of the Jewish moneylender Shylock and of European anti-Semitism Fascinating in its engagement with prejudice the play is also a comedy of cross dressing and disguise and a dramatic exploration of justice mercy and vengeance This volume contains the full text of the play with explanatory footnotes and marginal glosses for contemporary readers An extensive introduction and well rounded selection of background materials not only illuminate anti-Semitism in early modern England but also provide context for other facets of the play including its comic plot of love and marriage its examination of commerce and international trade and its themes of revenge and the law

Shakespeare for the wiser sort Steve Sohmer, 2018-07-30 William Shakespeare's plays are riddled with passages scenes and sudden plot twists which baffle and confound the most devoted playgoer and the most attentive commentator Why for example didn't Hamlet succeed to the throne of Denmark at the instant of his father's death It's not because the Danish throne was elective Why does Chorus in *Romeo and Juliet* promise his audience two hours' trafficke of our stage when the play obviously runs almost three hours How is it that Old Hamlet sent his son to school in Protestant Wittenberg but his Ghost was sent to Catholic Purgatory and is there cause and effect here How can Lancelot Gobbo be correct and he is when he claims Black Monday the day after Easter and Ash Wednesday the 41st day before

Easter once fell on the same day And what is a dram of eale This engaging and lucid book solves these tantalizing riddles and many others *The Works of William Shakespeare: Taming of the shrew. Merchant of Venice. Merry wives of Windsor* William Shakespeare,1893 **Shakespeare's World of Words** Paul Yachnin,2015-10-22 Was Shakespeare really the original genius he has appeared to be since the eighteenth century a poet whose words came from nature itself The contributors to this volume propose that Shakespeare was not the poet of nature but rather that he is a genius of rewriting and re creation someone able to generate a new language and new ways of seeing the world by orchestrating existing social and literary vocabularies Each chapter in the volume begins with a key word or phrase from Shakespeare and builds toward a broader consideration of the social poetic and theatrical dimensions of his language The chapters capture well the richness of Shakespeare s world of words by including discussions of biblical language Latinity philosophy of language and subjectivity languages of commerce criminality history and education the gestural vocabulary of performance as well as accounts of verbal modality and Shakespeare s metrics An Afterword outlines a number of other important languages in Shakespeare including those of law news and natural philosophy **The Merchant of Venice** William Shakespeare,1903
