The Spirit of Truth Myk Habets, 2010-03-01 This pneumatology from below not in the methodological but in the geographical sense from New Zealand extends the contemporary renaissance of the discussion on the doctrine of the Holy Spirit across the theological loci and disciplines A veritable pneumatological contribution indeed by Myk Habets and his colleagues from Down Under

The Torah Story Gary Edward Schnittjer, 2010-06-01 Working knowledge of the Torah is essential for every serious student of the Scriptures Written in an engaging and accessible voice even while digging into difficult and complicated matters at a sophisticated level The Torah Story emphasizes the content of the text itself moving beyond debating dates and theories of authorship into understanding how these five key books of the Bible help us understand the story of salvation Providing flexible options for further study each chapter includes the following Tips and tools for getting started Questions that focus on key issues Key terms to look for Outlines and summaries of the material An interactive workshop designed for students individuals or study groups Challenge questions drawn from the chapter and biblical text Advanced questions for those who want deeper exploration of biblical contexts language and exegetical or theological issues Research project suggestions Discussion activities using films to engage the biblical narrative selected chapters A refreshingly new approach to the Torah neither an introduction nor a commentary The Torah Story

provides a model of how to read Scripture intertextually It leaves no doubt as to the overarching unity of the message and composition of the Pentateuch The Theology of the Levitical Priesthood Nicholas J. Haydock, 2015-06-30 In this book Nicholas Haydock explores the biblical presentation of the Levitical priesthood drawing out themes that run throughout Scripture and reveal God's intention for the priesthood It is successfully argued that this intention cannot be divorced from God's desire to reveal himself to the nations This hypothesis is shown to be true in examining the various functions and metaphors ascribed to the Levites Whereas in much of Old Testament criticism the Levitical priesthood has been painted in a light contrary to the biblical depiction The Theology of the Levitical Priesthood takes the canonical presentation of the Levites at face value It is the author's conviction that in attending to the biblical presentation of the Levites the Church will be aided and better equipped to apply herself to Scripture and to participate within God's mission in the present day T&T Clark Handbook of Asian American Biblical Hermeneutics Uriah Y. Kim, Seung Ai Yang, 2019-05-30 The first reference resource on how Asian Americans are currently reading and interpreting the Bible this volume also serves a valuable role in both developing and disseminating what can be termed as Asian American biblical hermeneutics The volume works from the important background that Asian Americans are the fastest growing ethnic racial minority population in the USA and that 42% of this group identifies as Christian This provides a useful starting point from which to examine what may be distinctive about Asian American approaches to the Bible Part 1 of the Handbook describes six major ethnic groups that make up 85% of Asian population by country of origin China Philippines Indian Subcontinent Vietnam Korea Japan and outlines the specific concerns each group has when its members read the Bible Part 2 of the Handbook examines major critical methods in biblical interpretation and suggests adjustments that may be helpful for Asian Americans to make when they are interpreting the Bible Finally Part 3 provides 25 interpretations by Asian American biblical scholars on specific texts in the Bible using what they consider to be Asian American hermeneutics Taken together the Handbook interprets the Bible both with and for the Asian American communities **A Survey of the Old Testament** Andrew E. Hill, John H. Walton, 2024-02-13 An indispensable guide for exploring the literary historical and theological issues behind the Old Testament now fully updated The purpose of studying the Old Testament is to understand God and his redemptive work more fully However this goal is complicated by the fact that it was transmitted through a very different language and culture from our own A Survey of the Old Testament addresses background information purpose message structure and major themes of the Old Testament to help readers understand its message and relevance Chapters introducing each major section of the Old Testament are included as are chapters dealing with issues of interpretation hermeneutics theology geography archaeology history formation of the Old Testament canon and the Old Testament's relationship to the New Testament The fourth edition features a renewed focus on purpose theology and message while also providing a more succinct textbook less intimidating to students Features included for each book of the Old Testament Writing of the Book Background Outline of the Book Purpose and Message Structure and

Organization Major Themes Questions for Further Study and Discussion Further Reading Complete with updated full color maps photos timelines and charts the latest edition of this widely acclaimed textbook is a useful and readable tool for students and other readers who wish to better understand the Old Testament and God's redemptive work *The New Quest for Paul and His Reading of the Old Testament* Timo Laato, Bror Erickson, 2023-06-27 The author is known as a strong opponent of the so called New Perspective on Paul In this book he seeks to move beyond that debate and open new vistas in Pauline research There is a need for much revision The author first dives in to a detailed exegetical study of 2 Corinthians 3 a chapter that has a reputation of being an exegetical nightmare He examines the interpretational problems associated with the opposition between the letter that kills and the Spirit that gives life Fresh insights emerge Ultimately the whole issue turns on the question whether to understand the Old Testament according to the literal letteral or literal spiritual sense As a consequence Paul breaks up with Judaism and pulls down the works of the law since he competes against the view of observing the Torah in flesh and according to the literal letteral meaning of the text He regards such a religious pursuit as the worst form of human self righteousness and self praise despite the serious efforts to true piety On the other hand Christians have undergone a transformation in terms of re creation regeneration resurrection or revitalization The Spirit gives them life He reigns in them Hence Christians do fulfill the whole Mosaic law Yet they fulfill it in Spirit and not in flesh in other words according to the literal spiritual and not literal letteral sense of Scripture As a consequence they do not bolster their self righteousness and self praise To corroborate his thesis the author draws on similar wordings in other Pauline letters and several passages in the Old Testament from Exodus Jeremiah and Ezekiel The author concludes that the New Perspective on Paul has run its course A New Quest for Paul is needed Therefore this book is needed *NIVAC Bundle 1: Pentateuch* John H. Walton, Roy Gane, Daniel I. Block, 2015-11-03 The NIV Application Commentary helps you communicate and apply biblical text effectively in today's context To bring the ancient messages of the Bible into today's world each passage is treated in three sections Original Meaning Concise exegesis to help readers understand the original meaning of the biblical text in its historical literary and cultural context Bridging Contexts A bridge between the world of the Bible and the world of today built by discerning what is timeless in the timely pages of the Bible Contemporary Significance This section identifies comparable situations to those faced in the Bible and explores relevant application of the biblical messages The author alerts the readers of problems they may encounter when seeking to apply the passage and helps them think through the issues involved This unique award winning commentary is the ideal resource for today's preachers teachers and serious students of the Bible giving them the tools ideas and insights they need to communicate God's Word with the same powerful impact it had when it was first written **Words That Heal** Joni Sancken, 2019-04-02 Soul wounds are pervasive in our world with a range of origins and characteristics The field of trauma theory provides tools to unpack the dynamics associated with these wounds Preaching with empathy for wounded souls can
