The Messiah Myth Or The Truth About Religions:

The Messiah Myth, Or, The Truth about Religions E. V. Argabright, 1995-01-01 *The Truth Behind the Christ Myth* Mark Amaru Pinkham, 2002-04 Return of the Serpents of Wisdom and Conversations With the Goddess author Pinkham tells us the Truth Behind the Christ Myth and presents radically new information regarding Jesus Christ and his ancient legend includes The legend of Jesus Christ is based on a much earlier Son of God myth from India the legend of Murrugan the Peacock Angel The symbol of the Catholic Church is Murrugan s symbol the peacock a bird native to south east Asia Murrugan evolved into the Persian Mithras and Mithras evolved into Jesus Christ Saint Paul came from Tarsus the centre of Mithras worship in Asia Minor He amalgamated the legend of the Persian Son of God onto Jesus life story The Three Wise Men were Magi priests from Persia who believed that Jesus was an incarnation of Mithras While in India Saint Thomas became a peacock before he died and merged with Murrugan the Peacock Angel The Emperor Constantine the first Christian Emperor of the Roman Empire was a lifelong devotee of Mithras He was baptised Christian on his deathbed The myth of the One and Only Son of God originated with Murrugan and Mithras *Comparative Study of the Bible Myths and their Parallels in other Religions* T. W. Doane, 2020-12-17 Comparative Study of the Bible Myths and their Parallels in other Religions is a study the Old and New Testament Myths and Miracles being compared to mythologies of other nations and religions of ancient times taking in considering their origin and meaning Comparing biblical myths to those of other nations of antiquity the author shows that many of the Bible tales mainly about Jesus and of other legends are often copied or borrowed from the myths of other religions The book gives a good history of how long the idea of the mythological nature of the Jesus in the New Testament has been noted **The Truth About Jesus : Is He a Myth?** M. M. Mangasarian, 2019-11-29 In The Truth About Jesus Is He a Myth M M Mangasarian embarks on a provocative exploration of the historical and mythological underpinnings of the figure of Jesus Christ Anchored in a critical analysis of religious texts and the socio cultural milieu of early Christianity Mangasarian employs a blend of rigorous scholarship and accessible prose to engage readers in questions surrounding the authenticity of Jesus existence He meticulously examines various aspects of biblical narratives drawing upon historical philosophical and theological perspectives to challenge conventional beliefs concerning the life and divinity of Jesus Mangasarian an Armenian American writer and a notable freethinker was usurped by the tenets of skepticism leading him to scrutinize religious dogmas His background as a former member of the Armenian Apostolic Church and experiences with the constraints of orthodox beliefs informed his critical approach to theological discussions This inquiry is part of his broader commitment to rationalism and secularism as his works often advocate for intellectual freedom and the scrutinization of sacred texts This book is highly recommended for those interested in history theology and philosophy Readers seeking to deepen their understanding of the rivalry between faith and reason will find Mangasarian s incisive arguments both compelling and enlightening making it a significant contribution to the discourse on

religion and myth **Alfred Loisy and the Making of History of Religions** Annelies Lannoy, 2020-08-10 This monograph studies the professionalization of History of religions as an academic discipline in late 19th and early 20th century France and Europe Its common thread is the work of the French Modernist priest and later Professor of History of religions at the Collège de France Alfred Loisy 1857-1940 who participated in many of the most topical debates among French and international historians of religions Unlike his well studied Modernist theology Loisy's writings on comparative religion and his rich interactions with famous scholars like F Cumont M Mauss or J G Frazer remain largely unknown This monograph is the first to paint a comprehensive picture of his career as a historian of religions before and after his excommunication in 1908 Through a contextual analysis of publications by Loisy and contemporaries and a large corpus of private correspondence it illuminates the scientification of the discipline between 1890-1920 and its deep entanglement with religion politics and society Particular attention is also given to the role of national and transnational scholarly networks and the way they controlled the theoretical and institutional frameworks for studying the history of religions *Bible Myths and Their Parallels in Other Religions* Thomas William Doane, 1882 **Religions Fail** Dr. (TOM) DICKERSON, DD, 2013-04 Never in the history of humanity has Orthodox religions been so out of touch with reasonable people Religions have not learned from over two thousand years of repeated failures and bad choices Reasonable people understand it is inconsistent to kill for the sake of peace it is a contradiction to speak of love and choose hate and it is impossible to have peace with violence How much longer can we accept orthodox religion's definition of happiness as it manifests empty rewards deceptions inconsistencies and egocentric goals How long can we flounder in this emotional intellectual and spiritual wasteland before we destroy all righteousness Tom Dickerson openly examines orthodox religion's history of human rights failures inconsistencies abuses and atrocities according to their choices not their rhetoric This book does not deny god nevertheless it strongly questions the validity of Western Religion's concept of an omnipotent righteous compassionate domineering vengeful and child like god This book will educate shock and provoke the reader as it openly advocates replacement of orthodox religion's strict dogma with exercises introspection critical thought meditation personal balance and freedom of choice Every person can come to understand orthodox religion's evilness and achieve self awareness with personal balance and acceptance of responsibility Personal balance a foundational element of a positive holistic life is available to all people willing to open their minds to reason You are the creator of your destiny **Religion from Tolstoy to Camus** Walter Kaufmann, 2017-07-28 Walter Kaufmann devoted his life to exploring the religious implications of literary and philosophical texts Deeply skeptical about the human and moral benefits of modern secularism he also criticized the quest for certainty pursued through dogma Kaufmann saw a risk of loss of authenticity in what he described as unjustified retreats into the past This is a compilation of significant texts on religious thought that he selected and introduced **Teaching Religious Education** Elaine McCreery, Sandra Palmer, Veronica Voels, 2008-05-21 Many trainee primary teachers are uncertain as to

the place and purpose of RE in primary schools This book is designed to alleviate such fears and give trainees the security and confidence to teach RE effectively Trainees are encouraged to recognise their own religious position and understand how they handle their own beliefs and commitments in the classroom In addition they will learn how to be sensitive to children s religious viewpoints allowing children to share their beliefs in a secure and supportive environment A range of strategies help readers to provide engaging and appropriate RE across the primary age phase *The Messiah Myth* Thomas L. Thompson,L Thompson,2009-04-20 Since the eighteenth century scholars and historians studying the texts of the Bible have attempted to distill historical facts and biography from the mythology and miracles described there That trend continues into the present day as scholars such as those of the Jesus Seminar dissect the Gospels and other early Christian writings to separate the Jesus of history from the Christ of faith But with *The Messiah Myth* noted Biblical scholar Thomas L Thompson argues that the quest for the historical Jesus is beside the point since the Jesus of the Gospels never existed Like King David before him says Thompson the Jesus of the Bible is an amalgamation of themes from Near Eastern mythology and traditions of kingship and divinity The theme of a messiah a divinely appointed king who restores the world to perfection is typical of Egyptian and Babylonian royal ideology dating back to the Bronze Age In Thompson s view the contemporary audience for whom the Old and New Testament were written would naturally have interpreted David and Jesus not as historical figures but as metaphors embodying long established messianic traditions Challenging widely held assumptions about the sources of the Bible and the quest for the historical Jesus *The Messiah Myth* is sure to spark interest and heated debate
