Congress,1999 [Exploring Rapid Achievement Gains in North Carolina and Texas. Lessons from the States](#) David Grissmer,Ann Flanagan,1998 The National Education Goals Panel NEGP tracks and reports annually on 33 indicators linked to the 8 National Education Goals The NEGP s 1997 report showed positive gains on the greatest number of indicators for North Carolina and Texas These gains included significant gains on the 1996 National Assessment of Educational Progress NAEP in mathematics The NEGP commissioned this study to see if the improvements were really significant and to try to identify the factors that could or could not account for the educational improvement in these two states The analysis confirms that the gains in academic achievement in both states are both significant and sustained North Carolina and Texas posted the largest gains on the NAEP administered between 1990 and 1997 and these results were mirrored in state assessments administered in the same period There is also evidence that the scores of disadvantaged students improved more rapidly than those of advantaged students Several factors commonly associated with student achievement including real per pupil spending teacher pupil ratios teachers with advanced degrees and experience levels of teachers do not appear to explain the

test score gains Texas and North Carolina rank at or below the national averages on these characteristics and none of them changed during the study period in ways that would explain the gains The study concludes that the most plausible explanation for the score gains is found in the policy environment established in each state Both states pursued similar paths to improvement and each succeeded in changing the organizational environment and incentive structure for educators in ways that led to improvement The keys to this change include 1 creating an aligned system of standards curriculum and assessments 2 holding schools accountable for improvement by all students and 3 support from businesses in developing implementing and sustaining these changes over time Contains 16 figures 4 tables and 18 references Author SLD *The Cumulative Book Index* ,1999 **The Advertising Red Books** ,2010 Diversity and Inclusion in Global Business and Education Etim, James S.,Etim, Alice S.,2025-01-22 In today s globalized world businesses and educational institutions face increasingly complex challenges related to diversity and inclusion From creating inclusive workplaces to ensuring equal opportunities organizations must navigate many issues to foster a truly inclusive environment However many need help implementing effective strategies to address these challenges comprehensively The Handbook of Research on Diversity and Inclusion in Global Business and Education offers a comprehensive and innovative approach to tackling these challenges This handbook combines diverse perspectives and cutting edge research to provide actionable insights for practitioners educators and policymakers By exploring theories best practices and case studies worldwide this book equips readers with the knowledge and tools to promote diversity and inclusion in business and education *DIRECTORY OF CORPORATE COUNSEL*. ,2023
