**Robo Sacer** David S. Dalton, 2023-05-15 Robo Sacer engages the digital humanities critical race theory border studies biopolitical theory and necropolitical theory to interrogate how technology has been used to oppress people of Mexican descent both within Mexico and in the United States since the advent of the North American Free Trade Agreement NAFTA in 1994 As the book argues robo sacer identity emerges as transnational flows of bodies capital and technology become an institutionalized state of exception that relegates people from marginalized communities to the periphery And yet the same technology can be utilized by the oppressed in the service of resistance The texts studied here represent speculative stories about this technological empowerment These texts theorize different means of techno resistance to key realities that have emerged within Mexican and Chicano communities under the rise and reign of neoliberalism The first three chapters deal with dehumanization the trafficking of death and unbalanced access to technology The final two chapters deal with the major forms of violence feminicide and drug related violence that have grown exponentially in Mexico with the rise of neoliberalism These stories theorize the role of technology both in oppressing and in providing the subaltern with necessary tools for resistance Robo Sacer builds on the previous studies of Sayak Valencia Irmgard Emmelhainz Guy Emerson Achille Mbembe and of course Giorgio Agamben but it differentiates itself from them through its theorization on how technology and particularly cyborg subjectivity can amend the reigning biopolitical and necropolitical structures of power in potentially liberatory ways Robo Sacer shows how the cyborg can denaturalize constructs of zo by providing an outlet through which the oppressed can tell their stories thus imbuing the oppressed with the power to combat imperialist forces

**The New Routledge Companion to Science Fiction** Mark Bould,Andrew M. Butler,Sherryl Vint,2024-06-13 The New Routledge Companion to Science

Fiction provides an overview of the study of science fiction across multiple academic fields. It offers a new conceptualisation of the field today marking the significant changes that have taken place in sf studies over the past 15 years. Building on the pioneering research in the first edition, the collection reorganises historical coverage of the genre to emphasise new geographical areas of cultural production and the growing importance of media beyond print. It also updates and expands the range of frameworks that are relevant to the study of science fiction. The periodisation has been reframed to include new chapters focusing on science fiction produced outside the Anglophone context including South Asian, Latin American, Chinese and African diasporic science fiction. The contributors use both well established critical and theoretical approaches and embrace a range of new ones including biopolitics, climate crisis, critical ethnic studies, disability studies, energy humanities, game studies, medical humanities, new materialisms and sonic studies. This book is an invaluable resource for students and established scholars seeking to understand the vast range of engagements with science fiction in scholarship today. **Amityville House of Pancakes 2** Allen Pete S., 2004. As if one suspect post mortem breakfast trip wasn't enough, AHOP returns in its second annual volume to delight the sad souls who enjoy humorous speculative fiction. We can't promise AHOP 2 will be funnier than last year's edition, but we can promise that it will be greasier. AHOP 2 will again feature four novella length works from some of today's most demented, twisted and depraved, or rather creative and talented minds. More mayhem from the folks that aren't sure of the difference between funny, haha and funny, peculiar. These four new novellas are guaranteed, offer not valid where prohibited by law, to tickle, please, delight and restore you all via the magic of humorous speculative fiction. Amityville House of Pancakes. You don't have to be dead to eat here, but it helps.
