Struggle For Meaning

James Hastings

Struggle For Meaning:

The Struggle for Meaning Paulin J. Hountondji, 2002 While the book's immediate concern is with Africa the theoretical nature of its analyses and its bearing on postmodern theories of the Other will make this translation of great interest to many disciplines especially ethnic gender and multicultural studies **BOOK JACKET** The Science of Religion, Spirituality, and Existentialism Kenneth E. Vail III, Clay Routledge, 2020-04-04 The Science of Religion Spirituality and Existentialism presents in depth analysis of the core issues in existential psychology their connections to religion and spirituality e.g. religious concepts beliefs identities and practices and their diverse outcomes e.g. psychological social cultural and health Leading scholars from around the world cover research exploring how fundamental existential issues are both cause and consequence of religion and spirituality informed by research data spanning multiple levels of analysis such as evolution cognition and neuroscience emotion and motivation personality and individual differences social and cultural forces physical and mental health among many others The Science of Religion Spirituality and Existentialism explores known contours and emerging frontiers addressing the big question of why religious belief remains such a central feature of the human experience Discusses both abstract concepts of mortality and concrete near death experiences Covers the struggles and triumphs associated with freedom self regulation and authenticity Examines the roles of social exclusion experiential isolation attachment and the construction of social identity Considers the problems of uncertainty the effort to discern truth and reality and the challenge to find meaning in life Discusses how the mind developed to handle existential topics how the brain and mind implement the relevant processes and the many variations and individual differences that alter those processes Delves into the psychological functions of religion and science the influence on pro and antisocial behavior politics and public policy and looks at the role of spiritual concerns in understanding the human body and maintaining physical health

Integrating Spirituality into Counseling Andrzej K. Jastrzębski, 2022-09-14 Integrating Spirituality into Counseling uses the Christian tradition as a starting point for developing a universal frame of reference and is predominantly based on an existential approach to counseling one that is applicable to several faith traditions as well as spiritual but nonreligious audiences The chapters of this book proceed from the theoretical toward the more practical in a logical fashion allowing a clear distinction between different topics starting from meta reflection and finishing with practical applications The design of the book allows students to focus on whatever is of importance to them each chapter is self contained and can be read independently of the others Integrating Spirituality into Counseling is designed for students of counseling pastoral care spirituality theology and chaplaincy It will provide readers with the tools they need to work with spiritual issues across traditions Students will also find advice for when to refer clients to religious leaders or ministers and they'll also deepen their understanding of the ways in which spirituality influences one's life Resolving Cyprus James Ker-Lindsay, 2014-11-13 Over the past fifty years the Cyprus Problem has come to be regarded as the archetype of an intractable ethnic conflict Since

1964 the United Nations has been at the forefront of efforts to find a political solution to the dispute between the island's Greek and Turkish communities. And yet despite the active involvement of six Secretaries General U Thant Kurt Waldheim Javier Perez de Cuellar Boutros Boutros Ghali Kofi Annan and Ban Ki Moon every attempt to reach a mutually acceptable solution has failed. Here James Ker Lindsay draws together new and original perspectives from the leading experts on Cyprus including academics policy makers politicians and activists. All have addressed one deceptively simple question: Can Cyprus be solved? *Resolving Cyprus* presents a comprehensive overview of the Cyprus Problem from a variety of approaches and offers new and innovative ideas as to how to tackle one of the longest running ethnic conflicts on the world stage. This represents an essential contribution to the body of work on Cyprus and will be required reading for all those following the debates surrounding the Cyprus problem.

Weakness: A Literary and Philosophical History Michael O'Sullivan, 2012-05-24

Examining the nature of weakness has inspired some of the most influential aesthetic and philosophical portraits of the human condition. By reading a selection of canonical literary and philosophical texts Michael O'Sullivan charts a history of responses to the experience and exploration of weakness. Beginning with Plato and Aristotle this first book length study of the concept explores weakness as it is interpreted by Lao Tzu Nietzsche Derrida the Romantics Dickens and the Modernists. It examines what feminist writers Simone de Beauvoir and Luce Irigaray have made of the gendered biomythology constructed around the figure of the weaker vessel and it considers related notions such as im-potentiality a syntax of weakness and human vulnerability in the work of Agamben Beckett and Coetzee. Through analysis of these differing versions of weakness O'Sullivan's study challenges the popular myth that aligns masculine identity with strength and force and presents a humane weakness as a guiding motif for debates in ethics.

Corpora in Applied Linguistics Susan Hunston, 2022-05-05

Corpus Linguistics has revolutionised the world of language study and is an essential component of work in Applied Linguistics. This book now in its second edition provides a thorough introduction to all the key research issues in Corpus Linguistics from the point of view of Applied Linguistics. The field has progressed a great deal since the first edition so this edition has been completely rewritten to reflect these advances whilst still maintaining the emphasis on hands on corpus research of the first edition. It includes chapters on qualitative and quantitative research applications in language teaching discourse studies and beyond. It also includes an extensive discussion of the place of Corpus Linguistics in linguistic theory and provides numerous detailed examples of corpus studies throughout. Providing an accessible but thorough grounding to the fascinating fast moving field of Corpus Linguistics this book is essential reading for the student and the researcher alike.

Media and Society Nicholas Carah, Eric Louw, 2015-03-27

This is the media and society text that critical scholars have been waiting for. Professor Mark Andrejevic Pomona College. This book unpacks the role of the media in social cultural and political contexts and encourages you to reflect on the power relationships that are formed as a result. Structured around the three cornerstones of media studies: production content and participation this is an ideal introduction to your studies in media.

culture and society The book Evaluates recent developments in media production industries and platforms brought about the emergence of interactive media technologies Examines the shifting relationship between media production and consumption instigated by the rise of social and mobile media recasting consumption as participation Explores the construction of texts and meanings via media representations consumer culture and popular culture as well as the relationship between politics and public relations Assesses the debates around the creative and cultural labour involved in meaning making Includes a companion website featuring exercise and discussion questions links to relevant blogs and web material lists of further reading and free access to key journal articles **The Columbian Congress of the Universalist Church** ,1894
