Textual Problems of the First Folio Alice Walker, 1958 **Textual Problems of the First Folio** Alice Walker, Textual Problems of the First Folio. Richard III, King Lear, Troilus & Cressida, 2 Henry IV, Hamlet, Othello Alice WALKER (Writer on Elizabethan Literature.), 1953 *textual problems of the first folio* Alice Walker, Textual Problema of the First Folio Alice Walker, 1953 **A Concise Companion to Shakespeare and the Text** Andrew R. Murphy, 2010-03-08 A Concise Companion to Shakespeare and the Text introduces the early editions editing practices and publishing history of Shakespeare's plays and poems and examines their influence on bibliographic studies as a whole The first single volume book to provide an accessible and authoritative introduction to Shakespearean bibliographic studies Includes a helpful introduction notes on Shakespeare's texts and a useful bibliography Contributors represent both leading and emerging scholars in the field Represents an unparalleled resource for both students and faculty *The Struggle for Shakespeare's Text* Gabriel Egan, 2010-10-21 We know Shakespeare's writings only from imperfectly made early editions from which editors struggle to remove errors The New Bibliography of the early twentieth century refined with technological enhancements in the 1950s and 1960s taught generations of editors how to make sense of the early editions of Shakespeare and use them to make modern editions This book is the first complete history of the ideas that gave this movement its intellectual authority and of the challenges to that authority that emerged in the 1980s and 1990s Working chronologically Egan traces the struggle to wring from the early editions evidence of precisely what Shakespeare wrote The story of another struggle between competing interpretations of the evidence from early editions is told in detail and the consequences for editorial practice are comprehensively surveyed allowing readers to discover just what is at stake when scholars argue about how to edit Shakespeare *A Synoptic Hamlet: a Critical-Synoptic Edition of the Second Quarto and First Folio Texts of Hamlet* Jesús Tronch-Pérez, Jesús Tronch, 2002 A Synoptic Hamlet is an alternative response to the editorial problems of this multiple text play Like most critical editions it presents the early texts in a manner helpful to the general reader by modernizing spelling and punctuation and emending non-sensical readings However it does not hide the text's diversity by exclusively selecting readings from either the Second Quarto or the First Folio in order to reconstruct a single reading version corresponding to the authentic Hamlet Rather it makes their significant variants immediately available in the line itself offering alternative editorial interpretations of identical or similar readings at certain points Thus the reader can have a direct appreciation of the divergence and similarity between these early texts from which the Hamlet of today is known
