Standards

- The [NCSCoS for English Language Arts](#) is divided into 4 strands: reading; writing; speaking and listening; and language. The EOG assesses only reading standards.

Developing Tests

- North Carolina educators were recruited and trained to write new items. The diversity among the item writers and their knowledge of the current standards was addressed during recruitment. Trained North Carolina educators also review items and suggest improvements, if necessary. The use of North Carolina educators to write and review items strengthens evidence of content validity of EOG assessments.
- For an in-depth explanation of the test development process, see State Board Policy [Multiple-Choice Test Development](#) (TEST-013) or reference the [Test Development Process: Item, Selection, and Form Development](#) document.

Prioritization of Standards

- Members of the NCDPI/Test Development Section invited North Carolina educators to collaborate and develop recommendations for a prioritization of the standards, indicating the relative importance of each standard, the anticipated instructional time, and the appropriateness of the standard for test design.
- Subsequently, curriculum and test development staff from the NCDPI met to review these recommendations from teacher panels and adopt final weight distributions across the domains for each grade level.
- *Tables 1, 2, and 3* describe the range of total items by domain and Depth of Knowledge (DOK) that will appear on the EOG Reading Tests.
