That Land Beyond:

The Land Beyond Leon McCarron, 2020-08-06 SHORTLISTED FOR THE ADVENTURE TRAVEL BOOK OF THE YEAR AT THE EDWARD STANFORD TRAVEL WRITING AWARDS There are many reasons why it might seem unwise to walk mostly alone through the Middle East That in part is exactly why Leon McCarron did it From Jerusalem McCarron followed a series of wild hiking trails that trace ancient trading and pilgrimage routes and traverse some of the most contested landscapes in the world In the West Bank he met families struggling to lead normal lives amidst political turmoil and had a surreal encounter with the world's oldest and smallest religious sect In Jordan he visited the ruins of Hellenic citadels and trekked through the legendary Wadi Rum His journey culminated in the vast deserts of the Sinai home to Bedouin tribes and haunted by the ghosts of Biblical history *The Land Beyond* is a journey through time from the quagmire of current geopolitics to the original ideals of the faithful through the layers of history culture and religion that have shaped the Holy Land But at its heart it is the story of people not politics and of the connections that can bridge seemingly insurmountable barriers *The Land Beyond* J.H.E. Lim, 2020-03-24 *The Land Beyond* is a contemporary fantasy set in the twenty first century This is the second book of *The Land* series Readers see Josie the protagonist pursuing more unusual adventures in the lands beyond Parallel to her adventures is Josie's interaction with the other characters in the story She discovers as she grows older that friendship love and trust are never constant Attitudes and lifestyles also change In her interaction with others there are moments when Josie realises that she must make choices This causes her to re think her relationship with some of the people she interacts with *The Land Beyond* Atle Grahl-Madsen, 2001-06-20 Future **The Land Beyond** Jack Ives, 2010-04-15 Geographer Jack Ives moved to Canada in 1954 and soon after he played an instrumental role in the establishment of the McGill Sub Arctic Research Laboratory in central Labrador Ungava This fascinating account of his fifty plus years living and working in the arctic is simultaneously a light hearted winning memoir and a call to action on the issues of environmental awareness and conservation that are inextricably intertwined with life in the north Mixing personal impressions of key figures of the postwar scientific boom with the intellectual drama of field research *The Land Beyond* is a memorable depiction of a life in science *The Land Beyond the Forest* Emily Gerard, 1888 Novelist Emily Gerard 1849-1905 went with her husband an officer in the Austrian army to Transylvania for two years in 1883 Then part of the Austro Hungarian Empire today a region of western Romania Transylvania was little known to readers back in England In the years following she wrote this full length account published in 1888 as well as several articles on the region which Bram Stoker used when researching the setting for *Dracula* She describes her encounters with the different nationalities that made up the Transylvanian people Romanians Saxons and gypsies Full of startling anecdotes and written in a novelistic style her work combines her personal recollections with a detailed account of the landscape and people The first volume recounts her first impressions and the superstitions and customs of the Romanian and Saxon populations For more information on this author see <http://orlando>
