Sameer Advani, LC, 2024-10-01 What can Christian theology claim about the place of other religions in God's providential plan for humanity How can it reconcile the universality of God's saving plan and the particularity of Christ and the Church What meaning is left to Christian existence and mission in a religiously pluralist world As priest theologian cardinal archbishop and pope Joseph Ratzinger reflected on these difficult questions for more than half a century and in a variety of contexts proffering an array of profound answers that are dispersed across his substantial literary corpus In *Ratzinger on Religious Pluralism* Sameer Advani assembles and synthesizes these reflections and answers of the late pontiff providing a systematic study of Ratzinger's theology of religions that attends to the scope of his larger historical philosophical and theological concerns The first part analyzes Ratzinger's critical engagement with various paradigms of religious pluralism whose accounts of religion Christianity and non-Christian religions he found both phenomenologically and theologically wanting The second part in turn explores Ratzinger's positive proposal for a theology of religions which locates both Christianity and non-Christian religions against the larger backgrounds of anthropological unity the human search for truth and divine providence Advani argues that while Ratzinger rejected the idea that other religions are salvific or on par with Christianity he recognized both their important role in God's providential plan and their suitedness to an assumption into the Church through mutual albeit asymmetric purification and enrichment      **A History of Indian Literature** Sisir Kumar Das, 1995      *A History of Indian Literature: Struggle for freedom: triumph and tragedy, 1911-1956* Sisir Kumar Das, 1991      *Puppets of Faith: Theory of Communal Strife (A critical appraisal of Islamic faith, Indian polity 'n more)* BS Murthy, 2013-04-10 The sublimity of Muhammad's preaching in Mecca and the severity of his sermons in Medina make Islam a Janus-faced faith that forever bedevils the mind of the Muslims This thought provoking work besides dissecting the anatomy of Islam steeped in the Quran seeks to depict the psyche of the Muslims shaped by the proclivities of their prophet vicissitudes of his life and the attitudes of his detractors which the mechanism of their umma perpetuates More to the point aided by I m Ok You re Ok the path breaking work of Thomas A Harris and Roland E Miller's *Muslim Friends Their Faith and Feeling* this book for the first time ever psycho-analyzes the imperatives of the Muslim upbringing which has the potential to turn a faithful and a renegade alike into a *fidayeen* Also apart from delving into the ironies of the faiths that affected the fate of the peoples eclipsed the cultures of communes altered the course of history and afflict the politics of the day this book examines how the *san tana* Hindu dharma came to survive in India in spite of the combined onslaught of Islam and the Christianity on Hinduism for over a millennium This book is for those who wish to be aware of the follies of their faith and the foibles of others to lighten the burden of dogma and reduce the baggage of prejudice postulated in its thirty-five well-structured chapters Also besides providing a panoramic view of the Indian history this thought provoking book appraises the way Gandhi Nehru Patel Azad Ambedkar Indira Gandhi Narasimha Rao Vajpayee Manmohan Singh Sonia Gandhi Narendra Modi et al made or unmade the
