calmly If only I didn't have the bug I could do this I could well at least fantasize realistically about this becoming something People liked it when you were just a little broken he knew from experience It lets them think that you're not so unattainable gives them the confidence to make a move Then they can fix you be the one to unbreak you so they get to have it all get the perfect lover in the end by coming to it through the side door Yeah he smirked But they don't want you when you're just a little too broken just a little bit beyond where you can be repaired back into perfection their reward for accepting those lesser flaws for a while Some things stay broken and nobody wants that New England Stationer and Printer, 1901
