The Age Of Equipoise A Study Of The Mid Victorian Generation

Miles Taylor, Michael Wolff

The Age Of Equipoise A Study Of The Mid Victorian Generation:

The Age of Equipoise W L Burn, 2019-08-13 First published in 1964 The purpose of this title is to examine and describe certain aspects of English life and thought between 1852 and 1867 By exploring the lives of certain men and women the reader will be presented with an illustration of the actions and opinions of the time The book draws a contrast between mid Victorian England and the *The Age of Equipoise* William Laurence Burn, 1968 *The Age of Equipoise* William Laurence Burn, 1968 *The Victorians Since 1901* Miles Taylor, Michael Wolff, 2004-09-04 Over a century after the death of Queen Victoria historians are busy re appraising her age and achievements However our understanding of the Victorian era is itself a part of history shaped by changing political cultural and intellectual fashions Bringing together a group of international scholars from the disciplines of history English literature art history and cultural studies this book identifies and assesses the principal influences on twentieth century attitudes towards the Victorians Developments in academia popular culture public history and the internet are covered in this important and stimulating collection and the final chapters anticipate future global trends in interpretations of the Victorian era making an essential volume for students of Victorian Studies **The Oxford Handbook of the Victorian Novel** Lisa Rodensky, 2013-07-11 Much has been written about the Victorian novel and for good reason The cultural power it exerted and to some extent still exerts is beyond question The Oxford Handbook of the Victorian Novel contributes substantially to this thriving scholarly field by offering new approaches to familiar topics the novel and science the Victorian Bildungroman as well as essays on topics often overlooked the novel and classics the novel and the OED the novel and allusion Manifesting the increasing interdisciplinarity of Victorian studies its essays situate the novel within a complex network of relations among for instance readers editors reviewers and the novelists themselves or among different cultural pressures the religious the commercial the legal The handbook s essays also build on recent bibliographic work of remarkable scope and detail responding to the growing attention to print culture With a detailed introduction and 36 newly commissioned chapters by leading and emerging scholars beginning with Peter Garside s examination of the early nineteenth century novel and ending with two essays proposing the last Victorian novel the handbook attends to the major themes in Victorian scholarship while at the same time creating new possibilities for further research Balancing breadth and depth the clearly written nonjargon laden essays provide readers with overviews as well as original scholarship an approach which will serve advanced undergraduates graduate students and established scholars As the Victorians get further away from us our versions of their culture and its novel inevitably change this Handbook offers fresh explorations of the novel that teach us about this genre its culture and by extension our own *Picturing Reform in Victorian Britain* Janice Carlisle, 2012-05-31 An innovative exploration of Victorian art and politics that examines how paintings and newspaper illustrations visualized franchise reform **Teaching Britain** Christopher Bischof, 2019-05-09 Teaching Britain examines teachers as key agents in the production of social knowledge Teachers in nineteenth century

Britain claimed intimate knowledge of everyday life among the poor and working class at home and non white subjects abroad They mobilized their knowledge in a wide range of media from accounts of local happenings in their schools official log books to travel narratives based on summer trips around Britain and the wider world Teachers also obsessively narrated and reflected on their own careers Through these stories and the work they did every day teachers imagined and helped to enact new models of professionalism attitudes towards poverty and social mobility ways of thinking about race and empire and roles for the state As highly visible agents of the state and beneficiaries of new state funded opportunities teachers also represented the largesse and the reach of the liberal state but also the limits of both

Sex and Suffrage in Britain, 1860-1914 Susan Kingsley Kent, 2014-07-14 Although other historians have viewed the suffrage movement as aimed at exclusively political ends she argues that such a categorization ignores many of the most compelling reasons why thousands of middle and upper class women risked ostracism obloquy and often physical harm in the pursuit of the right to vote and why their efforts met with such intense opposition The alliance of respectable middle class women with prostitutes the attack on marriage and the suffragists distrust of the medical profession are among the topics the author addresses Drawing on hypotheses advanced by Michel Foucault she asserts that feminists sought no less than the total transformation of the lives of women Originally published in 1987 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Selling Ancestry Stéphane Jettot, 2023 Often cited but rarely studied in their own right family directories help us reconsider how ancestry and genealogy became objects of widespread commercialization in the 18th century Employed by contemporaries as reference tools to navigate society they can be used by historians to explore attitudes towards social status and political events

The Making of Modern English Society from 1850 Janet Roebuck, 1982 In the second half of the nineteenth century and the first half of the twentieth century a variety of forces emerged which changed society in many profound and subtle ways The Making of Modern English Society from 1850 uses the findings of recent historical and sociological research contemporary literature and a wide range of historical sources to form a clear picture of the main patterns of the social changes which took place in this turbulent period Jane Roebuck shows how in these hundred years the whole fabric of society altered more rapidly and radically than in ant preceding century She gives and account of the dramatic change which occurred in all spheres of national liked She demonstrates how the drift towards socialism which began in the nineteenth century gathered momentum in the twentieth and how massive social chance was on produce of the two world wars In the field of economics the author considers the development of the maturing but still primitive industrial economy of the mid nineteenth century into a modern

economy based on mass production and mass consumption She also describes the change in emphasis from desire for world power to concern for domestic prosperity and welfare services *Political Movements in Urban England, 1832-1914* Matthew Roberts,2008-12-16 A critical introduction to the mass political movements that came of age in urban England between the Great Reform Act of 1832 and the start of World War One Roberts provides a guide to the new approaches to topics such as Chartism parliamentary reform Gladstonian Liberalism popular Conservatism and the independent Labour movement *Novelty fair* Jo Briggs,2016-03-02 Engages with nineteenth century visual culture in an unusually broad way juxtaposing photography fashion broadside ballads popular prints and caricature in order to re examine Victorian society between Chartism and the Great Exhibition **Lightfoot the Historian** Geoffrey R. Treloar,1998 This is the first full length scholarly treatment of the life and work of J B Lightfoot Using large quantities of unpublished sources Geoffrey R Treloar presents a picture of Lightfoot in relation to the social and cultural conditions of his day and explains the breakthrough the achieved for the higher criticism of the New Testament in the English Church BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Atonement and Self-Sacrifice in Nineteenth-Century Narrative** Jan-Melissa Schramm,2012-06-21 This book explores the tensions raised by ideas of sacrifice in literature at a time of significant legal and theological change **The English Police** Clive Emsley,2014-09-19 A comprehensive history of policing from the eighteenth century onwards which draws on largely unused police archives Clive Emsley addresses all the major issues of debate he explores the impact of legislation and policy at both national and local levels and considers the claim that the English police were non political and free from political control In the final section he looks at the changing experience of police life Established as a standard introduction to the subject on its first appearance the Second Edition has been substantially revised and is now published under the Longman imprint for the first time *Dickens, Journalism, and Nationhood* Sabine Clemm,2010-04-15 Dickens Journalism and Nationhood examines Charles Dickens weekly family magazine Household Words in order to develop a detailed picture of how the journal negotiated asserted and simultaneously deconstructed Englishness as a unified and sometimes unifying mode of expression It offers close readings of a wide range of materials that self consciously focus on the nature of England as well as the relationship between Britain and the European continent Ireland and the British colonies Starting with the representation and classification of identities that took place within the framework of the Great Exhibition of 1851 it suggests that the journal strives for a model of the world in concentric circles spiraling outward from the metropolitan center of London Despite this apparent orderliness however each of the national or regional categories constructed by the journal also resists and undermines such a clear cut representation National Identity in Great Britain and British North America, 1815-1851 Dr Linda E Connors,Dr Mary Lu MacDonald,2013-05-28 Examining the complex and rapidly expanding world of print culture and reading in the nineteenth century Linda E Connors and Mary Lu MacDonald show how periodicals in the United Kingdom and British North America

shaped and promoted ideals about national identity In the wake of the Napoleonic wars periodicals instilled in readers an awareness of cultures places and ways of living outside their own experience while also proffering messages about what it meant to be British The authors cast a wide net showing the importance of periodicals for understanding political and economic life faith and religion the world of women and children the idea of progress as a transcendent ideology and the relationships between the parts for example Scotland or Nova Scotia and the whole Great Britain Analyzing the British identity of expatriate nineteenth century Britons in North America alongside their counterparts in Great Britain enables insights into whether residents were encouraged to identify themselves by country of residence by country of birth or by their newly acquired understanding of a broader whole Enhanced by a succinct and informative catalogue of data including editorship and price about the periodicals analyzed this study provides a striking history of the era and brings clarity to the perception of British transcendence and progress that emerged with such force and appeal after 1815

The Home Office, 1848-1914, from Clerks to Bureaucrats Jill Pellew, 1982 Examines the changing social and educational backgrounds functions of the British civil servant especially after the reforms following the Northcote Trevelyan report Considers the structure of the department and the Home Office s alleged failure to effectively respond to contemporary social and political needs

Conflict and Compromise Dennis Smith, 2016-06-17 First published in 1982 this study explores the dynamics of class formation during the vital decades between 1830 and 1914 when a rising urban industrial order was developing in complex interdependence with a declining rural agrarian order The book follows the divergent paths of two cities Birmingham and Sheffield in their social development These paths reflect the complex process of conflict and compromise as the old order was gradually replaced by the new It studies in detail many aspects of social life that were affected by these changes such as education public administration political structures public administration religion the professions popular culture and family This book will be of interest to those studying Victorian history and sociology

British Foreign Policy 1874-1914 Sneha Mahajan, 2003-08-27 A challenging analysis of British Foreign Policy is provided at a time when Britain possessed the biggest Empire that humankind has ever known In this Empire India had a unique position comprising 97 per cent of Britain s Asiatic Empire All British statesmen deemed it essential to maintain their hold over India whatever the risk or cost of doing so This work focuses on aspects that have been hitherto marginalized It also contributes to debates surrounding the origins of the First World War the multipolar diplomacy of the late nineteenth century and the nature of imperial connections

Unveiling the Power of Verbal Beauty: An Psychological Sojourn through **The Age Of Equipoise A Study Of The Mid Victorian Generation**

In some sort of inundated with monitors and the cacophony of immediate conversation, the profound power and psychological resonance of verbal art frequently diminish into obscurity, eclipsed by the continuous assault of noise and distractions. Yet, situated within the lyrical pages of **The Age Of Equipoise A Study Of The Mid Victorian Generation**, a charming function of literary brilliance that pulses with natural thoughts, lies an wonderful trip waiting to be embarked upon. Penned with a virtuoso wordsmith, this interesting opus manuals visitors on an emotional odyssey, softly revealing the latent possible and profound impact stuck within the complicated internet of language. Within the heart-wrenching expanse of this evocative evaluation, we will embark upon an introspective exploration of the book is main themes, dissect its captivating publishing fashion, and immerse ourselves in the indelible effect it leaves upon the depths of readers souls.
