The Age Of Renaissance And Reformation:

Age of Renaissance and Reformation Charles G. Nauert, 1981-09-10 Originally published by Dryden Press in 1977 this volume examines the period from 1300 to the end of the Thirty Years War in 1648 an age of disorganization and turmoil though also one of high achievement It was an era that was somewhat grandiosely and quite inaccurately described as a rebirth of civilization a Renaissance and in religious matters a Reformation **The age of renaissance and reformation** Charles G. survey of present knowledge together with some suggestions as to how the field is developing It aims both to interrogate the notion of early modernity itself and to survey early modern Europe as an established field of study The overriding aim will be to establish that early modern is not simply a chronological label but possesses a substantive integrity Volume I examines Peoples and Place assessing structural factors such as climate printing and the revolution in information social and economic developments and religion including chapters on Orthodoxy Judaism and Islam German Histories in the Age of Reformations, 1400-1650 Thomas A.
