musicians began incorporating elements of the blues into their common musical language The vinyl record itself under represented in previous studies plays a major part in the story of the blues in Britain Not only did recordings shape perceptions and listening habits but which artists were available at any given time also had an enormous impact on the British blues Schwartz maps the influences on British blues and blues rock performers and thereby illuminates the stylistic evolution of many genres of British popular music Popular Music Roman Iwaschkin,2016-04-14 This is a comprehensive guide to popular music literature first published in 1986 Its main focus is on American and British works but it includes significant works from other countries making it truly international in scope **Working Class Heroes** David Simonelli,2013 In Working Class Heroes David Simonelli explores the influence of rock and roll on British society in the 1960s and 70s At a time when social distinctions were becoming harder to measure rock musicians appeared to embody the mythical qualities of the idealized working class by perpetuating the image of rebellious irreverent and authentic musicians
