The Allotment Movement In Britain:

The Allotment Movement in England, 1793-1873 Jeremy Burchardt, 2002 The living standards of the rural poor suffered a severe decline in the first half of the nineteenth century as a result of high population growth changing agricultural practices enclosure and the decline of rural industries Allotment provision was the most important counterweight to the pressures This book offers the first systematic analysis of the early nineteenth century allotment movement providing new data on the chronology of the movement and on the number geographical distribution size rents cultivation yields and effect on living standards of allotments showing how the movement brought the culture of the rural labouring poor more closely into line with the mainstream values of respectable mid Victorian England This book casts new light on central aspects of early and mid nineteenth century social and economic history agriculture and rural society JEREMY BURCHARDT is lecturer in Rural History University of Reading [The Allotment Movement in Britain](#) Denis M. Moran, 1990 In this survey of a ubiquitous feature within the British landscape Moran focuses on the origin and role of the allotment during the nineteenth and twentieth centuries The Movement keenly reflects British economic and social changes during that period In particular the movement expresses national and local concern with relief of the poor An intensive examination of allotments in Swindon parallels fluctuations in the national history of the Movement The study is of special interest to social historians cultural geographers and urban sociologists **The Land Question in Britain, 1750-1950** M. Cragoe, P. Readman, 2010-01-20 The Land Question occupied a central place in political and cultural debates in Britain for nearly two centuries From parliamentary enclosure in the mid eighteenth century to the fierce Labour party debate concerning the nationalization of land after World War Two the fate of the land held the power to galvanize the attention of the nation *The Routledge Companion to Britain in the Nineteenth Century, 1815-1914* Chris Cook, 2005-11-30 The Routledge Companion to Britain in the Nineteenth Century 1815 1914 is an accessible and indispensable compendium of essential information on the Victorian and Edwardian eras Using chronologies maps glossaries an extensive bibliography a wealth of statistical information and nearly two hundred biographies of key figures this clear and concise book provides a comprehensive guide to modern British history from the end of the Napoleonic Wars to the outbreak of the First World War As well as the key areas of political economic and social development of the era this book also covers the increasingly emergent themes of sexuality leisure gender and the environment exploring in detail the following aspects of the nineteenth century parliamentary and political reform chartism radicalism and popular protest the Irish Question the rise of Imperialism the regulation of sexuality and vice the development of organised sport and leisure the rise of consumer society This book is an ideal reference resource for students and teachers alike *The Cambridge Economic History of Modern Britain: Volume 1, Industrialisation, 1700-1870* Roderick Floud, Jane Humphries, Paul Johnson, 2014-10-09 A new edition of the leading textbook on the economic history of Britain since industrialization Combining the expertise of more than thirty leading

historians and economists Volume 1 tracks Britain's economic history in the period ranging from 1700 to 1870 from industrialisation to global trade and empire Each chapter provides a clear guide to the major controversies in the field and students are shown how to connect historical evidence with economic theory and apply quantitative methods New approaches are proposed to classic issues such as the causes and consequences of industrialisation the role of institutions and the state and the transition from an organic to an inorganic economy as well as introducing new issues such as globalisation convergence and divergence the role of science technology and invention and the growth of consumerism Throughout the volume British experience is set within an international context and its performance benchmarked against its global competitors

A Brief History of Britain 1660 - 1851 William Gibson, 2011-06-23 Praise for the author Gibson's well written and well documented account of James and the bishops will surely become the new standard authority on these implausible revolutionaries for many decades Barbara Brandon Schnorrenberg Anglican and Episcopal History In 1660 England emerged from the devastation of the Civil Wars and restored the king Charles II to the throne Over the next 190 years Britain would establish itself as the leading nation in the world the centre of a burgeoning empire at the forefront of the Enlightenment and the driving force behind the Industrial Revolution However radical change also brought with it anxiety and violence America was lost in the War of Independence and calls for revolution at home were never far from the surface of everyday life In this vivid and convincing overview of the era in which Britain transformed the world and was itself remade leading historian of the period William Gibson also looks at the impact of this revolutionary change on the ordinary citizens of Britain This is the third book in this wonderfully concise four volume Brief History of Britain which brings together leading historians to tell the story of Britain from the Norman Conquest of 1066 right up to the present day Combining the latest research with accessible and entertaining story telling it is the ideal introduction to British history for students and general readers

How the Indians Lost Their Land Stuart BANNER, 2009-06-30 Between the early seventeenth century and the early twentieth nearly all the land in the United States was transferred from American Indians to whites How did Indians actually lose their land Stuart Banner argues that neither simple coercion nor simple consent reflects the complicated legal history of land transfers Instead time place and the balance of power between Indians and settlers decided the outcome of land struggles

Richard Congreve, Positivist Politics, the Victorian Press, and the British Empire Matthew Wilson, 2025-04-08 This book is about the life and times of Richard Congreve This polemicist was the first thinker to gain instant infamy for publishing cogent critiques of imperialism in Victorian Britain As the foremost British acolyte of Auguste Comte Congreve sought to employ the philosopher's new science of sociology to dismantle the British Empire With an aim to realise in its place Comte's global vision of utopian socialist republican city states the former Oxford don and ex Anglican minister launched his Church of Humanity in 1859 Over the next forty years Congreve engaged in some of the most pressing foreign and domestic controversies of his day despite facing fierce personal attacks in the Victorian press Congreve made

overlooked contributions to the history of science political economy and secular ethics In this book Matthew Wilson argues that Congreve s polemics in the name of Humanity served as the devotional practices of his Positivist church **Greening in the Red Zone** Keith G. Tidball,Marianne E. Krasny,2013-07-22 Creation and access to green spaces promotes individual human health especially in therapeutic contexts among those suffering traumatic events But what of the role of access to green space and the act of creating and caring for such places in promoting social health and well being Greening in the Red Zone asserts that creation and access to green spaces confers resilience and recovery in systems disrupted by violent conflict or disaster This edited volume provides evidence for this assertion through cases and examples The contributors to this volume use a variety of research and policy frameworks to explore how creation and access to green spaces in extreme situations might contribute to resistance recovery and resilience of social ecological systems **Bibliography on Land Settlement** ,1934 For a number of years the three industries of seed growing canning and trucking through their national organizations have discussed the need for accurate descriptions of the important varieties in the crop plants with which they are concerned Miscellaneous Publication ,1938 Neo-liberalism and the Architecture of the Post Professional Era Hossein Sadri,2018-04-27 This book discusses the effects of Neo Liberal policies on the transformations of architectural and urban practices and education in the transition from the era of professionalism to post professionalism Building on previous literature in the field of contemporary theory of architecture it provides the necessary resources for the study of contemporary architecture and urban politics urban sociology local administration and urban geography Further it develops a political and critical perspective on contemporary practices of architecture and urbanism their implementation legal background political effects and social results The book will interest readers from a wide range of academic disciplines from political science to architecture and from urban studies to sociology *The Gardens of the British Working Class* Margaret Willes,2014-04-29 This magnificently illustrated people s history celebrates the extraordinary feats of cultivation by the working class in Britain even if the land they toiled planted and loved was not their own Spanning more than four centuries from the earliest records of the laboring classes in the country to today Margaret Willes s research unearths lush gardens nurtured outside rough workers cottages and horticultural miracles performed in blackened yards and reveals the ingenious sometimes devious methods employed by determined obsessive and eccentric workers to make their drab surroundings bloom She also explores the stories of the great philanthropic industrialists who provided gardens for their workforces the fashionable rich stealing the gardening ideas of the poor alehouse syndicates and fierce rivalries between vegetable growers flower fanciers cultivating exotic blooms on their city windowsills and the rich lore handed down from gardener to gardener through generations This is a sumptuous record of the myriad ways in which the popular cultivation of plants vegetables and flowers has played and continues to play an integral role in everyday British life England's Magnificent Gardens Roderick Floud,2021-06-15 An altogether different kind of book on English gardens the first of its kind a look at the history of England

s magnificent gardens as a history of Britain itself from the seventeenth century gardens of Charles II to those of Prince Charles today In this rich revelatory history Sir Roderick Floud one of Britain s preeminent economic historians writes that gardens have been created in Britain since Roman times but that their true growth began in the seventeenth century by the eighteenth century nurseries in London took up 100 acres with ten million plants that were worth more than all of the nurseries in France combined Floud s book takes us through more than three centuries of English history as he writes of the kings queens and princes whose garden obsessions changed the landscape of England itself from Stuart Georgian and Victorian England to today s Windsors Here are William and Mary who brought Dutch gardens and bulbs to Britain William who twice had his entire garden lowered in order to see the river from his apartments and his successor Queen Anne who like many others since vowed to spend little on her gardens and instead spent millions Floud also writes of Frederick Prince of Wales the founder of Kew Gardens who spent more than 40 000 on a single twenty five foot tulip tree for Carlton House Queen Victoria who built the largest most advanced and most efficient kitchen garden in Britain and Prince Charles who created and designed the gardens of Highgrove inspired by his boyhood memories of his grandmother s gardens We see Sarah Duchess of Marlborough who created a magnificent garden at Blenheim Palace only to tear it apart and build a greater one Deborah Duchess of Devonshire the savior of Chatsworth s 100 acre garden in the midst of its 35 000 acres and the gardens of lesser mortals among them Gertrude Jekyll and Vita Sackville West both notable garden designers and writers We see the designers of royal estates among them Henry Wise William Kent Humphrey Repton and the greatest of all English gardeners Capability Brown who created the 150 acre lake of Blenheim Palace earned millions annually and designed more than 170 parks many still in existence today We learn how gardening became a major catalyst for innovation central heating came from experiments to heat greenhouses with hot water pipes how the new iron industry of industrializing Britain supplied a myriad of tools mowers pumps and the boilers that heated the greenhouses and finally Floud explores how gardening became an enormous industry as well as an art form in Britain and by the nineteenth century was unrivaled anywhere in the world

Food and the City Jennifer Cockrall-King, 2012-02-14 A global movement to take back our food is growing The future of farming is in our hands and in our cities This book examines alternative food systems in cities around the globe that are shortening their food chains growing food within their city limits and taking their food security into their own hands The author an award winning food journalist sought out leaders in the urban agriculture movement and visited cities successfully dealing with food deserts What she found was not just a niche concern of activists but a global movement that cuts across the private and public spheres economic classes and cultures She describes a global movement happening from London and Paris to Vancouver and New York to establish alternatives to the monolithic globally integrated supermarket model A cadre of forward looking innovative people has created growing spaces in cities on rooftops backyards vacant lots along roadways and even in vertical farms Whether it s a community public orchard supplying the needs of local

residents or an urban farm that has reclaimed a derelict inner city lot to grow and sell premium market veggies to restaurant chefs the urban food revolution is clearly underway and working This book is an exciting fascinating chronicle of a game changing movement a rebellion against the industrial food behemoth and a reclaiming of communities to grow distribute and eat locally

Pauper policies Samantha A. Shave, 2017-04-14 Pauper policies examines how policies under the old and New Poor Laws were conceived adopted implemented developed or abandoned This fresh perspective reveals significant aspects of poor law history which have been overlooked by scholars Important new research is presented on the adoption and implementation of enabling acts at the end of the old poor laws the exchange of knowledge about how best to provide poor relief in the final decades of the old poor law and formative decades of the New and the impact of national scandals on policy making in the new Victorian system Pointing towards a new direction in the study of poor law administration it examines how people both those in positions of power and the poor could shape pauper policies It is essential reading for anyone with an interest in welfare and poverty in eighteenth and nineteenth century England

The Cambridge Economic History of Modern Britain Roderick Floud, Jane Humphries, Paul Johnson, 2014-10-09 A new edition of the leading textbook on the economic history of Britain since industrialization Combining the expertise of more than thirty leading historians and economists Volume 1 tracks Britain's economic history in the period ranging from 1700 to 1870 from industrialisation to global trade and empire Each chapter provides a clear guide to the major controversies in the field and students are shown how to connect historical evidence with economic theory and apply quantitative methods New approaches are proposed to classic issues such as the causes and consequences of industrialisation the role of institutions and the state and the transition from an organic to an inorganic economy as well as introducing new issues such as globalisation convergence and divergence the role of science technology and invention and the growth of consumerism Throughout the volume British experience is set within an international context and its performance benchmarked against its global competitors

Rural Women Workers in Nineteenth-century England Nicola Verdon, 2002 The range of women's work and its contribution to the family economy studied here for the first time Despite the growth of women's history and rural social history in the past thirty years the work performed by women who lived in the nineteenth century English countryside is still an under researched issue Verdon directly addresses this gap in the historiography placing the rural female labourer centre stage for the first time The involvement of women in the rural labour market as farm servants as day labourers in agriculture and as domestic workers are all examined using a wide range of printed and unpublished sources from across England The roles village women performed in the informal rural economy household labour gathering resources and exploiting systems of barter and exchange are also assessed Changes in women's economic opportunities are explored alongside the implications of region age marital status number of children in the family and local custom women's economic contribution to the rural labouring household is established as a critical part of family subsistence despite criticism of such work and the rise in male wages

after 1850 NICOLA VERDON is a Research Fellow in the Rural History Centre University of Reading

Migrants, Emigrants and Immigrants Colin Pooley, Ian Whyte, 2022-01-19 Originally published in 1991 this book covers an usually long time from the 17th to the 20th Century and considers the impact of internal migration and immigration primarily in Britain as well as emigration to North America South Africa New Zealand and Australia Population movements are now recognized to be an integral part of structural change within society and this book brings together a variety of approaches Drawing on the findings of historians geographers and sociologists the essays highlight areas of concern and illustrate some of the directions research on migration was taking in the early 1990s

Working Class Cultures in Britain, 1890-1960 Prof Joanna Bourke, Joanna Bourke, 2008-01-28 Integrating a variety of historical approaches and methods Joanna Bourke looks at the construction of class within the intimate contexts of the body the home the marketplace the locality and the nation to assess how the subjective identity of the working class in Britain has been maintained through seventy years of radical social cultural and economic change She argues that class identity is essentially a social and cultural rather than an institutional or political phenomenon and therefore cannot be understood without constant reference to gender and ethnicity Each self contained chapter consists of an essay of historical analysis introducing students to the ways historians use evidence to understand change as well as useful chronologies statistics and tables suggested topics for discussion and selective further reading
