Crow has gone but forty years after Brown poverty big city slums white backlash politically and socially conservative policies and prolonged recession have made economic progress for the vast majority of blacks an elusive perhaps ever more distant goal All Americans who strove and suffered to make democracy real come vividly to life in these compelling pages

*The Development of Southern Public Libraries and the African American Quest for Library Access, 1898-1963* Dallas Hanbury, 2019-12-04 Using the Atlanta Birmingham and Nashville Public Libraries as case studies *The Development of Southern Public Libraries and the African American Quest for Library Access 1898 1963* argues that public libraries played an integral role in Southern cities economic and cultural boosterism efforts during the New South and Progressive Eras First Southern public libraries helped institutionalize segregation during the early twentieth century by refusing to serve African Americans or only to a limited degree Yet the Progressive Era s emphasis on self improvement and moral uplift influenced Southern public libraries to the extent that not all embraced total segregation It even caused Southern public libraries to remain open to the idea of slowly expanding library service to African Americans Later libraries social mission and imperfect commitment to segregation made them prime targets for breaking down the barriers of segregation in the post World War II era In this study Dallas Hanbury concludes that dealing with the complicated and unexpected outcomes of having practiced segregation constituted a difficult and lengthy process for Southern public libraries

**Black Americans and the Civil Rights Movement in the West** Bruce A. Glasrud, Cary D. Wintz, 2019-02-14 In 1927 Beatrice Cannady succeeded in removing racist language from the Oregon Constitution During World War II Rowena Moore fought for the right of black women to work in Omaha s meat packinghouses In 1942 Thelma Paige used the courts to equalize the salaries of black and white schoolteachers across Texas In 1950 Lucinda Todd of Topeka laid the groundwork for the landmark Supreme Court decision *Brown v Board of Education* These actions including sit ins long before the Greensboro sit ins of 1960 occurred well beyond the borders of the American South and East regions most known as the home of the civil rights movement By considering social justice efforts in western cities and states *Black Americans and the Civil Rights Movement in the West* convincingly integrates the West into the historical narrative of black Americans struggle for civil rights From Iowa and Minnesota to the Pacific Northwest and from Texas to the Dakotas black westerners initiated a wide array of civil rights activities in the early to late twentieth century Connected to national struggles as much as they were tailored to local situations these efforts predated or prefigured events in the East and South In this collection editors Bruce A Glasrud and Cary D Wintz bring these moments into sharp focus as the contributors note the ways in which the racial and ethnic diversity of the West shaped a specific kind of African American activism Concentrating on the far West the mountain states the desert Southwest the upper Midwest and states both

southern and western the contributors examine black westerners responses to racism in its various manifestations whether as school segregation in Dallas job discrimination in Seattle or housing bias in San Francisco Together their essays establish in unprecedented detail how efforts to challenge discrimination impacted and changed the West and ultimately the United States
