The American Image Photographs From The National Archives 1860 196:

National Geographic the Old West Stephen Garrison Hyslop, 2015 From Lewis and Clark's epic 1803 expedition to the showmanship of Buffalo Bill the story of the American West is epic in scope full of amazing tales of tragedy and triumph Illustrated with photographs and maps this book is a history of a time and place that forever lives in legend [America, History and Life](#), 1998 Article abstracts and citations of reviews and dissertations covering the United States and Canada

Prophets and Moguls, Rangers and Rogues, Bison and Bears Heather Hansen, 2015-10-20 Celebrates the dedicated men and women of our National Park Service NPS who have safeguarded the nation's natural legacy for 100 years 2016 marks the 100th anniversary of the creation of the National Park Service 125 images including many archival photos Anyone who has stood beneath a redwood neck craned to see its top rising far above or who has heard ghostly whispers of residents long past among the burnt red cliff dwellings of Mesa Verde or who has climbed the stairs to gaze out from the Statue of Liberty's crown would agree that our National Park system is a source of pride and wonder But 100 years ago creating a bureau to administer America's vast and diverse parks was a concept requiring great debate and persuasion The story of the National Park Service is the story of people who fought for the protection of the places that have helped to define our national identity those places we now hold dear from the blue hazy mist that hangs over Great Smokey Mountains National Park to the spouting geysers of Yellowstone to the thick steamy waterways of the Everglades The NPS founders were the architects of our family vacations the inventors of icons with worldwide appeal They battled progress which often masked greed and ignorance and their story continues with those who molded and grew the NPS through a flu pandemic the Great Depression World Wars and beyond Prophets and Moguls Rangers and Rogues Bison and Bears is the engaging and accessible story of the NPS that brings to life its history and characters The result of extensive research dozens of interviews with Park Service employees and the author's own experiences at park units she visited all over the country it's a highly readable history that connects the dots of past to present and will remind readers of the vast array of public assets administered by the NPS resources which offer something for everyone and also need every citizen's support [Guide to the Material in the National Archives 1940](#) National Archives Establishment (U.S.), 1940 **Artifacts and the American**

Past Thomas J. Schlereth, 1995-10-06 Nine outstanding essays present teaching and research techniques that will give your students personal encounters in the field with artifacts **A Guide to Historical Reading** Fred Raymon Czarra, 1983

Guide to Historical Research at the National Agriculture Library Susan Chapman, 1994 **The Story of Science: Einstein Adds a New Dimension** Joy Hakim, 2016-04-26 In volume three students will look over Albert Einstein's shoulder as he and his colleagues develop a new kind of physics It leads in two directions to knowledge of the vast universe and its future insights build on Einstein's theories of relativity and to an understanding of the astonishingly small subatomic world the realm of quantum physics Students will learn why relativity and quantum theory revolutionized our world and led to the

most important ideas in modern science maybe of all time In the three book The Story of Science series master storyteller Joy Hakim narrates the evolution of scientific thought from ancient times to the present With lively character driven narrative Hakim spotlights the achievements of some of the world s greatest scientists and encourages a similiar spirit of inquiry in readers The books include hundreds of color photographs charts maps and diagrams informative sidebars suggestions for further reading and excerpts from the writings of great scientists

School Photos in Liquid Time Marianne Hirsch,Leo Spitzer,2019-12-30 From clandestine images of Jewish children isolated in Nazi ghettos and Japanese American children incarcerated in camps to images of Native children removed to North American boarding schools classroom photographs of schoolchildren are pervasive even in repressive historical and political contexts School Photos in Liquid Time offers a closer look at this genre of vernacular photography tracing how photography advances ideologies of social assimilation as well as those of hierarchy and exclusion In Marianne Hirsch and Leo Spitzer s deft analysis school photographs reveal connections between the histories of persecuted subjects in different national and imperial centers Exploring what this ubiquitous and mundane but understudied genre tells us about domination as well as resistance the authors examine school photos as documents of social life and agents of transformation They place them in dialogue with works by contemporary artists who reframe remediate and elucidate them Ambitious yet accessible School Photos in Liquid Time presents school photography as a new access point into institutions of power revealing the capacity of past and present actors to disrupt and reinvent them

Founding Fathers K. M. Kostyal,2014 Kostyal tells the story of the great American heroes who created the Declaration of Independence fought the American Revolution shaped the US Constitution and changed the world The era s dramatic events from the riotous streets in Boston to the unlikely victory at Saratoga are punctuated with lavishly illustrated biographies of the key founders Alexander Hamilton John Adams Ben Franklin Thomas Paine Thomas Jefferson George Washington and James Madison who shaped the very idea of America An introduction and ten expertly rendered National Geographic maps round out this ideal gift for history buff and student alike Filled with beautiful illustrations maps and inspired accounts from the men and women who made America Founding Fathers brings the birth of the new nation to light

Elusive Utopia Gary Kornblith,Carol Lasser,2018-12-05 Before the Civil War Oberlin Ohio stood in the vanguard of the abolition and black freedom movements The community including co founded Oberlin College strove to end slavery and establish full equality for all Yet in the half century after the Union victory Oberlin s resolute stand for racial justice eroded as race based discrimination pressed down on its African American citizens In Elusive Utopia noted historians Gary J Kornblith and Carol Lasser tell the story of how in the nineteenth and early twentieth centuries Oberlin residents black and white understood and acted upon their changing perceptions of race ultimately resulting in the imposition of a color line Founded as a utopian experiment in 1833 Oberlin embraced radical racial egalitarianism in its formative years By

the eve of the Civil War when 20 percent of its local population was black the community modeled progressive racial relations that while imperfect shone as strikingly more advanced than in either the American South or North Emancipation and the passage of the Civil War amendments seemed to confirm Oberlin's egalitarian values Yet contrary to the expectations of its idealistic founders Oberlin's residents of color fell increasingly behind their white peers economically in the years after the war Moreover leaders of the white dominated temperance movement conflated class color and respectability resulting in stigmatization of black residents Over time many white Oberlinians came to view black poverty as the result of personal failings practiced residential segregation endorsed racially differentiated education in public schools and excluded people of color from local government By 1920 Oberlin's racial utopian vision had dissipated leaving the community to join the racist mainstream of American society Drawing from newspapers pamphlets organizational records memoirs census materials and tax lists *Elusive Utopia* traces the rise and fall of Oberlin's idealistic vision and commitment to racial equality in a pivotal era in American history

Manuscripts, 1979 **Who's Who in American History** K. M. Kostyal, John M. Thompson, William R. Gray, 2017 This beautiful family reference from National Geographic tells the story of America through its presidents revolutionaries visionaries inventors entertainers and even its most notorious villains Far more than an encyclopedia this treasury tells the rich stories of the people who made America's history and adds context with lush photographs illustrations timelines artifacts and more Beginning with pre colonial America and continuing through today this beautifully illustrated book details the fascinating lives of the men and women who helped build the story of our nation Arranged chronologically it features more than 400 entries illustrated with lavish four color photography and elegant illustrations Intriguing stories and historical maps provide additional context in this comprehensive and enlightening look at America's storied past

America in the Twentieth Century: A history to 1945 James T. Patterson, 1976 One of the most authoritative texts on modern America this concise readable survey of twentieth century American history has been a reliable source for more than twenty years The text has evolved from a book which primarily covered political and diplomatic history to one which devotes considerable space to areas of special interest such as African American history women's history urbanization the role of ethnic groups changing sexual mores the power of corporations and the conflict of economic groups and trends in regional and national values The author offers contemporary interpretations and presents various sides of controversial issues
