**God (in Acts)** Christine H. Aarflot, 2020-06-26 The Acts of the Apostles reveals a God at work However what do God s actions reveal about God s character This question drives the present study whose ultimate goal is to discover what portrayal Acts constructs of God through God s actions Aarflot demonstrates how Jesus s ascension and the development of the gentile mission prove key to Acts distinctive portrayal of God The study explores what happens to the characterization of God when Jesus s character comes to resemble God through the ascension noting in particular the effect of ambiguous language that might refer to either God or Jesus on the portrayal of God It also considers how Acts depicts God through actions in Israel s past in relation to the narrative present This is done by looking at how God is characterized at decisive moments of Acts plot The resulting observations are ultimately synthesized in a final chapter presenting the portrayal of God in Acts The results of the study have implications for the discussion of the impact of Christology on theology and furthers the discussion of God in the New Testament by delineating a constant yet developing image of God and solidifies previous research s observations on the centrality of God s actions to Acts narrative

*The Interpretation of the Acts of the Apostles 1-14* R. C. H. Lenski, This item is part of Lenski New Testament In Twenty Volumes Pastors and students of the Bible who seek deep and detailed engagement with the text of the New Testament have long relied on R C H Lenski s classic text now available

again Even though its historical critical work has been surpassed the strong narrative quality accessibility and holy reverence for the Word of God Moody Monthly of Lenski s work have allowed his commentary to continue as an excellent resource for serious study of the New Testament and sermon preparation     *The Literary Construction of the Other in the Acts of the Apostles* Mitzi J. Smith,2011-01-01 Too often the negative characterization of others in the biblical text is applied to groups and persons beyond the text whom we wish to define as the Other Otherness is a synthetic and political social construct that allows us to create and maintain boundaries between them and us The other that is too similar to us is most problematic This book demonstrates how proximate characters are constructed as the Other in the Acts of the Apostles Charismatics Jews and women are proximate others who are constructed as the external and internal Other     **The Acts of the Apostles** Ben Witherington,1998 This groundbreaking commentary is the first to provide a detailed social and rhetorical analysis of the book of Acts At the same time it gives detailed attention to major theological and historical issues     The Acts of The Apostles G. Campbell Morgan,2012-02-08 G Campbell Morgan Reprint Series Foreword If it is true that the measure of a person s greatness is their influence not only on his own time but on future gen erations G Campbell Morgan must be regarded as a great person His greatness is seen not only in the wide impact of his ministry on both sides of the Atlantic but in the fact that his books are still read and studied sixty five years after his death Named one of the ten greatest preachers of the twentieth century by the contributing board of Preaching magazine Morgan made the Bible a new and living book not only to the congregations who listened to him but the vast multitude of persons who read his books Fox sixty seven years Morgan preached and taught the Scriptures and served churches in England and the United States What is remarkable is that his commentaries and expositions of the Bible still speak to persons of a new millennium There have been many changes in the world since he faithfully preached and taught the Scriptures but the wide appeal of his books testify to the timelessness of his message Although he held pastorates in the Congregational and Presbyterian denominations he had an ecumenical appeal to persons of all denominations and traditions The mystic Thomas Kempis once wrote He to whom the eternal word speaks is delivered from many opinions In one of his sermons he referred to the words of Amos that there would be a famine for hearing the word of God Amos 8 11 The timeless work of G Campbell Morgan addresses that hun ger as his books enable his readers to get beyond opinions to the living Word Wipf and Stock Publishers have rendered a great gift to the religious world in reprinting dozens of Morgan s books This growing collection makes his books more available so that readers have an option other than searching the internet for used and often expensive copies Among this collection is the classic *The Great Physician* and commen taries on the Gospel of Matthew and John Persons seeking a living faith and a meaningful encounter with God would profit from reading any of these Morgan books Near the end of his ministry in a sermon entitled *But One Thing* Morgan commented on how Portugal changed the words of a coin after Christopher Columbus discovered America No longer did the inscription say *Ne Plus Ultra* nothing more beyond but *Plus Ultra* more beyond It is the

hope of the G Campbell Morgan Trust that the reprinting of these books will bring readers to the more beyond and an even deeper encounter with the Word in Scripture The Morgan Trust Richard L Morgan Howard C Morgan John C Morgan     **On the Power of God** Saint Thomas Aquinas, Aeterna Press, 1992 Now just as nothing suffers save by reason of a passive power so nothing acts except by reason of the first act namely the form For it has been stated that this first act is so called from action Now God is act both pure and primary wherefore it is most befitting to him to act and communicate his likeness to other things and consequently active power is most becoming to him since power is called active inasmuch as it is a principle of action We must also observe that our mind strives to describe God as a most perfect being And seeing that it is unable to get at him save by likening him to his effects while it fails to find any creature so supremely perfect as to be wholly devoid of imperfection consequently it endeavours to describe him as possessing the various perfections it discovers in creatures although each of those perfections is in some way at fault yet so as to remove from God whatever imperfection is connected with them Aeterna Press     **Theological and homiletical commentary on the Acts of the Apostles, from the Germ. of G.V. Lechler and K. Gerok, ed. by J.P. Lange, tr. by P.J. Gloag** Gotthard Victor Lechler, 1864     **The Act of Faith** Eric O. Springsted, 2015-02-09 While the question Is faith reasonable has continually occupied philosophers and theologians little attention has been paid to what faith itself is The Act of Faith remedies this neglect by looking at what it means for a person of Christian faith to believe Eric Springsted contrasts modern views of faith with the Christian tradition running from Augustine through Aquinas and Calvin In reviewing such thinkers as Locke and Hume Springsted discovers that behind modern discussions of the reasonableness of faith lie key assumptions about the human self including the views that the good is a matter of choice and that we can exercise objective uninvolved reason According to Springsted however the church has not viewed faith in this way His survey of the Augustinian tradition shows that the self our most esteemed Christian thinkers had in mind when talking about faith was a moral self one defined by character and self involvement Christian faith is at root a participation in the good and reasoning within faith is reasoning within the life of God Drawing on contemporary philosophers and theologians like John Henry Newman and Simone Weil Springsted builds a fresh understanding of faith for today He shows how the inner act of faith is ultimately a radical willingness to be open to God and he argues that the faithful self is one that develops within a community that shapes its members through the morally formative activities of interaction teaching and sacramental practice
