### **The African American Encyclopedia Vol 3:**

Encyclopedia of African American History, 1619-1895 Paul Finkelman, 2006-04-06 It is impossible to understand America without understanding the history of African Americans In nearly seven hundred entries the Encyclopedia of African American History 1619 1895 documents the full range of the African American experience during that period from the arrival of the first slave ship to the death of Frederick Douglass and shows how all aspects of American culture history and national identity have been profoundly influenced by the experience of African Americans The Encyclopedia covers an extraordinary range of subjects Major topics such as Abolitionism Black Nationalism the Civil War the Dred Scott case Reconstruction Slave Rebellions and Insurrections the Underground Railroad and Voting Rights are given the in depth treatment one would expect But the encyclopedia also contains hundreds of fascinating entries on less obvious subjects such as the African Grove Theatre Black Seafarers Buffalo Soldiers the Catholic Church and African Americans Cemeteries and Burials Gender Midwifery New York African Free Schools Oratory and Verbal Arts Religion and Slavery the Secret Six and much more In addition the Encyclopedia offers brief biographies of important African Americans as well as white Americans who have played a significant role in African American history from Crispus Attucks John Brown and Henry Ward Beecher to Olaudah Equiano Frederick Douglass Sarah Grimke Sojourner Truth Nat Turner Phillis Wheatley and many others All of the Encyclopedia s alphabetically arranged entries are accessibly written and free of jargon and technical terms To facilitate ease of use many composite entries gather similar topics under one headword The entry for Slave Narratives for example includes three subentries The Slave Narrative in America from the Colonial Period to the Civil War Interpreting Slave Narratives and African and British Slave Narratives A headnote detailing the various subentries introduces each composite entry Selective bibliographies and cross references appear at the end of each article to direct readers to related articles within the Encyclopedia and to primary sources and scholarly works beyond it A topical outline chronology of major events nearly 300 black and white illustrations and comprehensive index further enhance the work s usefulness **From David Walker to Barack Obama** Emma S. Etuk PhD, 2011-05-24 In FROM DAVID WALKER TO BARACK OBAMA Dr Emma S Etuk contends that well known Ethiopianists have offered the inspiration for black freedom and must not be forgotten Ethiopianists and Ethiopianism have little or nothing to do with the government or the country known today as Ethiopia in East Africa Ethiopianists shared the common belief hope and faith in Africa as the land of their ancestors to which by the grace of God they would return as free people They based their hope and faith in Africa upon a biblical text found in Psalm 68 31 Princes shall come out of Egypt Ethiopia shall soon stretch out her hands unto God Ethiopianism was the ideology and Ethiopianists were the apostles of the ideology In this study Etuk offers studies of well known Ethiopianists W E B Du Bois Marcus Garvey Edward Blyden Henry Garnet Alexander Crummell Bishop Henry Turner Martin R Delany David Walker and Frances E W Harper the famed African American poet Etuk a professional historian resurrects these names with a new perspective and

argues that these men and women were the keepers of the African Dream He provides an exhaustive record of their speeches writings and actions to provide a solid foundation for his thesis that Ethiopianists are the keepers of the African Dream

Hughey,2015-04-10 Secret and private organizations in the form

of Greek letter organizations mutual aid societies and civic orders together possess a storied and often romanticized place in popular culture While much has been made of these groups glamorous origins and influence such as the Freemasons genesis in King Solomon s temple or the belief in the Illuminati s control of modern geo politics few have explicitly examined the role of race and ethnicity in organizing and perpetuating these cloistered orders This volume directly addresses the inattention paid to the salience of race in secret societies Through an examination of the Historically Black and White Fraternities and Sororities the Ku Klux Klan in the US the Ekpe and Abakuj secret societies of Africa and the West Indies Gypsies in the United Kingdom Black and White Temperance Lodges and African American Order of the Elks this book traces the use of racial and ethnic identity in these organizations This important contribution examines how such orders are both cause and consequence of colonization segregation and subjugation as well as their varied roles as both catalysts and impediments to developing personal excellence creating fictive kinship ties and fostering racial uplift nationalism and cohesion This book was originally published as a special issue of Ethnic and Racial Studies
