The Age of Pope 1700 1744 by John Dennis The death of John Dryden on the first of May 1700 closed a period of no small significance in the history of English literature His faults were many both as a man and as a poet but he belongs to the race of the giants and the impress of greatness is stamped upon his works No student of Dryden can fail to mark the force and sweep of an intellect impatient of restraint His long resounding march reminds us of a turbulent river that overflows its banks and if order and perfection of art are sometimes wanting in his verse there is never the lack of power Unfortunately many of the best years of his life were devoted to a craft in which he was working against the grain His dramas with one or two noble exceptions are comparative failures and in them he too often We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience     Handbooks of English Literature John Dennis,1908     **The Age of Pope 1700 -1744/ John Dennis** John Dennis,1901     The Age of Shakespeare (1579-1631) Thomas Seccombe,John William Allen,1903     The age of Shakespeare, 1579-1631, by T.
