**Life in the Moments** Laura Lee McKellips, 2018-10-31 Life is a collection of moments Most are wonderful many are good some are bad and a few are terrible They can blend to form a life or shatter one into pieces As the high school football coach and art teacher Beau and Amelia have shared many moments to get to this point Their life isn't easy but they have overcome every obstacle that has been in their way Until now One terrible moment shifts their world off its axis The moment Amelia discovers she has cancer Not all cancers are pink but Amelia's was As they process the news they are reminded of their past through a series of moments Now they're in a fight against time facing an invisible foe to save not only Amelia but their life together With each failed treatment Amelia slips further away It's up to Beau and the rest of the family to help Amelia fight Are their moments enough to save Amelia Or will this fight blur those moments and leave everyone shattered in the wake

Lived Moments Glen W. Norton, 2025-01-07 From the everyday concerns of Umberto D to the spiritual traces of *Ma nuit chez Maud* revelatory moments are intrinsic to the fabric of cinematic modernism *Lived Moments* conceptualizes the path from Italian Neorealism to the French New Wave as a trajectory unique in its expressions of the indeterminacy and contingency of daily life Drawing on film theory and criticism as well as the history of phenomenological thought Glen Norton offers illustrative readings of cinematic scenes exemplifying this modernist evolution in canonical films by Vittorio De Sica Roberto Rossellini Michelangelo Antonioni Jean-Luc Godard and Eric Rohmer Norton describes how these filmmakers structure their characters' lifeworlds via moments grounded by chance and multiplicity each having the potential to lift the opaque veil of inwardness Experienced in their immediacy these moments offer the viewer glimpses of a character's potential individuation As such they embody the difficult private and perhaps even incommunicable choices made in the midst of self-reflection self-awareness and self-definition *Lived Moments* deepens our understanding of the history of cinematic modernism throwing new light on the canonical movements of Neorealism and the New Wave while also demonstrating the importance of lived moments for cinema more broadly The book stands as a model of how film analysis and film philosophy can be symbiotic rather than separate ways of thinking about cinematic experience
