Texts That Linger Words That Explode:

Texts That Linger, Words That Explode Walter Brueggemann, Patrick D. Miller, 2000-03-01 The Old Testament theologian extraordinaire reflects on the meaning of Israel's prophets for today's world Texts that Linger, Words that Explode Walter Brueggemann, 2000 These studies on the prophetic texts from the Hebrew Bible cover a wide range of topics challenging the reader to confront the issues of faithfulness responsibility and justice in an ever changing world Brueggemann explores how these prophetic traditions have the potential to continually resonate in our contemporary communities and individual lives Rather than dead words to kingdoms no longer in existence the Israelite and Judean prophets have an enduring impact on how God challenges our values our perspectives and our very lives Brueggemann has become well known for providing fresh perspective on ancient texts always in conversation with great thinkers and people of faith

Christian Theology for a Secular Society Mark G. McKim, 2008-01-01 It's hard to be the only one That single sentence from a teenage congregant sums up the conviction that motivated Christian Theology for a Secular Society In these dying days of Christendom the reality that most Western Christians face is living out their faith as a minority in the midst of a culture that is at every level personal institutional and societal secular in nature While most living in Western societies still affirm belief in God and often other vaguely recognizable Christian beliefs these affirmations frequently have little to do with how daily life is lived The idea that the God best known to us in Jesus Christ is actually in charge of life is foreign For most Christianity simply does not form an overarching system of meaning that shapes life Instead life is lived largely without reference to God And to live any other way is often hard In this volume Mark McKim sets out to do theology in this context How does one explain the core historic Christian doctrines in a way that makes sense in a secular culture and in a way that will gain a hearing What does it mean to be the church in this new situation Throughout McKim asks the question so what as he relates Christian teachings to a secular society and to what is actually happening in the local church McKim's goal is to enable the singing of the Lord's song in the new and strange land of a secular society

A Pathway of Interpretation

Walter Brueggemann, 2009-01-01 Writing with the pastor and student in mind Walter Brueggemann provides guidance for interpreting Old Testament texts He offers both advice for the interpreter as well as examples of working with different sorts of passages from narratives prophecies and Psalms He also demonstrates how to work thematically drawing together threads from different traditions His goal is to work through the rhetoric of these passages to reach toward theological interpretation These investigations indicate Brueggemann's conviction that the process of moving from text to interpretive outcome is an artistic enterprise that can be learned and practiced

Biblical Prophecy Ellen F. Davis, 2014-01-01 In this fresh and expansive work Ellen Davis offers a comprehensive interpretation of the prophetic role and word in the Christian scriptures Davis carefully outlines five essential features of the prophetic role and then systematically examines seven representations of prophets and prophecies Thoroughly theological Davis's volume provides both instruction and insight for understanding

prophecy in Christian tradition and discipleship This volume concludes with a rich discussion of practical matters including the relationship between Christian discipleship and prophetic interpretation and the role of biblical prophecy in interfaith contexts

The Theology of the Book of Jeremiah Walter Brueggemann, 2007 Publisher description *Personal and Private Religious Experience in the Biblical Psalms* Daniel Berković, 2025-05-14 The book of Psalms is often drawn upon as a deep well of emotionally connecting literature in time of praise and of great sorrow for Christian communities and individuals Delving into the history of the Psalter Dr Danijel Berkovi engages in the discussion of understanding of the psalmist as individual or corporate to illuminate the distinction between piety in the personal and the private Questions on the nature of religious and emotional experience Israelite anthropology and the Hebrew concept of person and the capacity of poetic language to convey meaning in these are addressed adeptly through a variety of disciplines This detailed study provides fresh insight on piety and emotion expressed in the Psalms and is a valuable addition to psalmist scholarship [Sarah's Laughter](#) Vinoth Ramachandra, 2020-05-31 Sarah's Laughter provides a reflection on suffering that is deeply personal and both theologically and philosophically astute Vinoth Ramachandra draws on his distinctive positioning as a Sri Lankan Christian theologian one who has lived and ministered in contexts shaped by the destruction of natural disasters and the violence of human evil to confront the intellectual moral and political challenges posed to faith in the increasingly broken world of the twenty first century Yet far from being an abstract discussion of theodicy this book is intimate and vulnerable embracing the biblical practice of lament and inviting an authentic response to grief one that makes space for serious doubt and profound questioning Sharing his own ongoing journey with suffering and a questing faith Ramachandra reminds us that lament and joy faith and protest clarity and ambiguity belong together in faithful Christian discipleship It is not in bypassing the darkness of the world but in embracing it in imitation of the incarnate God that we may glimpse the new creation **God or Mammon** David W. Smith, 2025-06-30 The rise of neo liberalism and globalization has hardened the capitalist worldview in such a way that it has taken on an idolatrous nature for Christianity in the West At this crucial point in time David Smith prophetically confronts this issue and invites Christians to re examine their allegiances Using Jesus's warning that the worship of God and Mammon are incompatible as a lens Smith traces the tension of this decision from the Mosaic revolution through the history of biblical Israel and into the New Testament He provides a historical survey of movements in Christianity that emerged in the constant struggle to counter the imperial church's conformity to a materialistic culture Finally he examines the modern world's shift toward an economistic culture which has abandoned social values and needs Christianity which has become a global movement with its heartlands across the southern hemisphere now faces the challenge and opportunity of a world in deepening crisis In this timely and important book Smith encourages us all to join in the quest for an alternative society that is shaped by kingdom values *The Church Faces Death* Michael Jenkins, 1999 Ecclesiology the theology of the church is a neglected topic in contemporary theology At a time when the institutional

churches are experiencing dramatic decline says Michael Jenkins we need a new understanding of what the church is In this work Jenkins challenges the church to rediscover its vocation to follow Jesus Christ even at the risk of its institutional survival In the face of a variety of perceived threats to its future he reminds us that the church is most alive and attractive when it forgets about itself and its safety The ecclesiology Jenkins puts forward is born from a sense of life in Christ that can he argues face institutional death to recover a remarkable freedom Without detailing the face of the future church he asserts his faith that there is indeed life after death for the church as the worshipping body of Christ
