That Time Cannot Be Forgotten A Correspondence On The Holocaust:

"That Time Cannot Be Forgotten" Emil Georg Sold, Paul Friedhoff, 2002-03-29 In a gripping exchange of letters written in the closing years of the 20th century two men struggle to come to terms with the signal event of their time the Holocaust Born in the Rhineland Palatinate region of Germany in the early part of the 20th century both bore witness to the turbulent years of the Weimar Republic Hitler World War II and the Holocaust But their perspectives were entirely different Emil Sold was a Catholic who served in the Wehrmacht during World War II Paul Friedhoff a Jew escaped from Hitler's Germany and fled to the United States The two men never met When he was sent a book written by Sold about the Jews in the region where he grew up Friedhoff decided to contact the author A half century after circumstances had placed them in different worlds they suddenly found themselves in a correspondence that covered the many issues of that earlier time in particular those involving the Holocaust racism hatred religion philosophy government and education Despite the obstacle of never having seen one another the two became friends Their discussions often lead to conflict and only sometimes end in resolution for theirs is not a genteel rehashing of generally accepted views They tackle difficult issues and do not blunt their arguments for fear of offending the other The result is an honest and open exchange of letters that speak as much to the future as they do about the past

2003 Susan Sarah Cohen, 2012-02-14 This work includes international secondary literature on anti-Semitism published throughout the world from the earliest times to the present It lists books dissertations and articles from periodicals and collections from a diverse range of disciplines Written accounts are included among the recorded titles as are manifestations of anti-Semitism in the visual arts e.g. painting caricatures or film action taken against Jews and Judaism by discriminating judiciaries pogroms massacres and the systematic extermination during the Nazi period The bibliography also covers works dealing with philo-Semitism or Jewish reactions to anti-Semitism and Jewish self-hate An informative abstract in English is provided for each entry and Hebrew titles are provided with English translations

After-words David Patterson, John K. Roth, 2012-03-15 More than fifty years after it ended the Holocaust continues to leave survivors and their descendants as well as historians philosophers and theologians searching for words to convey the enormity of that event Efforts to express its realities and its impact on successive generations often stretch language to the breaking point or to the point of silence Words whose meaning was contested before the Holocaust prove even more fragile in its wake David Patterson and John K. Roth identify three such after-words: forgiveness reconciliation and justice These words though forever altered by the Holocaust are still spoken and heard But how should the concepts they represent be understood How can their integrity be restored within the framework of current philosophical and especially religious traditions Writing in a format that creates the feel of dialogue the nine contributors to *After Words* tackle these and other difficult questions about the nature of memory and forgiveness after the Holocaust to encourage others to participate in similar inter- and intra-faith inquiries The contributors to *After Words* are members of the Pastora Goldner Holocaust
