The Acid Bath Case:

Acid Bath Nancy Herndon, 2014-04-01 Elena Jarvis is an officer committed to her duty at the Los Santos Texas Department of Crimes Against Persons Not that anyone is helping her there not when her ex husband is in the next room her boss treats her like a little girl and her partner thinks women shouldn't leave the kitchen Elena always knew there would be obstacles in her job she just figured they would come from the criminals When an erotic poet accuses his ex wife Sarah of trying to murder him with an exploding escargot Elena has doubts of the reality of the crime But the more she learns about their nasty divorce the more she begins to side with Sarah until she finds the poet's body decaying in a bathtub filled with more than just water Before the acid eats away all the evidence Elena must put aside her sympathies for the victimized ex wife and get down to the bare bones of this murder before someone else becomes the next victim [The Acid Bath Case](#) Stephen Walsh, Kellie Strom, 1992-01-01 Tegneserie *John George Haigh, the Acid-Bath Murderer* Jonathan Oates, 2014-10-30 What motivated John George Haigh to murder at least six people then dissolve their corpses in concentrated sulphuric acid How did this intelligent well educated man from a loving strongly religious family of Plymouth Brethren become a fraudster a thief then a serial killer In the latest of his best selling studies of criminal history Jonathan Oates reinvestigates this sensational case of the late 1940s He delves into Haigh's Yorkshire background his reputation as a loner a bully and a forger during his years at Wakefield Grammar School and his growing appetite for the good life which his modest employment in insurance and advertising could not sustain Then came his move to London and a rapid apparently remorseless descent into the depths of crime from deceit and theft to cold blooded killing As he follows the course of Haigh's crimes in graphic forensic detail Jonathan Oates gives a fascinating inside view of Haigh's attempt to carry through a series of perfect murders For Haigh intended not only cut off his victims lives but by destroying their bodies with acid literally to remove all traces that they had ever existed [The Journal of Physical Chemistry](#) Wilder Dwight Bancroft, 1916 Includes section New Books *Dyestuffs*, 1926 **Murder Cases of the Twentieth Century** David K.
