The Acupuncture Murders:

The Acupuncture Murders Dwight Steward, 1973-01-01 Deaf Characters in Literature Paul Dakin, 2023-10-20 This book presents the most comprehensive review of deaf characters in literature available Examining British and American examples found in novels comics poetry television and film the work identifies significant trends and themes that range from the last three hundred years to the present day It is centered on an understanding of the history and development of deaf education its impact on the use of oral speech and sign language and the rise of deaf identity and deaf communities The extensive research comments and conclusions are of value to all who are interested in the medical humanities deaf history and culture disability studies and representations in literature **The Disabled Detective** Susannah B. Mintz, 2019-09-19 The first book of its kind The Disabled Detective explores representations of disability in crime fiction from the earliest days of the genre to contemporary television drama Susannah B Mintz examines detective heroes with such conditions as blindness deafness paralysis Asperger s obsessive compulsive disorder addiction war trauma and many other impairments Examining a wide range of texts from Arthur Conan Doyle s Sherlock Holmes stories and the works of Agatha Christie to contemporary crime writers such as Jeffrey Deaver and Michael Collins and television dramas such as Monk this book highlights how often characters with disabilities have been the heroes of crime fiction and how rarely this has been discussed in contemporary criticism *Angels and Outcasts* Trenton W. Batson, Eugene Bergman, 1985 This is a fascinating enjoyable book It could well be used in study groups at the high school or college level to explore both history and attitudes toward deafness Rehabilitation Literature The editors are not enthralled as so many of us seem to be simply that deaf or disabled characters exist in literature they ask why The rest of the disability movement could learn from them The Disability Rag Dickens Welty and Turgenev are only three of the master storytellers in *Angels and Outcasts* This remarkable collection of 14 short stories offers insights into what it means to be deaf in a hearing world The book is divided into three parts the first section explores works by nineteenth century authors the second section concentrates on stories by twentieth century authors and the final section focuses on stories by authors who are themselves deaf Each section begins with an introduction by the editors and each story is preceded by a preface *Angels and Outcasts* concludes with an annotated bibliography of other prose works about the deaf experience In addition to fascinating reading it provides valuable insights into the world of the deaf Trent Batson is Director of Academic Technology at Gallaudet University Eugene Bergman former Associate professor of English at Gallaudet University is now retired **Catalog of Copyright Entries.
