The Adventures of David Simple and Volume the Last Sarah Fielding, 2014-07-11 The Adventures of David Simple 1744 Sarah Fielding's first and most celebrated novel went through several editions the second of which was heavily revised by her brother Henry This edition includes Henry's corrections in an appendix In recounting the guileless hero's search for a true friend the novel depicts the derision with which almost everyone treats his sentimental attitudes to human nature Acclaimed as an accurate portrait of mid eighteenth century London The Adventures of David Simple sets forth some provocative feminist ideas Also included is Fielding's much darker sequel Volume the Last 1753

The Adventures of David Simple ; And, The Adventures of David Simple, Volume the Last Sarah Fielding, 2002 The Adventures of David Simple is the story of one man's search for truth honesty and friendship in a corrupt world Following the literary model of Don Quixote the novel is both a witty and engaging satire of eighteenth century London life and a serious examination of the moral and social issues facing men and women of the day Fielding draws upon her own experiences as an impoverished unmarried gentlewoman to portray her two heroines Cynthia and Camilla and infuses the novel with provocative feminist ideas as she makes a pointed critique of the position of women This Penguin Classics edition includes a critical introduction suggestions for further reading a chronology notes and a glossary It also includes two appendixes Henry Fielding's preface to the second edition and a note about the currency of eighteenth century England Edited with an introduction and notes by Linda Bree

Written Maternal Authority and Eighteenth-Century Education in Britain Rebecca Davies, 2016-02-11 Examining writing for and about education in the period from 1740 to 1820 Rebecca Davies's book plots the formation of a written paradigm of maternal education that associates maternity with educational authority Examining novels fiction for children conduct literature and educative and political tracts by Samuel Richardson Sarah Fielding Mary Wollstonecraft Maria Edgeworth Ann Martin Taylor and Jane Austen Davies identifies an authoritative feminine educational voice She shows how the function of the discourse of maternal authority is modified in different genres arguing that both the female writers and the fictional mothers adopt maternal authority and produce their own formulations of ideal educational methods The location of idealised maternity for women Davies proposes is in the act of writing educational discourse rather than in the physical performance of the maternal role Her book contextualizes the development of a written discourse of maternal education that emerged in the enlightenment period and explores the empowerment achieved by women writing within this discourse albeit through a notion of authority that is circumscribed by the rules of a discipline

Graphic Design, Print Culture, and the Eighteenth-Century Novel Janine Barchas, 2003-06-05 The uniformity of the eighteenth century novel in today's paperbacks and critical editions no longer conveys the early novel's visual exuberance Janine Barchas explains how during the genre's formation in the first half of the

eighteenth century the novel's material embodiment as printed book rivalled its narrative content in diversity and creativity. Innovations in layout, ornamentation and even punctuation found in, for example, the novels of Richardson, an author who printed his own books, help shape a tradition of early visual ingenuity. From the beginning of the novel's emergence in Britain, prose writers including Daniel Defoe, Jonathan Swift and Henry and Sarah Fielding experimented with the novel's appearance. Lavishly illustrated with more than 100 graphic features found in eighteenth-century editions, this important study aims to recover the visual context in which the eighteenth-century novel was produced and read. A Dictionary of the Anonymous and Pseudonymous Literature of Great Britain Samuel Halkett, John Laing, 1882 *The Modern Gazetteer: or, A short view of the several nations of the world, etc* Thomas Salmon, 1756 **The Complaint: Or, Night-thoughts on Life, Death, and Immortality. [By E. Young.] ... A New Edition, Corrected by the Author** Edward Young, 1755 *A Literary History of Women's Writing in Britain, 1660-1789* Susan Staves, 2006-09-07 Drawing on three decades of feminist scholarship bent on rediscovering lost and abandoned women writers, Susan Staves provides a comprehensive history of women's writing in Britain from the Restoration to the French Revolution. This major work of criticism also offers fresh insights about women's writing in all literary forms: not only fiction but also poetry, drama, memoir, autobiography, biography, history, essay, translation and the familiar letter. Authors celebrated in their own time and who have been neglected, and those who have been revalued and studied, are given equal attention. The book's organisation by chronology and its attention to history challenge the way we periodise literary history. Each chapter includes a list of key works written in the period covered, as well as a narrative and critical assessment of the works. This magisterial work includes a comprehensive bibliography and list of prevalent editions of the authors discussed. **Catalogue** Bernard Quaritch (Firm), 1926 *The Lives of Cleopatra & Octavia* Sarah Fielding, 1928 Fictitious autobiographies of Cleopatra and Octavia

The History of British Women's Writing, 1750-1830 J. Labbe, 2010-08-20 This period witnessed the first full flowering of women's writing in Britain. This illuminating volume features leading scholars who draw upon the last 25 years of scholarship and textual recovery to demonstrate the literary and cultural significance of women in the period, discussing writers such as Austen, Wollstonecraft and Mary Shelley. **English Literature** Maggs Bros, 1924 **English Literature & Printing from the XVth to XVIIIth Century** Maggs Bros, 1922 Uncomfortable Situations Daniel M. Gross, 2017-08-28 What is a hostile environment? How exactly can feelings be mixed? What on earth might it mean when someone writes that he was happily situated as a slave? The answers, of course, depend upon whom you ask. Science and the humanities typically offer two different paradigms for thinking about emotion: the first rooted in brain and biology, the second in a social world. With rhetoric as a field guide, *Uncomfortable Situations* establishes common ground between these two paradigms, focusing on a theory of situated emotion. Daniel M. Gross anchors the argument in Charles Darwin, whose work on emotion has been misunderstood across the disciplines as it has been shoehorned into the perceived science/humanities divide. Then Gross turns to

sentimental literature as the single best domain for studying emotional situations There s lost composure Sterne bearing up Equiano environmental hostility Radcliffe and feeling mixed Austen Rounding out the book an epilogue written with ecological neuroscientist Stephanie Preston provides a different kind of cross disciplinary collaboration Uncomfortable Situations is a conciliatory work across science and the humanities a groundbreaking model for future studies *Downward Mobility* Katherine Binhammer,2020-04-28 How do the stories we tell about money shape our economies Beginning in the late eighteenth century as constant growth became the economic norm throughout Europe fictional stories involving money were overwhelmingly about loss Novel after novel tells the tale of bankruptcy and financial failure of people losing everything and ending up in debtor s prison of inheritances lost and daughters left orphaned and poor In *Downward Mobility* Katherine Binhammer argues that these stories of ruin are not simple tales about the losers of capitalism but narratives that help manage speculation of capital s inevitable collapse Bringing together contemporary critical finance studies with eighteenth century literary history Binhammer demonstrates the centrality of the myth of downward mobility to the cultural history of capitalism and to the emergence of the novel in Britain Deftly weaving economic history and formal analysis Binhammer reveals how capitalism requires the novel s complex techniques to render infinite economic growth imaginable She also explains why the novel s signature formal developments owe their narrative dynamics to the contradictions within capital s form Combining new archival research on the history of debt with original readings of sentimental novels including Frances Burney s *Cecilia* and *Camilla* Sarah Fielding s *David Simple* and Oliver Goldsmith s *The Vicar of Wakefield* *Downward Mobility* registers the value of literary narrative in interpreting the complex sequences behind financial capitalism especially the belief in infinite growth that has led to current environmental crises An audacious epilogue arms humanists with the argument that in order to save the planet from unsustainable growth we need to read more novels **English Literature & Printing from the 15th to the 18th Century** Maggs Bros,1928 **The Caxton Head Catalogue** James Tregaskis & Son (Firm),1916
