Politics: Another Perspective Wilmer J. Leon III Ph.D., 2016-08-31 Over the past 8 years there have been significant shifts in the American political landscape The election of Senator Barack Obama as America s 44th and first African American president signaled a giant leap forward in the American social cultural and political landscape It has taken America 219 years to reach this point Based upon Senator Obama s campaign promises many people looked forward to a more transparent and inclusive government Others saw this election as a signal of a new post racial America but America has always been a country in conflict As many basked in the comfort of Obama s historic election others feared its backlash History tells us that white supremacy dies hard in America and its proponents would not take America s victory lying down The bigoted rants of the Tea Party and the ultra right wing s obstructionist agenda have resulted in a political stalemate unlike any other in recent American history These reactionary politics coupled with the Democratic Party and Obama Administration s inability to articulate an effective counter narrative and employ effective countermeasures has left America in a political abyss Politics Another Perspective Analysis of Race War Ethics and the American Political Landscape in the Age of Obama is a collection of Op Ed s written by Wilmer J Leon III Ph D As a collection these writings provide cutting edge analysis of the various issues

that influenced the American geopolitical landscape since 2006 and insight into the direction that the country is headed Wilmer Leon is one of the few Black prophetic voices in the age of Obama This book confirms this status courageous visionary and consistent Dr Cornel West Dr Wilmer Leon has assembled a collection that asks the right questions about race and democracy In an era when too many are silenced for fear of rocking the boat of the status quo Wilmer Leon has signaled his willingness to go out on a limb and speak truth to power Bravo Dr Julianne Malveaux Economist and Author Are We Better Off Race Obama and Public Policy **U.S. Foreign Policy in Perspective** David Sylvan, Stephen Majeski, 2009-02-05

This book refutes the claim that American foreign policy has varied considerably across time and space arguing that key policy goals and underlying ideological and political factors have not significantly changed over the last hundred years
