The Age Of The Bachelor

Honoré de Balzac

The Age Of The Bachelor:

The Age of the Bachelor Howard P. Chudacoff, 2020-12-08 In this engaging new book Howard Chudacoff describes a special and fascinating world the urban bachelor life that took shape in the late nineteenth century when a significant population of single men migrated to American cities Rejecting the restraints and dependence of the nineteenth century family bachelors found sustenance and camaraderie in the boarding houses saloons pool halls cafes clubs and other institutions that arose in response to their increasing numbers Richly illustrated anecdotal and including a unique analysis of The National Police Gazette the most outrageous and popular men s publication of the late nineteenth and the early twentieth century this book is the first to describe a complex subculture that continues to affect the larger meanings of manhood and manliness in American society The figure of the bachelor with its emphasis on pleasure self indulgence and public entertainment was easily converted by the burgeoning consumer culture at the turn of the century into an ambiguously appealing image of masculinity Finding an easy reception in an atmosphere of insecurity about manhood that image has outdistanced the circumstances in which it began to flourish and far outlasted the bachelor culture that produced it Thus the idea of the bachelor has retained its somewhat negative but alluring connotations throughout the rest of the twentieth century Chudacoff s concluding chapter discusses the contemporary singles scene now developing as the number of single people in urban centers is again increasing By seeing bachelorhood as a stage in life for many and a permanent status for some Chudacoff recalls a lifestyle that had a profound impact on society evoking fear disdain repugnance and at the same time a sense of romance excitement and freedom The book contributes to gender history family history urban history and the study of consumer culture and will appeal to anyone curious about American history and anxious to acquire a new view of a sometimes forgotten but still influential aspect of our national past *The age of the bachelor* Howard P. Chudacoff, 2000 *Life after college a descriptive summary of 1992-93 bachelor's degree recipients in 1997 : with an essay on participation in graduate and first-professional education* ,1999 Citizen Bachelors John Gilbert McCurdy, 2011-03-15 In 1755 Benjamin Franklin observed a man without a wife is but half a man and since then historians have taken Franklin at his word In *Citizen Bachelors* John Gilbert McCurdy demonstrates that Franklin s comment was only one side of a much larger conversation Early Americans vigorously debated the status of unmarried men and this debate was instrumental in the creation of American citizenship In a sweeping examination of the bachelor in early America McCurdy fleshes out a largely unexamined aspect of the history of gender Single men were instrumental to the settlement of the United States and for most of the seventeenth century their presence was not particularly problematic However as the colonies matured Americans began to worry about those who stood outside the family Lawmakers began to limit the freedoms of single men with laws requiring bachelors to pay higher taxes and face harsher penalties for crimes than married men while moralists began to decry the sexual immorality of unmarried men But many resisted these new tactics including single men who reveled in their

hedonistic reputations by delighting in sexual horseplay without marital consequences At the time of the Revolution these conflicting views were confronted head on As the incipient American state needed men to stand at the forefront of the fight for independence the bachelor came to be seen as possessing just the sort of political social and economic agency associated with citizenship in a democratic society When the war was won these men demanded an end to their unequal treatment sometimes grudgingly and the citizen bachelor was welcomed into American society Drawing on sources as varied as laws diaries political manifestos and newspapers McCurdy shows that in the course of the seventeenth and eighteenth centuries the bachelor was a simultaneously suspicious and desirable figure suspicious because he was not tethered to family and household obligations yet desirable because he was free to study devote himself to political office and fight and die in battle He suggests that this dichotomy remains with us to this day and thus it is in early America that we find the origins of the modern day identity of the bachelor as a symbol of masculine independence McCurdy also observes that by extending citizenship to bachelors the founders affirmed their commitment to individual freedom a commitment that has subsequently come to define the very essence of American citizenship

College Guide for Performing Arts Majors Carole J. Everett, Peterson's, 2009-09-14 Describes graduate programs in art dance music and theater and lists undergraduate programs

Bachelor's Theses Manuscript, 1905 This is a collection of theses completed to fulfill B S requirements in the College of Engineering University of Wisconsin from 1895 to 1962

Fractured Modernity Thomas Welskopp, Alan Lessoff, 2016-07-11 The ten essays in this volume deal with the debates and conflicts about modernity in a period of American history when the tensions and strains caused by seemingly unrestrained change and the reactions to it were particularly severe and tangible Partly concentrating on the margins or dark underworlds of modernity such as racism and violence partly focusing on the allegedly unlimited space to negotiate and create social order from scratch the contributions to this volume show that and discuss why modernity was an issue in contemporary United States which seemed to have been even more hotly contested than in Europe at the same time albeit sometimes in terms of Americanism rather than modernism In this book European scholars of the United States apply variations on the transnational discourse on modernity to unexpected dimensions of U S history making this volume a fascinating example of the present day enterprise of internationalizing American studies

The Underrepresentation of Women in Science: International and Cross-Disciplinary Evidence and Debate

Stephen J. Ceci, Wendy M. Williams, Shulamit Kahn, 2018-04-20 There is no shortage of articles and books exploring women's underrepresentation in science. Everyone is interested: academics, politicians, parents, high school girls and boys, women in search of college majors, administrators working to accommodate women's educational interests; the list goes on. But one thing often missing is an evidence-based examination of the problem, uninfluenced by personal opinions, accounts of lived experiences, anecdotes, and the always encroaching inputs of popular culture. This is why this special issue of *Frontiers in Psychology* can make a difference. In it, a diverse group of authors and researchers with even more diverse viewpoints find themselves united by their empirical, objective approaches to understanding women's underrepresentation in science today. The questions considered within this special issue span academic disciplines, methods, levels of analysis, and nature of analysis; what these articles share is their scholarly, evidence-based approach to understanding a key issue of our time.

Annual Report of the Registrar-General of Births, Deaths, and Marriages in England, 1874 **Thirty-Second Annual Report of the Registrar-General of Births, Deaths and Marriages in England** Anonymous, 2023-04-01 Reprint of the original first published in 1871. The publishing house Anatiposi publishes historical books as reprints. Due to their age, these books may have missing pages or inferior quality. Our aim is to preserve these books and make them available to the public so that they do not get lost.

A bachelor's establishment. The commission in lunacy Honoré de Balzac, 1915 A bachelor's bridal Mrs. H. Lovett Cameron, 1894 Annual Report of the Registrar-General for England and Wales Great Britain. General Register Office, 1916 **School and Society**, 1925 **High-Earning Workers Who Don't Have a Bachelor's Degree** Matthew Mariani, 1999-10 Identifies occupations in which many highly paid workers do not have a bachelor's degree. Points out other things that make for a good job.
