Murder in the Vatican Lucien Gregoire, 2008 Murder in the Vatican is two books in one book The Revolutionary Life of John Paul the only existing biography of the 33 day Pope and The CIA Opus Dei and the 1978 Murders Why two books in one book Unless one understands the mystery of his life something the Vatican prefers to keep secret The Secret Life of John Paul one will never understand the mystery of his unwitnessed death This book is in its fourth edition In that time I have changed little of what I have said about this good man's life other than to expand my account in this new edition to include stories of his childhood and his young life as a seminarian and as a priest Yet the mystery of his death and the deaths of those around him has involved an investigative process that has taken me to Italy and elsewhere in the world many times and spanned many years I knew much more five years ago than I knew five years before that and I knew much more two years ago than I knew five years before that and I know much more today than I did then Here for the first time is the proof How John Paul and those around him fell victim to twentieth century capitalism as it was jointly embraced by the Vatican and the United States BEWARE OF THE USED BOOK MARKET 2003 2005 and 2006 editions do not include the complete biography or the solution to the murders Only this 404 page 2008 edition includes both complete books

The Strategy of Tension in Italy Juan Avilés, 2021-11-08 The third wave of terrorism in Europe has been the subject of numerous studies after David Rapoport's theoretical classification especially as it relates to New Left Marxist Socialist activity But one of its components has not hitherto been subject to scholarly investigation the Italian neo fascist terrorism that committed indiscriminate massacres as part of an alleged strategy of stoking political tension There is evidence that members of the intelligence services and security forces contributed to cover ups and indeed the neo fascist murders that took place may have been aimed at creating an atmosphere favourable to a coup d'etat While conspiracy theories abound there is little in depth academic research on the circumstances despite the many sources available to researchers court rulings evidence gathered by various parliamentary commissions of enquiry and recently declassified official documents Juan Avil's comprehensive study of the neo fascist killings the coup plots the cover ups and the alleged but unproven involvement of US agents the Stay Behind paramilitary structure and the P2 Masonic Lodge draws a firm line of demarcation between the real conspiracies that took place in Italy and unfounded conspiracy theories He offers an unparalleled interpretation of the alleged strategy of creating political tension based on all the available evidence At the

heart of the investigation is the threat to democracy and the way in which Italy was able to avoid the authoritarian drift to which many countries from Greece to Chile succumbed in those years The lessons learned have far reaching implications for all nations that subscribe to democratic values

Postmodern Ethics Elizabeth Wren-Owens, 2009-05-05 Postmodern Ethics offers a new perspective on debates surrounding the role of the intellectual in Italian society and provides an original reading of two important Italian contemporary writers Leonardo Sciascia and Antonio Tabucchi It examines the ways in which the two writers use literature to engage with their socio political environment in a climate informed by the doubts and scepticism of postmodernism after traditional forms of impegno had been abandoned Postmodern Ethics explores ways in which Tabucchi and Sciascia further their engagement through embracing the very factors which problematized traditional committed writing such as the absence of fixed truths the inability of language to fully communicate ideas and intertextuality Postmodern Ethics provides an innovative new reading of Tabucchi's works It challenges the standard view in critical literature that his writing may be divided into engaged texts which dialogue with society and postmodern texts which focus on literary interiority suggesting instead that socio political engagement underpins all of his works It also offers a new lens on Sciascia's writing unpacking why Sciascia unlike his contemporaries is able to maintain a belief in literature as a means of dialoguing with society Postmodern Ethics explores the ways in which Tabucchi and Sciascia approach issues of terrorism justice the anti mafia movement immigration and the value of reading in connected yet distinct ways suggesting that a close genealogy may be drawn between these two key intellectual figures
