In fact I came in time to the opinion that the original stock of all the Algonquin myths and perhaps of many more still existed not far away in the West but at our very doors that is to say in Maine and New Brunswick It is at least certain as the reader may convince himself that these Wabanaki or Northeastern Algonquin legends give with few exceptions in full and coherently many tales which have only reached us in a broken imperfect form from other sources This work then contains a collection of the myths legends and folk lore of the principal Wabanaki or Northeastern Algonquin Indians that is to say of the Passamaquoddies and Penobscots of Maine and of the Micmacs of New Brunswick All of this material was gathered directly from Indian narrators the greater part by myself the rest by a few friends in fact I can give the name of the aboriginal authority for every tale except one As my chief object has been simply to collect and preserve valuable material I have said little of the labors of such critical writers as Brinton Hale Trumbull Powers Morgan Bancroft and the many more who have so ably studied and set forth red Indian ethnology If I have rarely ventured on their field it is because I believe that when the Indian shall have passed away there will come far better ethnologists than I am who will be much more obliged to me for collecting raw material than for cooking it
