Strom,Robert D. Strom,2013-09-01 Until recently educators were expected to provide all the knowledge students would need to ensure their future However the Internet has altered conditions of learning in ways that motivate students to be more self directed and less dependent on direct instruction Neuroscience discoveries about brain functioning also urge schools to adopt thinking as an aspect of core curriculum Students who acquire thinking skills needed to locate information process and organize data generate creative and practical ideas communicate with all age groups and collaborate can adapt to technology change and social evolution Encouraging adolescents to choose some goals they pursue respects their need for autonomy Recognizing the need to amend certain goals is important so a person knows when change in personal direction is warranted Exploring careers in a low risk setting motivates realistic aspirations and helps students to shape their future Employer expectations for teamwork require attention Performing well in groups including peer and self evaluation yields productive thinking and is conducive to mental health The intended audience for this book is college students preparing to become teachers in preschool elementary or secondary education The book describes ways schools and families can support higher order thinking during childhood and adolescence Learning that occurs outside school is ignored by tests that reflect only classroom lessons New instruments that measure thinking are needed to enable transformation of school goals and evaluation of student progress Shifting to a dual emphasis on thinking and learning is a challenge for teachers of all grade levels **The Storytime Handbook** Nina Schatzkamer Miller,2014-01-27 Fresh fun ideas for children s storytime fill this book The author a long time storytime facilitator has put together 52 weekly themes plus additional plans for holidays all with detailed instructions for talking about the theme and choosing the books crafts songs poems games and snacks Each storytime idea is illustrated with photographs of a suggested craft and snack for easy reference Libraries bookstores preschools and parents alike can use this book to offer themed storytimes that include discussion literature art music movement and food Options are provided for each storytime so the ideas can be used year after year **Mrs. E's Extraordinary Alphabet Activities** Kathy Etringer,2006-03-01 Filled with more than 80 new stimulating and creative ways to teach the individual letters of the alphabet Extraordinary Alphabet Activities is an ideal resource for both experienced preschool and kindergarten teachers as well as those beginning a career teaching your learners With multiple literature based lessons for each letter the well organized format makes it easy to plan and fun to teach Each lesson is divided into five sections Before the Lesson Have on Hand Read Aloud Talk About and Kids Create *The Creative Therapist* Bradford Keeney,2010-04-15 In *The Creative Therapist* Bradford Keeney makes the case that creativity is the most essential aspect of vibrant meaningful and successful therapy No matter what therapeutic orientation one practices it must be awakened by

creativity in order for the session to come alive This book presents a theoretical framework that provides an understanding of how to go outside habituated ways of therapy in order to bring forth new and innovative possibilities A basic structure for creative therapy based on the outline of a three part theatrical play is also set forth With these frameworks practical guidelines detail how to initiate and implement creative contributions to any therapeutic situation *Learning Throughout Life* Robert D. Strom, Paris S. Strom, 2012-12-01 The dangers of age segregation and the benefits of age integration are examined Each generation should be recognized as an essential source for learning Harmony will increasingly depend on general awareness of how other age groups interpret events respect for values that guide their behavior responsiveness to their needs and concerns consideration of their criticisms and solutions and acknowledgement of their contributions This book describes a personality assets and mental abilities to focus learning at each stage of development b obstacles to anticipate and overcome c a rationale to make reciprocal learning common d research findings which identify generational learning needs and e benefits of providing lifelong education Six stages are explored infancy and early childhood birth age 6 middle and later childhood ages 6 10 adolescence ages 10 20 early adulthood ages 20 40 middle adulthood ages 40 60 and older adulthood age 60 Some outcomes of lifelong learning include self control patience integrity resilience persistence problem solving ability acceptance of criticism and generativity The intended audiences for this book are professionals working with individuals and families

Storytime Lawrence R. Sipe, 2008 Presents a comprehensive theoretically grounded model of children s understanding of picture storybooks the first to focus specifically on young children Relevant to contemporary young children from a wide variety of ethnic racial and socioeconomic backgrounds this dynamic volume includes a wealth of examples of children s responses to literature and how teachers scaffold their interpretation of stories The highest recommendation I can make is that I learned so much You will too From the Foreword by P David Pearson University of California Berkeley The single most important book on this topic since Applebee s *The Child s Concept of Story* it is also a pleasure to read Lee Galda University of Minnesota Sipe provides a comprehensive theory of literary understanding specific to contemporary young children s interactions with picture books *Storytime* is grounded in well documented research an in depth knowledge of literary theory and enlivened by insightful commentary Glenna Sloan Professor Emerita Queens College of the City University of New York As a working illustrator who spends most days drawing or painting or dreaming about children s picturebooks I sometimes wonder Is there really any point to all of this In this book Larry Sipe shows me clearly wittily and thoroughly that there is Chris Raschka Caldecott Medal winning children s book author and illustrator Those of us who work with children picturebooks and teachers could have no more insightful guide to their interactions than Larry Sipe himself Nancy L Roser University of Texas Austin
