personal excellence      Paul's Spirituality in Galatians P. Adam McClendon, 2015-03-25 Spirituality is a hot topic in today's culture. Spirituality is essentially how one's beliefs and experiences influence the way one lives their life. Such influences for living are of critical importance to one's faith within the Christian community. What role does the Bible play in developing an expressed spirituality among the Christian community? How do one's religious traditions, cultural influences, and personal preferences influence the way Christian spirituality is perceived and expressed? All too often, and at times unintentionally, the foundational truths of the Bible are subordinated to tradition, culture, and personal preference. This book provides a context for understanding Paul's foundational components for Christian spirituality within the book of Galatians while showing how an accurate understanding of these components can and should serve as a corrective lens to various aspects of Christian spirituality as expressed and experienced today.

The Positive Thinking Secret Aaron Kennard, 2014-02-27 In 2011, having found success in his real estate business, Aaron felt stagnant and bored in his business and life. Then one night during a month-long struggle with a painful sore throat, he had an epiphany. He found that by using each painful swallow as a reminder to express gratitude, he was able to transcend emotional lethargy into a euphoric state of joy. A shift occurred that night in his mind, which infused him with a deep enthusiasm and passion for life. Aaron discovered how to live a truly amazing life regardless of all circumstances, and from then on, stopped having bad days altogether. Instead, he woke up thrilled to be alive every day. This led him to create the company Truly Amazing Life Inc. with the purpose of teaching people that This Is A Truly Amazing Life and There Is No Bad Day. Aaron's passion for living gave him the desire to help others learn to live a Truly Amazing Life also despite any and all circumstances they find themselves in. Then on July 29, 2012, triggered by the stress of his fourth child's birth, the day prior, Aaron's body was overtaken and progressively ravaged by the chronic bowel disease Ulcerative Colitis. As he experienced massive amounts of pain and suffering, every belief he had begun teaching was thrown into a furnace to be destroyed or refined. Through months of painful despair and questioning everything, Aaron's beliefs were put through the ultimate test. He lost 50 pounds in 3 months of deterioration and weighed only 128 lbs at 6'2" tall, barely able to stand and quickly starving to death. Will Aaron's convictions withstand this ultimate test? Can he truthfully say There Is No Bad Day?

**Science, Religion, and the Human Experience** James D. Proctor, 2005 This collection of essays looks at the relationship between science and religion. The book begins from the premise that both science and religion operate in yet seek to reach beyond specific historical, political, ideological, and psychological contexts.

*The Cure Within: A History of Mind-Body Medicine* Anne Harrington, 2009-02-16 A splendid history of mind-body medicine, a book that desperately needed to be written. Jerome Groopman, New York Times. Is stress a deadly disease on the rise in modern society? Can mind-body practices from the East help us become well? When it comes to healing, we believe we must look beyond doctors and drugs; we must look within ourselves. Faith, relationships, and attitude matter. But why do we believe such things? From psychoanalysis to the placebo effect to meditation, this vibrant cultural history describes mind-body healing as rooted in a patchwork of stories.

allowing us to make new sense of our suffering and to rationalize new treatments and lifestyles
