The Adventure of The Copper Beeches (Large Print) Literary Domain Publishing, Arthur Conan Doyle, 2020-02-19 To the man who loves art for its own sake remarked Sherlock Holmes tossing aside the advertisement sheet of The Daily Telegraph it is frequently in its least important and lowliest manifestations that the keenest pleasure is to be derived It is pleasant to me to observe Watson that you have so far grasped this truth that in these little records of our cases which you have been good enough to draw up and I am bound to say occasionally to embellish you have given prominence not so much to the many causes c l bres and sensational trials in which I have figured but rather to those incidents which may have been trivial in themselves but which have given room for those faculties of deduction and of logical synthesis which I have made my special province And yet said I smiling I cannot quite hold myself absolved from the charge of sensationalism which has been urged against my records You have erred perhaps he observed taking up a glowing cinder with the tongs and lighting with it the long cherry wood pipe which was wont to replace his clay when he was in a disputatious rather than a meditative mood you have erred perhaps in attempting to put colour and life into each of your statements instead of confining yourself to the task of placing upon record that severe reasoning from cause to effect which is really the only notable feature about the thing It seems to me that I have done you full justice in the matter I remarked with some coldness for I was repelled by the egotism which I had more than once observed to be a strong factor in my friend s singular character

Violet Hunter visits Holmes asking whether she should accept a job as governess, a job with very strange conditions. She is enticed by the phenomenal salary which as originally offered is 100 a year, later increased to 120 when Miss Hunter balks at having to cut her long hair short, her previous position paid 48 a year. This is only one of many peculiar provisos to which she must agree. The book also includes *The Five Orange Pips*, the fifth of the twelve stories in *The Adventures of Sherlock Holmes*. The story was first published in *The Strand Magazine* in November 1891. Conan Doyle later ranked the story seventh in a list of his twelve favourite Sherlock Holmes stories. This is also one of only two Sherlock Holmes short stories where Holmes' client dies after seeking his help. The other is *The Dancing Men*.
