

The Afro American And The Second World War

Neil A. Wynn

The Afro American And The Second World War:

The Afro-American and the Second World War Neil A. Wynn, 1976 The definitive account of black Americans in World War II and its aftermath The Afro American and the Second World War has been expanded to include the wartime experience of black women how demographic change reshaped the South and other issues In addition to providing a close look at the African American experience in the armed forces the author discusses the widespread wartime discrimination at glaring odds with American claims to social equality and democracy the resulting war on two fronts in which black newspapers literature and songs reiterated the demand for equal citizenship rights the psychological impact of the war and the protest campaigns launched by blacks during these years The African American Experience during World War II Neil A. Wynn, 2010-05-16 Drawing on more than thirty years of teaching and research Neil A Wynn combines narrative history and primary sources as he locates the World War II years within the long term struggle for African Americans equal rights It is now widely accepted that these years were crucial in the development of the emerging Civil Rights movement through the economic and social impact of the war as well as the military service itself Wynn examines the period within the broader context of the New Deal era of the 1930s and the Cold War of the 1950s concluding that the war years were neither simply a continuation of earlier developments nor a prelude to later change Rather this period was characterized by an intense transformation of black hopes and expectations encouraged by real socio economic shifts and departures in federal policy Black self consciousness at a national level found powerful expression in new movements from the demand for equality in the military service to changes in the shop floor to the Double V campaign that linked the fight for democracy at home for the fight for democracy abroad As the nation played a new world role in the developing Cold War the tensions between America's stated beliefs and actual practices emphasized these issues and brought new forces into play More than a half century later this book presents a much needed up to date short and readable interpretation of existing scholarship Accessible to general and student readers it tells the story without jargon or theory while including the historiography and debate on particular issues **He, Too, Spoke for Democracy** Phillip McGuire, 1988-03-11 McGuire's study fills a major gap in social histories of the Second World War by placing Hastie's role in proper historical perspective He demonstrates that although he is largely ignored in the published literature Hastie did more to effect changes in the placement training and promotion of black soldiers than any other single individual in the history of the American armed forces prior to World War II Throughout McGuire makes liberal use of primary source materials and comments from soldiers and other key figures to reinforce his argument *African Americans and the Pacific War, 1941-1945* Chris Dixon, 2018-09-20 In the patriotic aftermath of Pearl Harbor African Americans demanded the right to play their part in the war against Japan As they soon learned however the freedom for which the United States and its allies was fighting did not extend to African Americans Focusing on African Americans experiences across the Asia Pacific theater during World War Two this book examines the interplay between

national identity the racially segregated US military culture and the possibilities of transnational racial advancement as African Americans contemplated not just their own oppression but that of the colonized peoples of the Pacific region In illuminating neglected aspects of African American history and of World War Two this book deepens our understanding of the connections between the United States role as an international power and the racial ideologies and practices that characterized American life during the mid twentieth century **Afro-American Life, History and Culture** ,1985 *The African American Experience* Arvarh E. Strickland,Robert E. Weems Jr.,2000-11-30 Compared to the early decades of the 20th century when scholarly writing on African Americans was limited to a few titles on slavery Reconstruction and African American migration the last thirty years have witnessed an explosion of works on the African American experience With the Civil Rights and Black Power movements of the 1960s came an increasing demand for the study and teaching of African American history followed by the publication of increasing numbers of titles on African American life and history This volume provides a comprehensive bibliographical and analytical guide to this growing body of literature as well as an analysis of how the study of African Americans has changed **African American Urban History since World War II** Kenneth L. Kusmer,Joe W. Trotter,2009-08-01 Historians have devoted surprisingly little attention to African American urban history of the postwar period especially compared with earlier decades Correcting this imbalance African American Urban History since World War II features an exciting mix of seasoned scholars and fresh new voices whose combined efforts provide the first comprehensive assessment of this important subject The first of this volume s five groundbreaking sections focuses on black migration and Latino immigration examining tensions and alliances that emerged between African Americans and other groups Exploring the challenges of residential segregation and deindustrialization later sections tackle such topics as the real estate industry s discriminatory practices the movement of middle class blacks to the suburbs and the influence of black urban activists on national employment and social welfare policies Another group of contributors examines these themes through the lens of gender chronicling deindustrialization s disproportionate impact on women and women s leading roles in movements for social change Concluding with a set of essays on black culture and consumption this volume fully realizes its goal of linking local transformations with the national and global processes that affect urban class and race relations The debate on black civil rights in America Kevern Verney,2024-01-16 This book examines the historiography of the African American freedom struggle from the 1890s to the present It considers how and why the study of African American history developed from being a marginalized subject in American universities and colleges at the start of the twentieth century to become one of the most extensively researched fields in American history today There is analysis of the changing scholarly interpretations of African American leaders from Booker T Washington through to Barack Obama The impact and significance of the leading civil rights organizations are assessed as well as the white segregationists who opposed them and the civil rights policies of presidential administrations from Woodrow Wilson to Donald Trump The civil rights struggle is also

discussed in the context of wider political social and economic changes in the United States and developments in popular culture

Reporting World War II G. Kurt Piehler, Ingo Trauschweizer, 2023-04-25 This set of essays offers new insights into the journalistic process and the pressures American front line reporters experienced covering World War II Transmitting stories through cable or couriers remained expensive and often required the cooperation of foreign governments and the American armed forces Initially reporters from a neutral America documented the early victories by Nazi Germany and the Soviet invasion of Finland Not all journalists strove for objectivity During her time reporting from Ireland Helen Kirkpatrick remained a fierce critic of that country's neutrality Once the United States joined the fight after the Japanese attack on Pearl Harbor American journalists supported the struggle against the Axis powers but this volume will show that reporters even when members of the army sponsored newspaper Stars and Stripes were not mere ciphers of the official line African American reporters Roi Ottley and Ollie Stewart worked to bolster the morale of Black GIs and undermined the institutional racism endemic to the American war effort Women front line reporters are given their due in this volume examining the struggles to overcome gender bias by describing triumphs of Th r se Mabel Bonney Iris Carpenter Lee Carson and Anne Stringer The line between public relations and journalism could be a fine one as reflected by the U S Marine Corps creating its own network of Marine correspondents who reported on the Pacific island campaigns and had their work published by American media outlets Despite the pressures of censorship the best American reporters strove for accuracy in reporting the facts even when dependent on official communiqu s issued by the military Many wartime reporters even when covering major turning points sought to embrace a reporting style that recorded the experiences of average soldiers Often associated with Ernie Pyle and Bill Mauldin the embrace of the human interest story served as one of the enduring legacies of the conflict Despite the importance of American war reporting in shaping perceptions of the war on the home front as well as shaping the historical narrative of the conflict this work underscores how there is more to learn Readers will gain from this work a new appreciation of the contribution of American journalists in writing the first version of history of the global struggle against Nazi Germany imperial Japan and fascist Italy

The Fight for the Four Freedoms Harvey J. Kaye, 2014 On January 6 1941 the Greatest Generation gave voice to its founding principles the Four Freedoms Freedom from want and from fear Freedom of speech and religion In the name of the Four Freedoms they fought the Great Depression In the name of the Four Freedoms they defeated the Axis powers In the process they made the United States the richest and most powerful country on Earth And despite a powerful reactionary opposition the men and women of the Greatest Generation made America freer more equal and more democratic than ever before Now when all they fought for is under siege we need to remember their full achievement and so armed take up again the fight for the Four Freedoms

[The Columbia Guide to African American History Since 1939](#) Robert L Harris Jr., Rosalyn Terborg-Penn, 2006-06-27 This book is a multifaceted approach to understanding the central developments in African American history since 1939 It combines a historical overview of key

personalities and movements with essays by leading scholars on specific facets of the African American experience a chronology of events and a guide to further study Marian Anderson's famous 1939 concert in front of the Lincoln Memorial was a watershed moment in the struggle for racial justice Beginning with this event the editors chart the historical efforts of African Americans to address racism and inequality They explore the rise of the Civil Rights and Black Power movements and the national and international contexts that shaped their ideologies and methods consider how changes in immigration patterns have complicated the conventional black white dichotomy in U S society discuss the often uneasy coexistence between a growing African American middle class and a persistent and sizable underclass and address the complexity of the contemporary African American experience Contributors consider specific issues in African American life including the effects of the postindustrial economy and the influence of music military service sports literature culture business and the politics of self designation e g Colored vs Negro Black vs African American While emphasizing political and social developments this volume also illuminates important economic military and cultural themes An invaluable resource The Columbia Guide to African American History Since 1939 provides a thorough understanding of a crucial historical period

The New South, 1945-1980 Numan V. Bartley, 1995 First published in 1955 to wide acclaim T. Harry Williams P. G. T. Beauregard is universally regarded as the first authoritative portrait of the Confederacy's always dramatic often perplexing general Chicago Tribune Chivalric arrogant and of exotic Creole Louisiana origin Beauregard participated in every phase of the Civil War from its beginning to its end He rigidly adhered to principles of war derived from his studies of Jomini and Napoleon and yet many of his battle plans were rejected by his superiors who regarded him as excitable unreliable and contentious After the war Beauregard was almost the only prominent Confederate general who adapted successfully to the New South running railroads and later supervising the notorious Louisiana Lottery This paradox of a man who fought gallantly to defend the Old South and then helped industrialize it is the fascinating subject of Williams' superb biography

Courage Has No Color, The True Story of the Triple Nickles Tanya Lee Stone, 2013-01-22 They became America's first black paratroopers Why was their story never told Sibert Medalist Tanya Lee Stone reveals the history of the Triple Nickles during World War II World War II is raging and thousands of American soldiers are fighting overseas against the injustices brought on by Hitler Back on the home front the injustice of discrimination against African Americans plays out as much on Main Street as in the military Enlisted black men are segregated from white soldiers and regularly relegated to service duties At Fort Benning Georgia First Sergeant Walter Morris's men serve as guards at The Parachute School while the white soldiers prepare to be paratroopers Morris knows that for his men to be treated like soldiers they have to train and act like them but would the military elite and politicians recognize the potential of these men as well as their passion for serving their country Tanya Lee Stone examines the role of African Americans in the military through the history of the Triple Nickles America's first black paratroopers who fought in a little known attack on the American West by the Japanese The

555th Parachute Infantry Battalion in the words of Morris proved that the color of a man had nothing to do with his ability From Courage Has No Color What did it take to be a paratrooper in World War II Specialized training extreme physical fitness courage and until the 555th Parachute Infantry Battalion the Triple Nickles was formed white skin It is 1943 Americans are overseas fighting World War II to help keep the world safe from Adolf Hitler s tyranny safe from injustice safe from discrimination Yet right here at home people with white skin have rights that people with black skin do not What is courage What is strength Perhaps it is being ready to fight for your nation even when your nation isn t ready to fight for you Front matter includes a foreword by Ashley Bryan Back matter includes an author s note an appendix a time line source notes and a bibliography

Imagining Black America Michael Wayne, 2014-02-28 DIVScientific research has now established that race should be understood as a social construct not a true biological division of humanity In *Imagining Black America* Michael Wayne explores the construction and reconstruction of black America from the arrival of the first Africans in Jamestown in 1619 to Barack Obama s reelection Races have to be imagined into existence and constantly reimagined as circumstances change Wayne argues and as a consequence the boundaries of black America have historically been contested terrain He discusses the emergence in the nineteenth century and the erosion during the past two decades of the notorious one drop rule He shows how significant periods of social transformation emancipation the Great Migration the rise of the urban ghetto and the Civil Rights Movement raised major questions for black Americans about the defining characteristics of their racial community And he explores how factors such as class age and gender have influenced perceptions of what it means to be black Wayne also considers how slavery and its legacy have defined freedom in the United States Black Americans he argues because of their deep commitment to the promise of freedom and the ideals articulated by the Founding Fathers became and remain quintessential Americans the incarnation of America in the words of the civil rights leader A Philip Randolph div

Generations of Youth Joe Alan Austin, Michael Nevin Willard, Michael Willard, 1998-06 Contains twenty six chronologically arranged essays in which social historians and American cultural studies scholars examine American youth and youth cultures over the course of the twentieth century

Beaten Down David Peterson del Mar, 2011-10-01 Selected by Choice as an Outstanding Academic Title for 2003 The word violence conjures up images of terrorism bombings and lynchings *Beaten Down* is concerned with more prosaic acts of physical force a husband slapping his wife a parent taking a birch branch to a child a pair of drunken friends squaring off to establish who was the better man David Peterson del Mar accounts for the social relations of power that lie behind this intimate form of violence this white noise that has always been with us humming quietly between more explosive acts of violence Broad in its chronological and cultural sweep *Beaten Down* examines interpersonal violence in Washington Oregon and British Columbia beginning with Native American cultures before colonization and continuing into the mid twentieth century It contrasts the disparate ways of practicing and punishing interpersonal violence on each side of the U S Canadian border Del Mar concludes that we cannot

comprehend the causes and moral consequences of a violent act without considering larger social relations of power whether between colonizers and original inhabitants between spouses between parents and children or between and among different ethnic groups The author has drawn on a vast array of vivid sources including newspaper accounts autobiographies novels oral histories historical and ethnographic publications and hundreds of detailed court cases to account for not only the relative frequency of different forms of violence but also the shifting definitions and perceptions of what constitutes violence This is a thoughtful and probing account of how and why people have hit each other and the manner in which opinion makers and ordinary citizens have censured defended or celebrated such acts Del Mar s conclusions have important implications for an understanding of violence and perceptions of violence in contemporary society

Organizing Black America: An Encyclopedia of African American Associations Nina Mjagkij,2003-12-16 With information on over 500 organizations their founders and membership this unique encyclopedia is an invaluable resource on the history of African American activism Entries on both historical and contemporary organizations include African Aid Society African Americans for Humanism Black Academy of Arts and Letters Black Women s Liberation Committee Minority Women in Science National Association of Black Geologists and Geophysicists National Dental Association National Medical Association Negro Railway Labor Executives Committee Pennsylvania Freedmen s Relief Association Women s Missionary Society African Methodist Episcopal Church and many more

Historical Dictionary of the Roosevelt-Truman Era Neil A. Wynn,2008-07-01 The 1930s were dominated by economic collapse stagnation and mass unemployment This crisis enabled the Democrats to recapture the White House and embark upon a period of reform unsurpassed until the 1960s Roosevelt s New Deal laid the foundations of a welfare system that was further consolidated during and after the Second World War American involvement in World War II helped to secure victory in Europe and in Asia American participation in the war led to economic recovery but also brought with it enormous demographic and social changes Some of these changes continued after the war had ended but further political reform was to be limited due to the impact of the Cold War and the effects of America s new role as the world s leading superpower in the atomic age The Historical Dictionary of the Roosevelt Truman Era examines significant individuals organizations and events in American political economic social and cultural history between 1933 and 1953 This was a period of enormous significance in the United States due to the impact of the Great Depression World War II and the onset of the Cold War The presidencies of Franklin D Roosevelt and Harry S Truman witnessed the origins of the modern American welfare system and the rise of the United States as a world power as well as its involvement in the confrontation with communism that dominated the latter half of the 20th century

The A to Z of the Roosevelt-Truman Era Neil A. Wynn,2009-09-28 The 1930s were dominated by economic collapse stagnation and mass unemployment This crisis enabled the Democrats to recapture the White House and embark upon a period of reform unsurpassed until the 1960s Roosevelt s New Deal laid the foundations of a welfare system that was further consolidated during and after the Second

World War American involvement in World War II helped to secure victory in Europe and in Asia American participation in the war led to economic recovery but also brought with it enormous demographic and social changes Some of these changes continued after the war had ended but further political reform was to be limited due to the impact of the Cold War and the effects of America s new role as the world s leading superpower in the atomic age The A to Z of the Roosevelt Truman Era examines significant individuals organizations and events in American political economic social and cultural history between 1933 and 1953 This was a period of enormous significance in the United States due to the impact of the Great Depression World War II and the onset of the Cold War The presidencies of Franklin D Roosevelt and Harry S Truman witnessed the origins of the modern American welfare system and the rise of the United States as a world power as well as its involvement in the confrontation with communism that dominated the latter half of the 20th century *Ensuring Inequality* Donna L. Franklin, Angela D. James, 2015 Conservatives and liberals alike will find things in Ensuring Inequality with which to agree and disagree Franklin brings a provocative new perspective to America s pressing debates about poverty fatherlessness and how to really reform welfare Theda Skocpol Harvard University Offering an in depth account of the history and development of the African American family Franklin debunks the many myths that surround race in America
