Richard Wright's Native Son, 2007-01-01 Coinciding with the preparations for the celebration in 2008 of Richard Wright's 100th birthday this new

collection of critical essays on *Native Son* attests to the importance and endurance of Wright's controversial work. The eleven essays collected in this volume engage the objective of Rodopi's Dialogue Series by creating multidirectional conversations in which senior and younger scholars interact with each other and with previous scholars who have weighed in on the novel's import. Speaking from distant corners of the world, the contributors to this book reflect an international interest in Wright's unique combination of literary strategies and social aims. The wide range of approaches to *Native Son* is presented in five thematic sections. The first three sections cover aspects such as the historical reception of Wright's novel, the inscription of sex and gender both in *Native Son* and in other African American texts, and the influence of Africa and of vortical symbolism on Wright's aesthetics. Following is the study of the novel from the point of view of its adoption and transformation of various literary genres: the African American jeremiad, the protest novel, the crime novel, and courtroom drama, the Bildungsroman, and the Biblical modes of narration. The closing section analyzes the novel's lasting influence through its adaptation to other artistic fields such as the cinema and song in the form of hip hop. The present volume may therefore be of interest for students who are not very familiar with Wright's classic text as well as for scholars and Richard Wright specialists.

James Baldwin A. Scott Henderson, Paul Lee Thomas, 2014-05-05 The recognition and study of African American AA artists and public intellectuals often include Martin Luther King Jr and occasionally Booker T Washington, W. E. B. DuBois, and Malcolm X. The literary canon also adds Ralph Ellison, Richard Wright, Langston Hughes, and others such as female writers Zora Neale Hurston, Maya Angelou, and Alice Walker. Yet the acknowledgement of AA artists and public intellectuals tends to skew the voices and works of those included toward normalized portrayals that fit well within foundational aspects of the American myths reflected in and perpetuated by traditional schooling. Further, while many AA artists and public intellectuals are distorted by mainstream media public and political characterizations and the curriculum, several powerful AA voices are simply omitted, ignored, including James Baldwin. This edited volume gathers a collection of essays from a wide range of perspectives that confront Baldwin's impressive and challenging canon as well as his role as a public intellectual. Contributors also explore Baldwin as a confrontational voice during his life and as an enduring call for justice.

We Wear the Mask Rafia Zafar, 1997 Zafar demonstrates that in doing so, these forerunners of modern black American writers both adapted to and reacted against a milieu of social resistance and cultural antipathy. By the end of Reconstruction, this first century of black writers had paved the way for a distinctive African American literature.

To Reach the Nation's Ear Richard W. Leeman, 2022-11-15 Throughout much of American history, African Americans have been denied easy access to most of the traditional modes of effective reform, such as newspapers, legislative assemblies, unions, and political parties. Public speaking has thus been one of the most critically important means by which leaders and individuals have reached an audience, enacted or prevented change, and created community. Dating from the earliest days of American history, the African American community has produced many notable and eloquent speakers and has demonstrated a vibrant oral tradition. The

volume will follow a chronological organization tracing the history of African American public speaking from colonial times to the present
