Mafia Murders M. A. Frasca, 2015-11-25 Revenge killings, gangland shootouts, brutal executions, and drownings: there was no escape from the Mob's hitmen. Featuring historical photographs, *Mafia Murders* details the bloody ends of these infamous gangsters. Since the late 19th century, the Mafia has used intimidation and worse to exert its control over organized crime. *Mafia Murders* recalls the 100 most important executions by the Mob. In a world where family turf wars and crime were big business, the relentless murders of rival bosses, stool pigeons, snitches, good cops, and dirty cops became part of everyday life. Discover the stories of the hit men who lived and died by the gun in this fascinating tale of the American underworld.

A Tale of Two Murders James R. Farr, 2005-09-28 A compelling account of a 17th-century murder mystery and a well-researched scholarly work that explores the dynamics of power, justice, and law in Louis XIII's France.

The Radical Right and the Murder of John F. Kennedy Harrison E. Livingstone, 2004 The Radical Right and the Murder of John F. Kennedy: Stunning Evidence in the Assassination of the President. Harrison E. Livingstone's major new book, the fifth of his works on the death of JFK, brings together for the first time all of the central evidence demonstrating a domestic Right Wing conspiracy rooted in Texas, which assassinated the President on November 22, 1963. The book represents forty years of work. The book discusses in great detail the actual medical evidence and the forgery of the autopsy photographs and X-rays, which Mr. Livingstone first exposed; the alteration of the autopsy report; the framing of the designated patsy, Lee Harvey Oswald; and the substitution and fabrication of every single piece of evidence. It discusses the role played in the murder by some of the most powerful men in the country: Lyndon Johnson, J. Edgar Hoover, and Richard Nixon, as well as the rich oil men and companies who backed them. It then describes the cover-ups by the media, the major investigations over the years, the FBI, and the mind control cooperation at work in the case to misdirect researchers and the public. The book describes in great detail the people and companies in Texas who planned and carried out the assassination. It names names. One recent investigation in the 90s followed Mr. Livingstone's preceding work and reinvestigated with the witnesses both he and the official investigations had talked to, but this time took into consideration their documentation and what they had actually said, and in a chapter, this is his stunning new evidence from the U.S. government under President Clinton that is blowing the lid off the case. Mr. Livingstone first revealed to the Washington press corps in 1998 that there has been such a secret investigation and spoke for fifty minutes when the Assassination Records Review Board gave their final press conference. As a result, Mr. Livingstone was on all major TV networks and on the Today show, NBC, with Katie Couric the next morning. The book also contains the story of Dallas doctor Charles Crenshaw's law suit and the depositions of the editor and writer of the Journal of the American Medical Association who libeled him in articles in 1992. Dr. Crenshaw's book about trying to save Kennedy at

Parkland Hospital shortly after the shooting came out on the same day as Mr Livingstone s major work on the medical evidence High Treason 2 were JAMA s targets and the depositions contain much discussion of Mr Livingstone s major impact on the JFK case This new book is to be followed closely by a sixth book entirely about the Zapruder film called The Hoax of the Century Decoding the Forgery of the Zapruder Film *Homicide* Bal K. Jerath,Rajinder Jerath,2020-08-26 Homicide represents the result of an exhaustive search of the world literature regarding homicide More than 7 000 entries have been compiled from references selected from major indexes in libraries from outstanding universities government agencies and military posts science libraries law libraries and the Library of Congress Each entry features a one or two word annotation that indicates whether it is an article or a book and all entries conform to the American Psychological Association stylebook guidelines Key word and author indexes provide quick access to works pertaining to particular subjects or by a certain author *Tales the Firelight Tells Me* Adam Dumphy,2009-06-30 One of the nicest things about living thirty odd ox cart miles from the nearest town and that town only a few adobes and a cattle loading chute astride the railroad is the quiet that allows me to hear the tales the firelight tells And being located in North Central Sonora Mexico the peculiar stillness and peace of the high desert adds to the lack of clamor and makes it possible to hear things otherwise inaudible if you will but listen They are best heard when after a blue norther has burst out of Canada and plastered with snow the eastern slopes of the Rockies from Montana to New Mexico and then petered out over my valley into a soft steady snow fall that insulates the cabin and the world like a blanket Then it is that the crackling and popping of the pinion logs becomes a language so readily understandable that it can be jotted down Footsteps of the Ancient Ones Son of Sundance John Ringo Murder or Suicide a Loch Ness Monster of the Sand Hills Maximilian II Emperor of the Desert Mary Todd Lincoln s trips through Rebel Lines Sippenhaft and the Silent Seat mate the JFK Assassination What happened to the bullets and others make up this presentation Loose Cannon Don Pendleton,2009-06-01 A jungle ambush leaves several Indonesian security forces dead setting off a political firestorm in the volatile region When a disgraced former U S ambassador emerges as the mastermind behind the attack Mack Bolan is called in to find the man before the country descends into civil war A fugitive informant is Bolan s only lead and as more bodies turn up along the way he soon realizes the ambush was only the beginning of a deadly scheme After spending years in prison the rogue envoy is determined to exact revenge against the Indonesian government and take what he believes he deserves But vengeance comes with a price and the Executioner is ready to make him pay

Forgotten Ben Bradlee,2018-10-02 The people of Luzerne County Pennsylvania voted Democratic for decades until Donald Trump flipped it in 2016 What happened Named one of the juiciest political books to come in 2018 by Entertainment Weekly In The Forgotten Ben Bradlee Jr reports on how voters in Luzerne County a pivotal county in a crucial swing state came to feel like strangers in their own land marginalized by flat or falling wages rapid demographic change and a liberal culture that mocks their faith and patriotism Fundamentally rural and struggling with changing demographics and limited opportunity Luzerne County can be seen as a microcosm of the nation In The Forgotten Trump voters speak for themselves explaining how they felt others were cutting in line and that the federal government was taking too much money from the employed and giving it to the idle The loss of breadwinner status and more importantly the loss of dignity primed them for a candidate like Donald Trump The political facts of a divided America are stark but the stories of the men women and families in The Forgotten offer a kaleidoscopic and fascinating portrait of the complex on the ground political reality of America today
